ARCONOMIC CONTRACTOR

Amateur Congressmen.

THEY KNOW NOT THE WAYS Then Those Familiar with the

Touch of Landlords and Feederles.

'Going to congress' sounds awfully big in the provinces, and the salary is still called princely there without any rising inflection of mirth. Country politicians. who have lived with ease on less than half the amount given them by a fondgovernment to sign M. C. after their names and attend to a whole lot of other important legislative matetrs, think they can put up at the bost hotels and take life easy" when they get to Washington. But this same town with the open-faced avenues and splendid public buildings, which seem to extend so gracious a welcome to the man who has won, is popularly admitted to be the most expensive for its a silk hat appear indispensable. He writes larger numbers than for many sessions, a necessary part of his congressional digusurp the desks and committees of experithey will discover that they can get what-

ever they desire-if they pay for it. servility and repetition of a congressman's occupying. Maybe there is a young daughtitle. He has hotels recommended as the best until he nearly has a brainstorm trying to reason out which really is the best; he tries a different restaurant every day or house at whatever the agent thinks he tions and puts in a democratic majority. on the strength of advertisements offered can get. Then the "season" is off with a in person, and every haberdasher and shoe- bang. maker and cab driver in town who hears name to the doorkeepers likes it,

late. After breakfast-the mere time for Washington wagon." for a look around.

Expansion of the Chest. There is a certain pompous strut and proprietary air that none but men who adorn. have served in other conspicuous public worth while, so why not here in Washingof a meat in the house of representatives

that bothers him. And this rural M. C. is divided into two classes—the one who brings his wife with him and the one who doesn't. Usually the

HANDS OUT FOR NEW MEMBER is, and hubby establishes himself in a and is almost ashamed of not being al-house near the capital, where the land-ready in "the upper house"—and the lives of new members love to sit in the lady promi Cordial Welcome in Washington for and he sends his address to the house; and there he is.

But gradually he finds time draggingeven in washington. Somehow the various often assist the speaker on fine points of committees have not signified that alliaw before his term ends. acrity in asking him to join, that is his Pay the Price More Readily perogative, considering how he always stood at least, he can have the company of other new possessors of deaks, so long under one ownership that the owner's themselves had begun to think the country couldn't run unless they ran it-or remains at his coarding house and grows cynical over the fickleness of Columbia. Gradually he begins to learn of "days at home" for the wives of members. He thinks it might be improper for him to go when his wife is not there, but loneliness overcomes conservatism and he goes, has a fairly enjoyable afternoon, goes again and gets into

His clothes are not just what the other size within these United States. Unless the to mother that he had thought his wardraw recruits, who will next March, in robe complete, but there accessories are nity. Somehow the money does not save enced veterans in the art of running the Reelf here as it does on the farm. He alnation, are provided with surplus funds most wishes his wife had come along Very many of him, on going home for Christmas, return with the family. They Included in the price is the most abject on not like the cramped rooms he has been ter and she has higher ideals. Everything desirable is taken by this time, and the only expedient is to rent a furnished flat

There is a country member in class two of his arrival sends him a reminder lest who comes surrounded by all his large he forget. And the representative who is and penates. He has never been prominent still so new that he can't help being con- in pink tea circles, but he knows his duty scious of the galleries and has to tell his and he is going to do it. Often he has never been in Washington. This coming He has ways all his own, this new mem- season will see many of him in town. Alber, very tolerantly amusing to the old ready some have arrived, and to them, inhabitant who has stayed right here and coming to congress is a picnic. Of course, seen so many "take the course," as witty they are going to save money. It will be Senator Rayner once described it. Im- useful later on, even if campaign funds pressed by the magnificent distances of ere going out of style. They go to a good Washington, the new member invariably hotel for the first week and everything is seeks quarters as near the capitol as pos- roseate. They ride on what a wit has been sible. He wants to be on the job early and unkind enough to term "the sight-seeing They travel laboriwhich would determine for the close ob- ously through all the museums and libraserver how long the partaker had been in ries and office buildings. They go to Mt. congress he often strolla over the house Vernon. They get the custodian of the house to permit members of the family to go on the floor before the session starts

After that first week they find a boardpositions previously ever seem able to ing hotel, a rooming house and "eat out," dodge. He has won and he is glad, and or an apartment-always as near to the ter in Washington has become a profescapitol as the law allows. Even men sloval habit, and the only inducement that Annie Fromkin, New Haven, Conn. In his native town he goes with everybody whose business is miles away from their would make him try a tour on the monster This for the country member, no their first congressional term, evince this home. His wife has learned to select a matter from which point he started. That rabid desire to be under shadow of the day that does not conflict with the judiciary anybody should look down on an occupant wings. Talking things over with more or the cabinet, and he can say "there's sassoned legislators brings the knowledge is beyond comprehension. So he does not that they should have gone further out letting a trace of earlier awa creep into bother to ascertain whether or not the lo- or established themselves in this or that his voice. And, in passing, the longer the callty he is settling in is fashionable. That boarding house as being more fashionable, it hear the patent of respectability is all every member having his own preference and seldom living in it.

Not So Lonesome. The new member will not feel so lonely merely to pichian sons of the soil. latter has come as a temporary bachelor, this session, for there will be such a reand looks after the farm or whatever it ernor and hopes to be a senator some day tion from women who are in the stratum

the office has sought, who believes im- goats in the public seats.

The former takes his place without undue noise among the residential elect and with the town council of his state. He proceeds to live just as he always has, can't be forever revising the speech he is whether in New York or Timbuctoo. And rating means charge accounts at any of going to make some day. Having no friends, he departs, if his voters happen to prove ber is sadly often marred in the making. He and his family acquire a love for luxury and the society of folk who receive them because they are in the congressional circles, for which there is no sustenance when they get back home to the lesser salary and villagers—that is, sometimes. Stories are told of representatives who black their own boots and save half their

> On the day of the first public reception early in line. To see the president is an But it is doubtful if anybody can second-term representative among thinks it a religious duty to come out The next congress, which uproots tradisnowstorm with reminders and requests and orable. mand on his time.

ment which has merely tried to live well.

them, card in hand. everybody, but is sneered at by nobody, Washington Star. for the member is blandly unconscious of his rawness.

cenate restaurant and to frank letters at business. the postoffice, while people look on, and to be alluded to in tones audible all ove man from So and So." He has maybe had a hard fight and he has won and he is and sit in the chair father is going to the best and wisest measures emanate from his sort. It is only that he acts so differently later on.

Take a representative to whom the winplace of residence will, at the start of automobiles would be a delegation from the great What-Do-You-Call-Him" without M. C. stays in office the farther he lives from the capitol. Without exception the newcomers who have not been of the old regime at home start on Capitol Hill and

Very many women looked upon as because it will be more economical to save markable number of his sort, but they in their native towns or villages or cities money that way. He isn't going to throw won't necessarily affiliate. Nothing could come to Washington and learn that they his salary away like some foolish men who possibly be more different than the suave, can trail their handsome gowns over hotrent to the legislature and came home pollshed, cosmopolitan sort of just-elected tel carpets until they—the gowns—become went to the legislature and came home polished, cosmopolitan sort of just-elected tel carpets until they—the gowns—become books. No. sirree! So wife stays at home representative—who has maybe been a gov-threadbare and not attract any attentance. Andrew Schmidt, S. Fortieth and Popple

plicitly that he has been "called" and will inines in the households of some of the reduce the tariff, put down the trusts and old members don't do this also, but the oftenest.

Gracious Greeting to All. Yet Washington offers a very gracious greeting to them all. A congressional the stores. Cooks just love to work for undependable, still suave. polished and congressmen, and while other people have cosmopolitan. But the more pieblan mem- pitched battles with arrogant junitors in an effort to overcome the juvenile objection, the children of congressmen are always assured of a home in Washington

The man from home who has yet to make his maiden speech and doesn't realize how much he can save on Christ-"perquisite" allowance in the stationary com becomes almost humpbacked during salaries, and even of a case where the these early winter days from responsi wife took other members to board and bility. He wants to get the name of seviald by a nice, tidy sum. But the average eral hundred constituents into the seed newcomer to the capitol does none of these division of the Department of Agriculture men seem to be wearing. A frock coat and things. He tries at first to economize; he before others gobble up the free supply often ends by spending more than the ele- He has to send back pamphlets on every conceivable subject and write that h has met the president.
