impressive figure of \$832.971,607-the billion dollar mark is not far in the future, in view of the long stride of a hundred millions made in the year just closed. Factory outputs total \$200,668,590, an inse of approximately nine millions. To the industries which have piled up this striking total the gain of nine millions means an increased prosperity, which

must, through the employed, extend far out among the ramifications of the city's activities. Growth of the territory tributary to Omaha is indicated in the increased sum of the year's totals for the jobbing trade. Nearly twenty million dollars' worth of goods was sold by the wholesalers here in 1910 above the sales of the year before. This expansion in trade means, perhaps,

Contest is Expected. (From a Staff Correspondent.) WASHINGTON, D. C. Dec. II.-(Special Telegram.)-There was another conference or a series of conferences over the South Dakota judgeship at the White House today. President Taft talked the subject over with the members of the South Dakota delegation. Representatives Burke and Martin took it up with him first. Then came Senator Gamble. He was followed later in the

day by Senator Crawford. The indications are that there is to be a contest over this judgeship, and it may he prolonged. While present signs favor the fortunes of James D. Elllott, former United States attorney, it is by no means certain that Mr. Elliott will land the nomination.
