IOWA BRIDEGROOM MISSING

Albert Thomas Disappears with Large Sum in Pocket. The police department was notified yesterday to assist in the search by friends for Albert Thomas of McClelland, Thomas was a young man 24 years old and recently married, purchased a few days ago a stock of general store goods located at this village. He paid only \$25 down and was to make a future payment and take possession of the store today.

On Thursday he left the town to go to Omaha to buy goods to replenish the stock, taking with him a list of \$1,600. Since then no tidings have been received from him and his friends are greatly worried. Investigations made by the police here yesterday led to the statement made by the conductor of the Great Western passenger train on which he rode that he left the train after its arrival in Council Bluffs, and a statement by H. J. Chambers, a local man who resides in the eastern part of the city and who was his seatmate during the ride from McClelland, that Thomas remained in the coach and went to Omaha.

Thomas is a man of small stature, about five feet one or two inches tall, weight about 140 pounds, smooth face, dark brown hair, blue eyes and wore a light gray suit with dark stiff hat and black shoes. Inquiries at the wholesale houses in Omaha show that he did visit them. The fact that he had such a large amount of money with him, which might have become known, leads to the fear that he might have been a victim of thugs.

Bishop Beecher Tells Tale with a Moral. After relating the story of a Japanese boy in New York City, as told him by Dr. J. S. Motoda, the Japanese minister, man of letters, and educator, who is visiting him, Bishop George A. Beecher drew from it a lesson for young men in an address at the Sunday afternoon men's meeting at the Young Men's Christian association.

Bishop Beecher, who had promised to address the meeting, brought with him and introduced Dr. Motoda, who holds, among other positions, that of head of St. Paul's college, Tokyo, Japan. Mr. Motoda told of the work being done in Japan by Christian missionaries and by the Young Men's Christian association. He said that in time Japan will become a Christian nation and predicted that before many years the Young Men's Christian association work in Japan would be maintained by Japanese Christians instead of by Americans, as now.

Bishop Beecher said that a Japanese boy who attended Mr. Motoda's school went to New York City to complete his education. There he met some unscrupulous Japanese who observed that the young man was provided with a liberal allowance from his father each month. In order to benefit his money they led him astray. Friends of the father reported the matter to him, but all efforts to reform the lad failed and the father and his friends lost track of him. When Dr. Motoda came to New York he searched for the young man and found him in a low dive in so much trouble that he could not extricate himself. He was saved and sent home.

"With our boasted civilization and Christianity," said the bishop, "this young man came here and was practically ruined. The bishop urged the practice of true Christianity and exhorted every man to do his utmost not simply to help himself, but to keep his fellowmen honest and clean and upright, especially when they are weak and liable to fall."
