

ENOUGH NAMES UPON PETITION

Des Moines Saloon Fight Now Contest to Strike Them Off.

CANVASS TAKEN UP BY BOARD

Orders Setting Aside Receiver of Albia and Centerville Filled Following Production of Big Bond—Cummins to Washington.

(From a Staff Correspondent.) DES MOINES, Ia., Jan. 3.—(Special Telegram.)—Canvass of the saloon content petition for this city and county commenced late this afternoon by the board of supervisors. Both sides are claiming victory. It is expected that the business men have secured enough names for giving consent, provided the names are not invalidated by withdrawals or otherwise. The canvass will take some time and able lawyers have been secured to contest every point as no fight of this kind has never before been so closely contested.

Decisions on Mine Bosses. Attorney General Byers has rendered a decision in regard to the qualifications of persons to be mine bosses and foremen, holding with the state mine examining board that all persons who are authorized to employ and discharge men at mines must be examined. This will greatly increase the number of persons who must have certificates as mine foremen.

Case Goes to Master. Orders setting aside the appointment of W. G. Hurd, receiver for the Albia & Centerville Railway company, on petition of the Iowa Central, signed by Judge McPherson, were taken in the district court this afternoon by Judge McPherson following the filing of a \$50,000 bond. The case will now go to master in chancery for investigation.

Cummins Goes East. Senator Cummins started for Washington again this evening and before going gave out an interview in which he reiterated his former statements in regard to his refusal to take part in a personal way in the contest for senator, but he favors the election of a senator in accordance with his own views on national questions.

Democratic Open Headquarters. The democratic state committee opened an office here today for a permanent headquarters and in expectation that campaign work will be conducted right through the year. I. T. Jones of this city has been selected to have charge of the organization work. The plan is to start the campaign of 1912 at this time and to begin gathering strength for the fight. It is stated that sufficient funds have been secured to maintain the headquarters and keep the work going until the opening of the presidential campaign in the regular way.

Change in State Officers. A number of state officials of Iowa retired today from office and will be succeeded tomorrow by new ones, but the changes are of no great political importance. Attorney General Byers retires in favor of George Conroy, who is already in the office. State Superintendent John F. Riggs retires and is succeeded by A. M. Derow of Hancock county. Colonel H. L. Bouquet retires as clerk of the supreme court and B. W. Garrett becomes clerk. William Nelson is succeeded by Clifford Thorne as railroad commissioner. All others remain elected.

Health Officers to Meet. A convention of the health officers of the state has been called to meet here January 8, including the members of the State Board of Health and representatives of all the local boards. It is proposed among other things to prepare legislation for several state sanitary inspectors to be under the control of the state board. Matters relating to the various contagious and infectious diseases of the state are to be considered.

No New Candidates. No new candidates for senator have appeared this week as yet, but it is regarded as possible there will be others. It is regarded as possible that Senator A. Smith may permit the use of his name. Some time ago ex-Congressman George M. Curtis of Clinton secured names here and he is merely in a receptive attitude and willing to be considered in case of a deadlock or when it is desired to name one who will not make the campaign for the long term. Owing to the cold weather none of the legislators arrived today, but a number are expected soon.

Slight Delays in Supreme Court. Upon the docket of the supreme court of Iowa for the January term, issued today, there are only eight applications for rehearing cases, whereas at the last term there were over fifty such applications. The court will meet again on January 10. The biennial report of the state executive council was distributed today. It is a volume in which is set forth in detail all the expenses of the state government.

The estate valued at \$200,000 goes to his widow and daughter and the latter's children, with the exception of \$10,000 given to other relatives.

MARSHALLTOWN—A clinic will be the one unusual feature of the annual meeting of the Iowa Veterinary association, which is to be held here Wednesday and Thursday of this week. Free clinics will be held at a local veterinary hospital during all of both mornings while the convention is in session. Veterinarians from various parts of the state will perform operations on horses and animals that have peculiar disorders calling for an operation have been secured for those free clinics.

Bonilla Proclaims Himself President of Honduras at Once

Devila Instructs Minister at Washington to Conciliate American Interests.

NEW ORLEANS, La., Jan. 3.—Re-entering the country over which formerly he ruled and from which he was practically banished, after being deposed three years ago, Manuel Bonilla today proclaimed himself "constitutional president of the republic of Honduras."

News of the landing of the Bonilla revolutionary forces on the Atlantic coast of Honduras near Puerto Cortes and of the issuance of the former president's proclamation was received tonight by a member of the Bonilla junta here from Puerto Barrios.

A combined land and naval attack upon Puerto Cortes is expected. It is said to be the plan of Bonilla to shell the town with the gunboat Hornet. If the commandant refuses to surrender or to capture or sink the Honduras gunboat, Tatumbia, anchored near the docks, an advance guard of cavalry is to cut the railroad line opposite Omaha and a line of infantry with one company of artillery is to march against Puerto Cortes.

That President Devila of Honduras has instructed his minister at Washington to endeavor to conciliate the State department and the American financial interests generally believed to be behind the Bonilla revolution is the statement made here tonight by a man closely identified with Central American affairs.

It was said Devila had called to his minister to make terms with the State department, place with American capitalists the proposed \$10,000,000 bond issue and anything else the department or New York interests might dictate.

JURY IN WANDERHOLM CASE

Verdict Over Death of Former Omaha Man—Racial Will Be Here.

PLATTSMOUTH, Neb., Jan. 3.—(Special.)—The coroner's jury returned a verdict today that Oscar G. Wanderholm came to his death by being struck by a Burlington engine on an eastbound track.

Mr. Wanderholm came to Plattsmouth from Omaha about one year ago and was the engineer of the water plant, running the engine and pump at its station. He was a faithful employee and was on his way to the pumping station when run down by the engine. He had often cautioned his wife about going to the station, telling her that the eastbound track at the hour he went to his work was always safe. But the orders for moving the westbound train on Sunday morning had been changed on account of two freights being on the westbound track at that time. Mr. Wanderholm's funeral will take place in Omaha Tuesday afternoon.

The deceased is survived by his widow and one daughter about 12 years of age; also his mother, Mrs. Christian Wanderholm, of Shambaugh, Ia., and two brothers, Hiram of Yorktown, Ia., and Charles Wanderholm of Camden, Wash.

The Neal Cure Assures Successful Fulfillment of New Year's Resolutions to Break Drink Habit.

But very often these plans fail through for the lack of proper preparation and foresight. This is especially true of men who attempt to break themselves of the drink habit—they fail because they really do not realize the enormity of the task until they are fully engaged in the heat of battle with the drink demon, who in 90% of the cases usually wins the fight and the man with the good resolutions eventually decides that "the road to hell is paved with good resolutions, broken."

The logical way to cure the drink habit is to commence the fight against liquor by properly preparing the system to sustain itself without the aid of the customary poison, to eliminate the desire entirely by removing the condition that demands drink.

The Neal Three-Day Cure has permanently cured hundreds, regardless of how much or how long a man may have drunk. The medicine used is a vegetable alternative tonic, which is a true antidote to alcohol. Free from narcotic drugs and other objectionable features, so that there are no dangers of any kind to the patient taking the Neal Cure. Drug addicts also treated.

The Omaha Neal Institute is located at 1502 South Tenth street. Patients are received at all hours. The genuine Neal Cure is also administered at 1505 West "Charlie" street, Grand Island, Neb. For full information address Neal Institute Co., O. B., 1502 South Tenth street.
