## FUNDS ALLOWED BY THE CHARTER

Estimate of the Levy for 1911 As Made by Finance Committee's Recommendation at a Special Session of the Council.

Final action in the apportionment of the general fund for the operation of Omaha's municipal machinery was taken at a council session held Friday morning. Funds were taken up separately for consideration. Only minor changes were made in the apportionment as recommended by the finance committee. Funkhouser, Berka and Sheldon. No reductions of importance were made and few increases were allowed. But little discussion marked the session.

Fifteen hundred dollars was added to the funds allowed the department of the city engineer, George Craig, engineer, was present to urge the necessity of raising the amount which the finance committee proposed to give. He pointed out that the development of the city made necessary increased expenditures.
