MAN WITH SKULL CRUSHED TRIES TO CRAWL HOME

Evidently Hit by a Passing Train—Family is in Desperate Circumstances.

With his skull crushed, evidently by a passing Burlington train, Martin Hasch made a heroic effort to drag himself to his home, 303 Castellar street, during the night, his trail being marked by pools of blood at points where he stopped.

Hasch was apparently hit about midnight and his skull was crushed. From that time until he was found about 6 o'clock Friday morning, Hasch had crawled about 100 yards toward his home. He was found by John Wheeler, a watchman for the wooden box company. Hasch had been looking for work for several days.

He was taken to St. Joseph's hospital where it was announced there was practically no hope for his recovery. He has a wife and six small children, who are said to be in desperate circumstances.

Omaha Delegation Stands Well With the Other Members

Senator Horton Says that He Expects to See the Dunn Home Rule Bill a Law.

Down at Lincoln all is lovely and the goose hangs in usual attitude. Thus declares Senator Richard Horton, home for the week-end. Mr. Horton further declares that tall poles are being used to get the goose down to grabbing distance and the goose feathers will be cut up Tuesday.

According to the program Mr. Horton will then be handed the chairmanship of the committee on municipal affairs. "Good feeling exists between Omaha assemblymen and other senators and representatives," said Senator Horton, "and I firmly believe that Omaha will fare well at this session. It is too far ahead to make specific prediction, but I can see no disposition to deny Omaha the right to home rule of the kind provided for in the Dunn bill."

Eats Hundred-Dollar William to Save It

Chews and Swallows Money in Order to "Keep the Police from Getting It."

Fred C. Throop, slightly demented, ate a \$100 bill when he heard the officers were coming to take him to the county hospital. He simply said, "Here is \$100 the police won't get."

Throop was picked up by the Omaha police some time ago and when searched at the station they found \$100 on him. He was later taken to the county jail and the sheriff in searching found \$90 more.

His wife called to see him and informed the sheriff that he had a \$100 bill about him somewhere. The sheriff decided to take him to the county hospital for treatment and when the jailer entered his cell for that purpose, Throop, in the sight of several prisoners, reached to the lining of his shoes, secured the \$100 bill and swallowed it.

ALDRICH LIKES READING LAW

Governor Writes to Ask that Law Be Introduced.

Does Away with Party Circle. Voter Must Make Mark Before Name of Each Candidate for Whom He Wishes to Vote—No Instruction to Voters.

Endorsement of the Massachusetts "reading ballot law," which John P. Brown of Omaha will ask the Nebraska legislature to enact, has been given by Governor Chester H. Aldrich in a letter to Albin Johnson, an Omaha attorney. The letter was received Friday. Governor Aldrich asks Mr. Johnson to tell Mr. Brown to complete his draft of the bill and make arrangements for its introduction as soon as possible. He says he is highly in favor of it.

If enacted the bill will abolish the party circle, necessitating the voters' making a cross for each candidate for whom he wishes to vote, regardless of whether or not he is voting a straight ticket. It will shift the voting squares from the right to the left of the candidates' names and will prohibit the giving of any instruction to voters. The "reading ballot" law gets its descriptive name from the fact that its makers designed it to disfranchise voters who cannot read or write.

ITALIANS HONOR THEIR QUEEN

Her Birthday on Sunday to Be Observed by the Local Colony in Fitting Fashion.

Local Italians will observe the day in fitting manner.

Club women of Nebraska are interested emphatically in health questions. One indication of this fact—and also an indication of the efficiency and directness of their interest—is the way in which they have handled the Red Cross seal stamps. Mrs. Albert Edholm, speaking of the splendid way in which Nebraska upheld the movement, commented upon the fact that wherever the stamps were handled by club women they were handled expeditiously and in a large number of these places the sales were 100 per cent of the stamps sent. As club women handled the stamps in fifty or sixty of the 100 or more agencies throughout the state, this statement is significant.

There has been, in fact, a notable growth of interest in the health question, as was shown in the reports at the recent meeting at Tecumseh. Nationally, likewise, the club women are manifesting active regard for the spread of health. Mrs. S. S. Crockett, chairman of the health department of the General Federation of Women's Clubs, whose headquarters are in Nashville, Tenn., has sent a New Year's message to every club in the general federation, enlisting interest in the campaign against tuberculosis. The letter asks the clubs to hold meetings during this month and consider how each may contribute toward the nation wide health campaign, as was recommended by the last general convention held in Cincinnati.

Mrs. J. H. McDaniels of Topeka, will speak at the meeting of the Tri-City Federation of the Women's Missionary societies of the Christian churches, which is to be held Monday afternoon at the Plymouth Congregational church, Twentieth and Spencer streets. Mrs. McDaniels is a speaker of national reputation and the meeting, therefore, will be of especial interest to all interested in mission work.

Frances Willard Woman's Christian Temperance union, will hold an all day meeting at the home of Mrs. Carrie Dawson Scott, 117 South Thirty-sixth street, Wednesday. This is the first meeting of the new year and it is important that as many members as possible be present.

The Women's society of the First Presbyterian church will meet Friday afternoon at 2:30 o'clock for the annual election of officers.

The messages of the retiring governor, and the address of the incoming governor of Nebraska will be reviewed at the meeting of the Current Topics department Tuesday afternoon. The Bank Guaranty law and the opening of the Postal Savings bank also will be discussed. The meetings, which will be held at 2 o'clock, will be led by Mrs. C. Vincent.

The Philosophy and Ethics department of the Omaha Woman's club will meet Tuesday afternoon at 4 o'clock. Mrs. Mary Newton is leader.

An advance in Esperanto will meet at the public library lecture room Monday evening, at 7:30 o'clock for organization. At the same time and in the same place a new evening class for beginners will be organized. These classes are open and free to all interested in the language.

The American Woman's league will meet Thursday evening at the Schmolzer & Mueller auditorium. A literary and musical program will be given.

Miss Genevieve Berry of St. Joseph will give the noon musical at the Young Women's Christian association Wednesday.

The music department of the Woman's club will meet Thursday at 2:15 o'clock.

Omaha University Club Considered. Michigan Men Discuss Plans at a Luncheon at the Commercial Club. The project of an Omaha university club was given a boost forward Saturday noon at a meeting at the Commercial club of the University of Michigan Alumni Association of the Missouri Valley. A committee on ways and means was named with Stanley Rosewater as its chairman. Mr. Rosewater has been to Kansas City and secured a copy of the constitution of the University club of that city. In a short time other alumni associations will be asked to send representatives to a joint meeting. Cornell, Nebraska and other institutions being prominent among these. University of Wisconsin alumni, of whom Omaha contains a considerable number, are talking of organizing a Wisconsin alumni association for Omaha and Nebraska, and a luncheon will probably be held soon by Badger graduates. At the Michigan luncheon an invitation was read from the New York association to attend a dinner which will be given in honor of Michigan's many men in the supreme court, the senate and house of representatives. Two of the latter will be guests of honor, these being Congressmen Hitchcock and Kinkaid. Frank Crawford will be another Nebraskan who will attend the dinner. ATLAS OF SURVEYS OF OMAHA. The Body is a Fat Factory. When a man or a woman grows fat and huge, flabby layers of this worthless flesh make them miserable, it is a certain sign that somewhere within the organism of that man or woman there is something radically wrong. The healthy man or woman digests all that is good in food and throws off in a natural manner all that is bad. This is what the digestive juices are made for. When these juices are weakened or too powerful they can not get the good things out of the nourishment we eat, and hence they turn into the blood that which makes fat. It is very simple to correct these things in a fat person. This secret has been demonstrated in the famous Marmola Tablets which now have such a tremendous sale. They reduce fat at the rate of from 12 to 15 ounces a day. They correct the faulty juices and give to the body the very nutrition it needs. They remove fat in a natural manner, but they do it so quickly as to be almost beyond belief. You do not have to diet or exercise and you may eat what you will. These little tablets are the result of a demand for you may write to the Marmola Company, 517 Farmer Bldg., Detroit, Mich., and a case will be sent you privately by mail. The price of Marmola Tablets is 75 cts., every where—Adv.
