

MEMPHIS STARTS SOMETHING

Omaha Officials Accept Challenges as Fast as They Come.

SCHOOLS ARE TO BE COMPARED

Superintendent Davidson Tells Memphis that Omaha Has Finest School System in Country and Courts Comparison.

Memphis (Tenn.) officials have started something.

The Omaha city officials want to know whether the southern moguls can finish it. It all began when Chief of Police David of Memphis challenged Chief Donahue to a friendly comparison of the two cities.

Mayor Dahman and Superintendent of Schools Davidson received similar challenges Monday. Mayor Dahman's challenge came from his honor, E. H. Crump.

The city of Memphis hereby challenges the city of Omaha to a public comparison of the advantages, industrially, commercially, socially and educationally.

Turning to his desk, Mayor Dahman dictated the following telegram:

Telegram received and accepted. Moreover, we will give you the privilege of naming all conditions.

That ought to hold these southerners for a time," said Mayor Dahman, as he made ready to receive the Lilliputian visitors.

Davidson Also Accepts.

The left hurler at Dr. Davidson was along the same lines as that received by Mayor Dahman and Chief Donahue.

My Dear Mr. Jones: The city of Omaha hereby accepts your challenge, acknowledges your greeting and congratulates the city of Memphis upon the splendid educational growth and improvement of the last year.

Omaha, as the proud metropolis of Nebraska, which has held the title undisputed as the state having the lowest percentage of illiteracy within its borders, can well lay claim to the fact that it is the most intelligent city in the American union today.

Knowing the members of your teaching staff as I do, I say each and all of them high tribute, and commendable upon the fact that they are imbued with what is known throughout the nation as the "Omaha spirit."

AMERICAN MONEY KEEPS THE PACE IN MEXICO

Investors Prevent Revolution and Destructive Outbreaks, Says Los Angeles Man.

"If it were not for the American investors in Mexico, there might be a war in that country," said Hugh D. Evans of Los Angeles, who registered at the Homestead hotel Monday.

He declared, though, that political jealousies and past injustices against the lower classes of Mexicans had caused many states attempts at revolution, and probably would have caused many violent disturbances, if it had not been for the Americans.

"American capital is flooding the Spanish-American nation," he said. "The northern capitalists have control of nearly all the great resources of Mexico, and therefore they exert a great power toward preserving the peace of the country."

FROM HOSPITAL BACK TO JAIL, CHARGE PENDING

Herman Smith Recovers from Wound Received from Own Gun in Opponent's Hand.

Charges of murder in the event of death of his victim await Herman Smith, who was taken back to the city jail this morning from St. Joseph's hospital.

Smith engaged in an altercation with John Martin, a negro, over a debt of \$4. He fired on Martin. The negro was shot through the breast, perhaps fatally, wrested away the gun and returned fire, wounding Smith.
