## THORPE BREAKS 'EM STRAIGHT

Comes from Ranch to Teach City Lads How to Shoot.

### TARGETS DOWN FOR LIVE BIRDS

Davis Best on the Day, with Forty-Nine, with Billy Townsend a Close Second—Thorpe Gets Ducks for His Ranch.

Great success attended the final turkey shoot of the season, given by the Omaha Gun club at its grounds Sunday afternoon. The shooting was very good in spite of the high wind blowing, and everyone went home satisfied, since each shooter was, by some clever shooting in the regular or the side events, able to capture one of the elusive prize fowls.

Davis was the high man of the day, totalling a score of 6 in the ten target events and capturing four birds, a turkey, a goose and two ducks. Billy Townsend was a close second with three birds, and Charley Thorpe, the famous jockey, managed to get three also. Flynn, although entered in only five events, got a duck and a goose.

In the wind up sweepstakes of the day, shot after dark, Charley Thorpe, the ranchman, got a perfect score of 15. Del Gross of Kansas City and George Carver of Lincoln, were the guests of the club at the shoot.

The turkey shoot held Sunday was the one postponed from New Year's on account of the cold weather on January 1. The Omaha Gun club shot the Benson and the Council Bluffs clubs have been added to its lists of members. It will have its grounds across the river improved and enlarged before the western handicap shoot is held there. A meeting will be held soon to decide the date of the shoot.

E. R. Anst, the dynamite expert of the Dupont Powder company, spent a part of Monday afternoon in showing the Omaha sportsmen how stumps were blown out of the ground, his work being done on the Omaha Gun club grounds.

Events	Targets	Each
Davis	7	9-10
Townsend	10	9-10
Flynn	10	9-10
Skinner	10	8-9
Thorpe	10	7-8
Whitney	10	7-8
Le Bron	7	6-7
Flynn	6	6-7
Chamberlain	6	6-7
Morrison	6	6-7
Ford	6	6-7
Overholser	6	6-7
Hoffman	6	6-7
Malony	6	6-7
Morrow	6	6-7

First Event—Skinner got the turkey and Whitney the goose.

Second Event—Flynn took the turkey, Skinner the goose, and Ford and Davis each a duck.

Third Event—Davis took the goose, Townsend, Chamberlain and Thorpe each a duck.

Fourth Event—Chambers took the turkey, Townsend a goose, Davis and Flynn each a duck.

Fifth Event—Davis won the turkey, Le Bron a goose, Ford and Thorpe each a duck.

Sixth Event—Thorpe got the turkey, Flynn a goose, Townsend and Frye each a duck.

## WEST TO BE REPRESENTED IN NATIONAL ASSOCIATION

Missouri Valley Conference to Be Given a Place on Executive Committee.

The Missouri Valley conference will have the right to elect a member of the executive committee of the National Athletic association next year as a result of the recent meeting of that association. The rule says that a conference of seven schools, four of them being members of the association, may elect a member of the committee, thus placing itself as a real power in the athletic politics of the country. The four schools belonging are Iowa, Kansas, Missouri and Army. The only other conferences in the country having this right are the Ohio state conference and the big eight; so that the west has a goodly representation in the national body.

Richardson Wisconsin Coach.

MADISON, Wis., Jan. 9.—John Richardson, former captain of the University of Wisconsin foot ball team, will probably be engaged to succeed Tom Barry as foot ball coach at Wisconsin next fall. Dr. Ehler has it understood that Richardson is now principal of the high school at Buxton, Mont. Tom Barry will coach the Buxton team next spring.

Relay Carnival Repeated.

Coch Griffith of Drake University announces that the relay athletic carnival held last spring at that college will be repeated this year and that most of the Missouri Valley schools would join the relay season in the event. He also announces that Drake will play Ames basket ball the first and second weeks in February, the dates being February 5 and 19.

## CATARRH

### A SYSTEMIC BLOOD DISEASE

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by PURIFYING the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

## Cross Currents Put Stop to Spectacular Aviation Flights

### Tame Exhibition of Air Navigation Given to One Hundred Thousand Persons.

SAN FRANCISCO, Jan. 9.—Owing to dangerous cross currents of wind that swept across the peninsula today, the aviators at Camp Serrano today were forced to give a tame exhibition to the crowd of close to 100,000 that had gathered to witness the flights. The sky was bright and the wind was low, but the aviators became cautious after trying out the treacherous currents.

The only spectacular event of the day was a sham battle between soldiers of the second battalion of the Thirtieth United States Infantry and Aviators Brooks and Parmalee in their Wright biplanes. From a height of 400 feet the aviators dropped mock bombs on the soldiers, while the soldiers defended themselves by shooting blank cartridges at the intruders. As there was no casualty list, it will take an official verdict to establish the victors.

Murlet Latham, who flew to the golden gate and back yesterday, could not get his Antoinette off the ground today. He started out bravely and managed to hurdle a ditch that brought the tail and right wing of his machine to the ground with a crash. Charles Hadley had similar difficulty with his Bleriot monoplane, although his machine was not damaged. Orv Meyer, manager, the local amateur, attempted to fly in a biplane of his own construction, but landed in a ditch and wrecked the machine.

The cruiser Pennsylvania came down from Mare Island today and dropped anchor in the south bay. The cruiser is equipped with a platform on which Eugene Ely will attempt to land in his Curtiss biplane. Ely will make his trial when the weather is favorable, possibly tomorrow.

## Managers Reach Weight Agreement on Coming Fight

### Moran and Wolgast Will Tip Scales at 185 Pounds at Coming Fight for Title.

CHICAGO, Jan. 9.—Charles Harvey, manager of Owen Moran, the British lightweight, and T. E. Jones, manager of Ad Wolgast, lightweight champion of the world, reached an agreement here today for a championship fight, the date of which will be settled within sixty days.

It was agreed that the boxers shall weigh 185 pounds upon entering the ring. Wolgast has resumed training at his home in Cadillac, Mich., in order to strengthen his left arm, which has been reduced an inch and a half in size since it was broken.

## No More Foot Ball at George Washington

### Four Success of Athletics Last Season Responsible for Order Barring Game.

WASHINGTON, Jan. 9.—George Washington university will not be represented on the gridiron hereafter, according to a notice received by Captain-elect Wayne Hart of the 1931 foot ball team, from the board of trustees of the university. The athletic council also has been abolished and it is believed the institution now will withdraw from all forms of intercollegiate sport.

Financial difficulties of the foot ball team, it is said, brought about the action of the board of trustees.

## INQUIRY WINS THE SAN MIGUEL

### Horse Shouldering Top Weight Takes Race at Juarez.

JUAREZ, Mex., Jan. 9.—Injury, with the top weight of 120 pounds, won the San Miguel handicap at a mile and a sixteenth at Terraza park today before a large crowd. Injury took the lead on the turn and won under a drive by half a length from Cheryola, who closed fast. Three favorites won. Summaries:

## Chase Buys a Motor Car.

"Pat" Chase has taken up motoring. He has purchased a new touring car in a manner becoming his position. He has purchased a "Ford" thirty. This is the same make of car that the Philadelphia base ball fans presented to "Connie" Mack, the manager of the world's champions, as a going-away present when they were sent to the big league. Chase is now looking for the name of "Ty" Cobb. "Larry" Lelone, the big league player, is the other big league player who is as fully acquainted with automobiles as base ball.

## Skating Carnival Sunday.

The Western Skating association is preparing for its big annual western championship at the skating rink at the University. President J. T. Keane has issued a call for the board of control and the racing committee to meet at the rink on Sunday, everything prepared. The Western association is the largest in the world and with the big list of prizes and the number of entries promised, the most successful meet ever held is expected.

## NEW OCEAN MAIL SUBSIDY BILL

### Gallinger Introduces Measure Applying to South American Ports.

LIMIT FOUR MILLIONS YEARLY

Rate on Second-Class Vessels Made the Same as that Paid to First-Class Ships in European Service.

WASHINGTON, Jan. 8.—Senator Gallinger today introduced a revised ocean mail subsidy bill, which eliminates from present consideration all trans-Pacific lines and applies only to the establishment of ocean mail services from the United States to the south of the equator—that is to Brazil, Uruguay, Argentina, Chile and Peru.

No special provision is made for lines to the isthmus of Panama, because it is expected the canal will be open for commerce by the summer of 1931, which is as soon as the proposed new lines could be established. Steamships then can pass through the canal on the long routes down to the west coast of South America.

As in other bills introduced, Gallinger authorized the postmaster general shall be authorized to pay for ocean mail service on vessels of the second class on South American routes, the same rate per mile (\$4) as is now paid for service on vessels of the first class between the United States and European ports.

In order to serve the new commerce, which it is expected that the canal will open for the southern states, it is provided that if more than one line is established from the north Atlantic coast, one of the lines shall touch at least one port south of Cape Charles for mail for the passengers and freight on the outward and home ward passages.

A provision, which is new in subsidy bills, forbids the award of any contract for an ocean mail line to any bidder engaged in competitive transportation by rail or in the business of exporting or importing merchandise.

Limit is Four Millions Yearly.

The total expenditure in any one year under the bill is not to exceed \$4,000,000. It is estimated that the bill will bring an amount of revenue from the foreign mail service over and above the amount otherwise paid for such service.

The framers of the bill believe that it will break the present monopoly in ocean transportation between the United States and the principal countries of South America. It is regarded as likely to create at least two lines from the Atlantic coast to Brazil and Argentina and a line from Puget Sound and San Francisco to Panama and the west coast of South America.

These new services would require the construction of from twenty to thirty steamships, capable of a speed of a least sixteen knots an hour, and with a gross tonnage of from 2,000 to 3,000 tons, a design approved by the Navy department.

Under the terms of the contracts, the ships would have to be turned over to the use of the government in times of war. Not one American steamship is now running on any of the routes covered by the bill.

## Pietro Mascagni Demands a Bank

### New York Theatrical Men Call Off "Xosob"!'s Demands.

NEW YORK, Jan. 9.—Lebler & Co., the theatrical managers who had planned to produce Pietro Mascagni's opera "Xosob!" at the New theater with a premiere on November 11 next, got into hot water today when they refused to accede to the demands of the producers and composer which so far has halted any production of the opera here and threatens to end in the courts.

Speaking for the managers, George C. Tyler said that all the complications were due to what he styled Mascagni's unreasonable demands.

"At practically the last moment," he said, "word came from Italy that the orchestra was not completed and that Mascagni would not then sail. As a result the opening performance was deferred. Lebler & Co. then notified Mascagni by cable to come on the first ship departing after January 1, and that the opening performance would be held the latter part of January.

"At this stage," continued Mr. Tyler, "Mascagni demanded various modifications of his contract, and additional large sums of money. To refuse the demands would result in the opera not being produced. To accede to them would enable Mascagni to make further demands which might require the Bank of England to satisfy, and however great our desire to produce the opera, we could not conscientiously accede to his outrageous demands and called him accordingly."

## CONGRESSIONAL PASTOR RESIGNS FOR SOCIALISM

### Declares Church Today is a Social Organization with Religious and Moral Tendencies.

MERIDEN, Conn., Jan. 8.—The Rev. Du Bois H. Lous, pastor of the Center Congregational church, here, resigned his position today and written a novel presenting his theories of dealing with present day social problems, read his resignation as pastor at the morning service today. In this letter he said:

"If you will understand my terms, I hold it without question that organized Christianity today is obsolete. It is playing fast and loose with the principles for which it died. It dare not be true. A church today is a social organization with religious and moral tendencies. It must require doctrines that are congenial and undisturbed, out of its necessities it feels that it must keep its ear to the ground to make sure that the world of wealth is not offended.

"For this reason, to be true to my ministry, I must stand outside the pale of pastore, that I may voice my protest purely. I have considered the door of the church, but will be closed to me. Our colleges could not afford to welcome me into a professor's chair. Business doors are closed.

"For two months, while occupying this position, I have been testing the fact. I am still knocking for some door to open where I can support my family, doing an honest work, while speaking the message of an honest minister, and, if necessary, I can dig."

## People Sit Still While Robbers Get Money from Bank

### Five Distinct Explosions Heard at Houston, Mo., But No One Investigates Until Too Late.

HOUSTON, Mo., Jan. 9.—Though there were five distinct explosions heard here yesterday no one paid any attention to them or investigated. Three hours later it was discovered that the Bank of Houston had been robbed of \$2,000 and that all telephone and telegraph wires leading into town had been cut.

All the money in the safe, except a few silver dollars, was taken by the robbers. After the safe of the bank had been dynamited it is believed the robbers stole a horse and buggy and went to Sedalia. A horse and buggy which disappeared here during the night was found there.

Secretary W. F. Keyser of the Missouri Bankers' association, who came here today to investigate the robbery, believes that three men blew the safe and, driving to Sedalia, caught a train for Kansas City. A reward of \$500 has been offered for the arrest and conviction of each robber.

## Thousands Turned Away from Concert

### First Free Orchestral Entertainment in Convention Hall Attracts Huge Crowd.

KANSAS CITY, Jan. 9.—Ten thousand persons were turned away from the first free orchestral concert given in this city yesterday afternoon. During the months in which the movement for Sunday concerts was under way fear was expressed that several thousand persons would not be admitted, but today 17,000 persons wanted to hear the music. Convention hall, where the concert was held, had been altered to seat about 7,000 persons.

The concert was announced for 3 o'clock, but at 11 o'clock hundreds of persons were still waiting outside. At 1 o'clock several thousand persons had found their way into the building through the side doors. The late comers were turned away.
