GRAIN AND PRODUCE MARKET

Longs Rush In to Sell on Advance of Wheat.

CORN FOLLOWS IN SYMATHY

Heavy Sales at the Opening Take the Snap Out of Operations-Reaction to Held to Be Satural.

OMAHA. Jan. 10, 1911. Selling of long wheat on the advance took the snap out of the bul market and values ased off from the high points made yesrday. Traders said the reaction was in order

Traders said the reaction was in order after the recent steady advance, although news continues to favor the buying side.

The corn market acted about as wheat did, only more stubborn. Liberal selling on the advance caused heavy pressure of redging sales and cash values are weaker. The decline in wheat was credited to a natural reaction rather than any pressure of sales of long wheat by the leading holders. Decreasing stocks and severe winter killing in the southwest is likely to check any decided break. Primary movement continues lighter than a year ago.

SHERF —A beaithy market in all of its branches developed in the sheep barn this morning, packers buying buils of a fully normal run in very good season. Demand was equally active for both sneep and lambs, but the latter class of stock showed some little improvement in prices, while the former ruled generally firm. As a rule, logic advances would just about cover the better margins on lamb sales, good kinds selling around \$8.00.

Sheep were fat and heavy on an average, and made up the larger portion of receipts

Indicating a top on airicity choice offerings of \$5.00 or better.

One or two shipments of shorn material arrived, but the proportion of clipped animals is still too small to try out prices on a working basts. Shorn lambs sold as high as \$5.00, the usual spread of \$1.00 holding good in this particular instance.

Feeder trade is also of small volume, as warmed-up stuff is the exception to the rule. A few thousand head have been going back to the country each week, of course, but uncertain demand does not admit of positive quotations. Most of the offerings bought for refinish have been selling on much the same basis as fair to good killers.

South Dakota Corn Show at Mitchell

Short Courses in Agricultural and Domestic Science and Stock Judging to Be Features.

MITCHELL, S. D., Jan. 10 - (Special.)-Monday of next week begins the annual state corn show and the short course in agriculture, the latter being provided by the business men of the city, and under the direction of Prof. Clifford Willia of Minneapolls. These two features, to gether with the domestic science partment and the stock judging feature, will occupy the entire week.

The short course to be held here is the first that has been held in the state and the indications point to a great success. President Dawes of Fulton, who was in the city today, stated that with good weather he is now assured of full 300 men being present to attend the double meeting. The short course will be held in conjunction with the state corn show, and will afford the same instruction which is carried on at the state agricultural college. Prof. Willis will be assisted in the corn school by Prof. Center of Illinois. Prof. Bopp and Prof. Burrilson, both of Brookings college, aside from prominent farmers who are to aid in teaching Among the big speakers to be present will

Sheep were fat and heavy on an average, and made up the larger portion of receipts as usual. Wethers were rather scarce, so that values on ewes afforded the only broad test of trade. Good ewes moved around \$1.50, with less desirable kinds at the cheaper figures. Yearlings sold at \$4.70, indicating a top on strictly choice offerings of \$5.00 or better.

One or two adjuments of shorp material bread cakes and other articles of food will be made from alfalfa flour. It is to be a sort of tribute to this food product, which is now occupying the attention of the farmers of the northwest. Most all indicating a top on strictly choice offerings of \$5.00 or better.

tions will be given every day during the week. Miss Brown is a graduate of a domestic science school and has given anple demonstration of her ability. GRAFT MONEY PAID BACK

TO STATE OF PENNSYLVANIA Million Three Hundred Thousand In-

volved in State House Frauds is Returned.

HARRISBURG, Pa., Jan. 10.-Restitution to the amount of \$1,300,000 was made today by men who were indicted in connection with the state capitol frauds and others implicated in the scandal when the Dauphin county court approved an agreement of settlement reached by the attorneys representing the state and the defendants. The commonwealth alleged that it had been defrauded out of approximately \$5,000,-

In addition to the turning back into the state treasury of the \$1,300,000, the estate of John S. Sanderson surrenders warrants aggregating \$108,000 and Joseph M. Huston of Philadelphia gives up warrants amounting to \$77,000. Payment had been stopped on the warrants.

sand Dollar Baby. SIOUX FALLS, S. D., Jan. 10 .- (Special.)

The newer portions of South Dakota are not yet old enough to have any milliondollar babies, but Tripp county, which until a year or two ago was included within the Rosebud Indian reservation, comes to the front with a \$1.006-dollar baby, which has just been born to Mr. and Mrs. G. B. Reichart, well known homesteaders of that part of the state. The father of Mr. Reichart had a standing offer of \$1,000 to his first grandchild, and this baby proves to be his first grandchild and accordingly will receive the promised \$1,000 dollars.
