This \$50 Steel Range Will Be Given Away Feb. 10th

The object in giving away this \$50 range is to induce as many people as possible to call at our store to see the new, improved 1911 Detroit Ideal Gas Stoves and Steel Ranges. By simply registering their name without cost they will be entitled to a chance on the range. It is simply an advertising stunt, Last Sunday we made the first announcement of this offer in one of the daily papers. Already more than 300 people have responded. Any purchaser of a range in the meantime will have his money refunded if he paid cash, or will get a receipt in full if bought on the payment plan, if he is a winner. The Detroit Ideal gas stove has a national reputation of more than twenty years for three things. It has proven to be a gas stove that lasts more than twenty years. Nine out of every ten gas stoves sold in Omaha every year don't last ten years. It has also proven to be the finest baking gas stove made. It gives you dollar gas, because it has the patent shallow, small drilled orifice burners. We are selling the same steel ranges

Big Drug Sale Saturday at the Rexall Drug Stores

For something over 21 years we have earnestly striven to keep drug stores that should be noted: First—for excellency of service; second—for purity and genuineness of all articles sold; third—for completeness of stock; fourth—a watchful policy to the end that our prices on each item sold should be as low a figure as can be obtained anywhere if of like quality.
