When in the progress of a city's development it becomes needful to bring its people into closer relationship with those of its environments, it is pleasing to the larger community to take the initial steps toward this object.

Whereas, the Wise Providence has made the Missouri Valley a garden spot, and

Whereas, the vast country on our west has been blessed in this same bounteous way, it seems wise that this prosperous metropolis be made the scene of an exhibit of its tremendous resources,

We, the undersigned, whose interests are indissolubly linked with those of this expansive territory, take this means to express a united feeling toward the visitors to the Omaha Land Show and accept this opportunity to address this message of welcome to all who may become our guests. We also employ this course to invite all strangers to visit us in our several places of business.

The Keys of the city are many, being deposited at the business home of each of the signers hereto; our friends are urged to accept them as symbols of the traditional hearty hospitality of the City of Omaha.

In testimony of these sentiments we have hereto attached our signatures.
