Three Hundred Thousand in New Work and Two Hundred Thousand Carried Over from Last Year.

Repaving of Tenth Street Awaits but One More Signature

Will Make a Complete Stretch of New Pavement to the Depots—To Pave Ninth Also.

A petition for the repaving of South Tenth street from Douglas street to the Tenth street viaduct lacks only the signature of Mrs. Mary L. Kinsler to have a sufficient front footage to present it to the city council.

Mrs. Kinsler owns lot 7 in block 181, on which the Cole Creamery company is located and if she signs the petitioners will have the required amount of signatures.

A petition for the repaving of Ninth street from the south line of Howard to Douglas with a required number of signatures is in the hands of City Attorney Fine for approval.

These petitions are important in that if the ordinances are enacted it means the completion of a well paved route from the depots to the business district.

WINTER TIME IN SUMMERLAND Is the title of an interesting, illustrated booklet descriptive of New Orleans, America's Winter Capital; of historical Mobile; Pensacola, the deep water city of the Gulf and of the numerous and attractive resorts lying along the Gulf Coast between Mobile and New Orleans.

Its Name Tells All About Florida— for "Florida" means "Land of Flowers"—the country of bright colors and fragrant aromas, of wonderful palms and palmettos. Here, too, is the flower of culture and fashion—Palm Beach—the Southern rendezvous of wealth and women.
