EDUCATIONAL

Board and Rooms—Continued.

YOU: HERE ARE FACTS SUPREMELY WORTHY OF YOUR DEEPEST CONSIDERATION! NO MATTER HOW BUSY YOU ARE—STOP NOW AND READ THEM!

Have you a technical business training? No matter how splendid your general education may be—have you a technical business training?

No matter what profession you may be going to prepare for—have you a technical business training?

You'll need it—no matter what profession you enter—if you want to develop the most success, possibilities—the most money making possibilities that are within you. Don't say that's not a fact. Men like Jim Hill and Pierpont Morgan and John D. Rockefeller, and big lawyers, like Elihu Root and Joseph Choate and Supreme Court Justice Hughes say it is a FACT!

The practical, every day ABILITY that a proper technical business training will give you, will aid them every day of their lives no matter whether they be farmers or financiers, captains of industry, or captains of sea going vessels, doctors or dentists.

Why, right here in Omaha the attitude of big men of affairs towards a technical business training proves that our above statements are correct. One of Omaha's most successful citizens placed his two sons in

BOYLES COLLEGE BOYLES BUILDING, OMAHA. H. B. BOYLES, President.

Official Training School for Union Pacific Railroad Telegraphy Department.

This whole page would not be enough space to mention, even briefly, the points of superiority of the Mosher-Lampman College, so we will give you just one today.

MOSHER SHORTHAND. You do not need to know how to write shorthand to appreciate the superiority of Mosher Shorthand, the reasons are too apparent.

First—in all Pitmanic Systems about half of the characters are shaded—you cannot even make their alphabets without shading. THERE IS NOT A SINGLE SHADED STROKE IN MOSHER SHORTHAND.

Second—in all Pitmanic Systems the same character is written above, through or below the line, to mean different things. MOSHER SHORTHAND HAS FEWER THAN TWENTY WORDS IN POSITION.

Third—Pitmanic Shorthand has almost SEVEN HUNDRED TIMES AS MANY RULES AND EXCEPTIONS AS MOSHER SHORTHAND. In fact, it is so complicated that in writing it is impossible to apply the principles. Advanced writers in these systems are therefore compelled to learn thousands of hard-to-remember word-signs. These are some of the reasons why Mosher Shorthand is the MOST EASILY AND QUICKLY LEARNED and why we are able to fearlessly list the following challenge.

CHALLENGE. We challenge any school in all the United States west of Chicago, or anywhere else, to place its students or teachers in public or private contest with our students in Shorthand.

COURT REPORTING. The Mosher-Lampman College is the only school in Nebraska that maintains a class in Court Reporting.

Here is how much we think of the Gregg System: WE WILL FORFEIT TWENTY-FIVE DOLLARS IN GOLD TO ANY GREGG WRITER, EVEN MR. GREGG HIMSELF, WHO WILL WRITE A LITTLE SIMPLER TESTIMONY IN GREGG SHORTHAND AND READ IT BACK PLUENTLY AND CORRECTLY.

Superior. It is simply "your strokes." Suppose you worked a trade and in that trade invented a machine by the use of which you could do twice as much in the same time, would you turn this over to your immediate competitors. Mosher & Lampman publish and absolutely control Mosher Shorthand. That is one reason WHY YOU CAN'T GET MOSHER SHORTHAND IN OTHER OMAHA COLLEGES.

THAT IS BUSINESS. It is up to you to investigate. Send for catalogue, or better still, join the class that has already enrolled to begin tomorrow morning.

MOSHER & LAMPMAN 17th and Farnam Streets, Omaha, Neb.
