WHEELING, W. Va., Jan. 25.-When prosecutor J. B. Handlan concluded his argument to the jury this afternoon the end of the trial of Mrs. Laura Farnsworth band, John O. Schenk, had been reached and her fate was in the hands of the jury, which immediately retired.

At 5 o'clock the jury had not returned a verdict and when a deputy sheriff went to the jury room to take the jurors to sup per, he found them with their coats off and apparently in the height of a heated iscussion. The jury asked half an hour more before going to supper in which time they expected to reach some decision. At the end of the half hour they had no definite answer to submit and were taken out to the evening meal with instructions President Taft's Name is Brought Into to oreturn at 7:30 and continue deliberations. Thousands of handsome and intelligent women were sttracted yesterday to the Land Show, the day having been set aside by the management especially for the Tri-City Federation of Women's Clubs. The fair visitors surprised all by their numbers and the interest shown in the exhibits. As was naturally expected they took a great deal of interest in the Lather Burbank exhibit of flowers and fruits, but it was remarkable to note the keen apppreciation they took, in the more serious things, such as good road building, dry farming, irrigation and the many other things which are supposed to hold more attractiveness for the sterner sex, who receive so much credit for building empires. It was a surprise to the Land Show management that the women showed that they are, too, interested in the progress and development of the west.

Three Cities Represented. There were women present from Omaha, South Quaha and Council Bluffa yesterday, and everything was arranged that they might receive the greatest benefits of a visit to the Land Show. For instance, Colifornia did itself proud in the distribution of the famous Fresno raisin bread, which was baked by the U. P. Steam bakery in Omaha especially for the Fresno (Cal.)
