> For Hair and Scalp

To prevent dry, thin

and falling hair, remove dandruff, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, are usually effective when other methods fail. In preserving, purifying and beautifying the skin, in preventing minor eruptions from becoming chronic, and in the treatment of torturing, disfiguring humors, rashes, itchings and inflammations, from infancy to age, these pure, sweet and gentle emollients have no rivals.

Send to Potter Drug & Chem. Corp., Roston, for free book on the akin and hair.
