FAVOR INTERURBAN LINES

the first of its electric line connections in this section would be greatly augmented

some time," said Mr. George. "This city definite move on foot in this direction.

is behind most others of its size in this respect. An interurban is an added means of developing the country surrounding a town, through giving increased facility to farmers. It benefits the smaller towns through which it passes as much as it does the large one, which forms its terminus. I anticipate the time when there will be a line from here to Sloux City, one to Fremont, one to Lincoln and others leading in the radiating directions of other cities nearby."

F. D. Wead expressed much the same idea. "An interurban line would intensify the farming interests of the state," he said. 'It would give residents of the city a chance to occupy land in the outskirts. and cultivate it. In a dozen ways the interurban would aid Omaha greatly.'
