(From a Staff Correspondent) LINCOLN, Pab. 2. (Special.)-The state iouse at Lincoln has no "lame duck alley," but it has a stuffed speciment of the origtent tame duck. This bird, which is so Mentiful around Washington, D. C., and he vicinity, is rarely seen in Lincoln, alhough there are a few around the billrisons. This specimen, however, which was shot on the range to Dan Gellos while he was game warden. Is a magnificent bird standing almost a foot high with a beauriful crest and a short bill. It stands now above the desk of Leo Mathews in the effice of the chief clerk and is much adpriced by visitors.

Sergeant-at-Arms Kelley, having little frery door and a janifor at every window. has started on a crusade against smoking. The rules of the house forbid smoking, but in it. is the custom of members to smoke during committee of the whole. In the senate it is siways done. But Sergeant Kelley, having no other "platform plank" to stand on, plants himself firmly upon this rule and will not be lindged. Of course. few insurgents smoke again after one of Kelley's severe rebukes, just as soon as his back is turned, but he keeps the air free from clouds and makes everybody want to smoke just I ecause they can't.

# "Dr. Miles' Nervine Raised Me From the Grave"-Mrs. Taylor

This is a strong statement to make, but it is exactly what Mrs. Thomas Taylor, of Blum, Texas, said in expressing her opinion of this remedy.

"Dr. Miles' Restorative Nervine raised me from the grave and I have much confidence in it. I can never say enough for your grand medicines. If anyone had offered me \$100.00 for the second bottle of Nervine that I used I would have said 'no indeed."" MRS. THOMAS TAYLOR, Blum, Tex.

Nervous exhaustion is a common occurence of modern life. The wear and tear on the nervous system is greater now than at any time since the world began. For aleeplessness, poor appetite and that 'run down' feeling, nothing is so good as

they often pain a little, you simply give them a rest. But they ought not to pain with ordinary use. There's something wrong! Now don't cheat your eyes and think you are saving money by neglecting them. Let us examine them now, no charge for that and if you do not need glasses we will tell you so. There's no use to "kick" about wearing them. If nature says glasses, why glasses it must
