

BAILEY PLEADS FOR LORIMER

Texas Senator Gives His View of Law and Facts in Case. HOLDS THAT ELECTION IS VALID

He Says It Is Not Shown That Mr. Lorimer Knew of Corruption and It Was Not Sufficient to Affect Result.

WASHINGTON, Feb. 13.—By resorting to the bold device of asking his antagonists in the senate to stand up and testify, Senator Bailey of Texas today developed a dramatic situation in the discussion of the case of Senator Lorimer of Illinois.

Mr. Bailey is a member of the committee on privileges and elections and coincided with the report declaring that nothing invalidating Mr. Lorimer's title to his seat had been developed by the committee's investigation.

The Texas senator's remarks were devoted largely to the substantiation of his contention that a sufficient number of votes must be shown to have been bought to effect the result, unless it is proven that the official whose election is challenged personally participated in the offense.

Senator Bailey contended that even if the seven votes of White, Browne, Beckmever, Lick, Wilson, Holstun and Broderick were counted, Mr. Lorimer still had been legally and properly chosen.

That is not only the law and the logic, but it is the rule best calculated to promote political morality and to cast a dishonest vote as if the corrupt legislator who cast it were civilly dead, at least in that transaction and leaves the result to be determined by the votes of honest men.

Wyoming Legislature Must Finish Its Work Within Week

Initiative and Referendum and Number of Other Measures Still on the Calendar.

CHEYENNE, Wyo., Feb. 13.—(Special).—This is the closing week of the Wyoming legislature and promises to be the busiest one of the forty-day session.

The bill providing for the reimbursement of Big Horn county in the sum of \$25,000 for costs incurred in the prosecution of the sheep stealers camp raiders, who are now serving terms in the state penitentiary, will undoubtedly pass the senate, having passed the house last week.

The bill to reimburse citizens of Casper, veterans and sheep inspectors, for work in connection with an epidemic of typhoid fever among the sheep of Natrona county two years ago will also pass.

Another provides for the establishment of a state reform school to be known as the Wyoming industrial institute. Wyoming's juvenile delinquents are now sent to Colorado reform schools for care and training.

TEACHER BACK FROM LONDON

Miss Sullivan Tells of Prof. Wallace's Researches on Shakespeare. ALSO TELLS OF SUFFRAGETTES

Says Women of England Take the Question Much More Seriously Than Those of America—More Women Than Men.

"English women are much more earnest in their struggle for suffrage than are the American women," answered Miss Mary L. Sullivan, who has just returned to Omaha from London where for the last twelve months and more she has been lecturing in the English archives for data in regard to England's great dramatist.

"For the English woman whose sympathies are enlisted, the suffrage question is the one great question. I have been asked by many of them why it is that the American women are not more active. I replied that in England woman suffrage seems to be focused on this question, in this country women are interested in a great many other questions."
