COSGROVE WAITS A DECISION

Will Keep Scalpers from His Office if He Has the Right.

COUNCIL CONSIDERS THE MATTER

Comptroller Does Not Know Whether He Has a Right Under the Law to Refuse to Handle Assignments.

Whether City Comptroller Cosgrove issues an order to his employees to refuse to handle warrant assignments depends upon the opinion which he has asked the city attorney to give him. If the attorney says Cosgrove has a right to refuse to handle the assignments he will issue the order at once. Otherwise the council will be asked to pass ordinances which will limit the operations of loan sharks, who at the present time are scalping practically one-third of the pay roll of the city.

"I will be guided entirely by the opinion of the city attorney," said Mr. Cosgrove Monday morning. "A legal point has been raised as to whether I, as city comptroller, have a right to refuse to handle assignments. I have asked Mr. Rine to look into the matter, and as soon as he has handed his opinion I will make some step.

"But there is another solution of the problem. In the event the city attorney says I have no right to refuse to take care of such assignments, the council can get around the proposition by passing an ordinance which will provide that any city employee selling his salary shall be subjected to dismissal. This will take care of that end of the proposition.

"As to the question of loan sharks, who are paid each week, the loan sharks can be eliminated by the council passing an ordinance which will provide that the brokers be refused access to the three books of the city. Once the brokers find they cannot get a definite line on the day laborers they will quit doing business with them."

OLD SORES DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that bad blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal any sore if the blood is pure and healthy, but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic qualities the infected condition of flesh is OBLIGED to remain. S.S.S. heals Old Sores in a perfectly natural way. It gets into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vital fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive members. Its use makes rich, red, healthy blood, which nourishes all flesh tissues instead of infecting them with the virulent matter which keep old sores open. Special book on Old Sores and any medical advice free.

FINED FOR ACCOSTING WOMEN

Smith Hns Hodge and Representing Himself as a Detective on Farnam Street.

Using a false badge and representing himself to be a detective, William Smith, address unknown, suffered arrest Sunday night upon accosting a woman on the street and being knocked down by her husband. Smith is alleged to have stopped a number of women on Farnam street and opened a conversation with the statement that he

Our Ladies' Suits and Coats at \$19.50 Have All the "Ear Marks" of Suits and Coats Other Stores Ask \$25 and \$30 For

And no less interesting is the wonderful variety of styles that come in our \$19.50 line. All those pretty grays, tans and blues that come in stripes and checks, and even plain weaves of French serges and mannish worsteds, are found here in the largest assortment any Omaha store as yet carried.

The styles, the same as in our \$29.50 and \$35.00 garments, come in the charming straight lines, with the jackets cut shorter than those of a year ago, and resembling the high art and comfort of the "men's suits." The collars are interesting, the effects being so clean cut and distinctive for all different types of women—the buttons, too, catch one's eye—one pattern but several different sizes—duchesa satin and peau de cygne silk grace the lining of these suits, giving a richness and finishing that only the more expensive suits wear.

The skirts—some are pored, others wear the panel box pleats—all measure 2½ yards; this is narrower, but the fine art of the tailors have not allowed that skiminess that some skirts are showing this season.

All these points are just a starter to the description of their real beauty, but today they are here on display. Why not hurry right down and see them, at..... **\$19.50**

They make remarkable investments for the new season's wear.

The coats have many brand new charms this season that have never leaked into the coat styles before—they follow the suits in shades and fabrics. Let us show you our line. They are priced to range from \$12.00 up to \$35.00.

Do not suffer with bunions. The fault is in the shoe you wear. If you wear

Drexel's Foot Comfort Shoes For Women

even though you have bunions or enlarged joints, your feet will be in perfect comfort.

This is a specially constructed woman's shoe, made one size smaller at the instep and two sizes wider in the sole. This gives a snug fit at the instep and heel and at the same time allows the foot to rest wholly on the sole as it should.

The stock is fine, soft kid and the soles are flexible. We have them in button and lace dress and common sense toes.
