Why not make your show windows work 18 hours a day instead of 12?

People have more time after dark to examine the displays in your window than they have during the busy daylight hours.

A well arranged, well lighted show window is like a handsome picture in a frame. That is why people stop to look at it at night, although they pass it by in the day time. BUT THE DAY THEY COME IN AND BUY.

Modern electric show window lighting brings increased public esteem and increased patronage.

Let our contract department explain the small cost of good show window lighting and how it is done
