The prettiest game of the tournament, was played between the Wilber and York High schools, the teams being evenly matched as regards team work and individual play. For Wilber Prucha proved a wonder, but even his dazzling playing scarcely excelled that of the York captain, Wiley. The Wilber forward secured seven goals from field while Willey secured aix. The final score of the game was 24 to 22, Church Lads Trim for Wilber, and it was anybody's game up until the final whistle. York worked hard to overcome the lead obtained, but could not offset Prucha's brilliant playing

Lincoln played almost all of its second team against Clarks. The game was slow. The score stood 11 to 10 in favor of Lincoin, but the latter team made no effort to exert itself.

South Omaha defeated Schuyler by the score of 22 to 11. The game was fast and was characterized by the pretty team work of th eBouth Omaha Litgh school.

Another game which kept the excitment at the highest pitch was that between Sidney, the champions of wetsern Nebraska, and Geneva. Sidney failed to show form in the first half, but came back strong in the final and came nearly overcoming the lead of the Geneva team. The fianl score was 23 to 18 for Geneva. Within the last five minutes of play Sidney made a strong bld for the game and scored a basket just before the final whistle. Beatrice drew the bye, there being eleven

teams to floor during the afternoon, and thus enters the third series. Omaha plays Lincoln, eBatrica plays

RHEUMAT **PURIFYING THE BLOOD** THE ONLY PERMANENT CURE

No case of Rheumatism was even cured except by a thorough purifica-tion of the blood; just as long as the blood remains charged with fermenting uric acid poison, the painful dis-ease will continue. The pains and aches of Rheumatism are simply su-perficial effects of the impurities in the circulation, and sometimes may be temporarily relieved by the application of plasters, liniments, hot cloths, etc. But the person who trifles with this dangerous disease by depending on local treatment alone, is certain to pay for the mistake with constant suffering later on. S. S. S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulan tion, so that the nerves, bones, muscles and joints are lubricated and fed

> with nourish ing elements instead of being continually irritated and inflamed with the sharp, uratic impurity. When S. S. S. has cleansed and purified the

blood, the pains and aches cease, all inflammation disappears, stiffened muscles are made pliant, and every troublesome symptom of Rheumatism is permanently corrected. Book on Rheumatism and any medical advice free to all who write. THE SWIFT SPECIFIC CO., Atlanta, Ba.
