Next-to-Cost Prices for a Day

For just a single day-Monday-we shall sell rugs from our overstocked lines at prices that are little better than the mills ask. We need more room in our new rug department on the third floor, so called on bottom prices to reduce the big lines. No arguments are needed to sell these rugs (view some of them in our south window); the prices alone are wonderful enough inducements. Many of the best rugs in the store were sent down for the next-to-cost markings, and go on sale at 8 o'clock tomorrow morning. Included in these sensational offerings are Lanark wool fibre, Karabaugh and Kashmir lines. They are in the best colors and shades, and will fit any sized room, harmonizingwith the surroundings.

There never was a sale just like this at just this time of year.

> Remember! Good furniture may be cheap. but "cheap" furniture cannot be good
