COCHRANE CANNOT WITHDRAW

Candidate for Nomination for Mayor Must Make Race.

CITY ATTORNEY MAKES RULING

Opinion Says State Law Which Permits Person to Withdraw Applies Only to Candidate Previously Nominated at Primaries.

(From a Staff Correspondent.) Lincoln, March 14.—(Special Telegram.)—Despite the notification to the city clerk from Thomas Cochrane withdrawing from the primary ballot as a candidate for nomination for mayor of Lincoln the voting that will include his name. City Attorney Flansburg has decreed that Mr. Cochrane has not the right to withdraw after having paid his fee and stating that he will qualify if elected.

The opinion from the attorney is directed to the city clerk, who asked for aid in the making up of the official ballot.

One of the state laws which allows a person to withdraw, Mr. Flansburg says, applies only to a candidate who has previously been nominated at the primaries. The particular law has to do only with those nominated at a primary or in a convention and not the candidate at a primary.

Robert Malone, democratic candidate for the mayoralty nomination, has been busy all day talking his supporters and asking them to be present at the democratic "harmony" meeting to be held at the Lincoln hotel Tuesday evening at 7:30.

The announcement that the name of Thomas Cochrane could not be withdrawn caused much excitement in the Malone camp with many of the voters of the district who favored the republican.

Deputy Warden Walton drove to Healey Monday evening following the receipt of a message which said that a young man who resembled the convict and had been seen in that place. Wealthy Old Farmer Wants Divorce. NEBRASKA CITY, March 14.—(Special.)—Robert W. C. M. Barr Elected a Hastings Schol Head

Principal Put in Place of S. H. Thompson, Much to Surprise of Some on Board.

HASTINGS, Neb., March 14.—(Special Telegram.)—Principal C. M. Barr of the Hastings High school was last night elected superintendent of schools to succeed S. H. Thompson, now serving his third term. The election was a general surprise and today there is talk of having it reconsidered, not because of objections to Mr. Barr, who is held in high regard by the school patrons, but to secure the reinstatement of Mr. Thompson, whose defeat is said to have resulted from sharp practice. One member declared today that the Thompson supporters on the Board of Education were in the majority last night. It was their plan to give Mr. Barr a minority complimentary vote on the first ballot and then elect Thompson on the second. The faction opposed to Thompson got wind of this and shifted from their previous choice to Barr, thus making a majority on the first ballot.

Today a call was issued by forty prominent citizens for a nonpartisan convention Friday to nominate members of the board, the plan being to separate school elections from partisan or municipal politics.

The overwhelming sentiment of the people here is favorable to the retention of Mr. Thompson and this sentiment is expected to find expression in the Friday convention.

CITY CAMPAIGN TO BE WARM

The republicans will make nominations, as will also the democrats. Mayor Kirkpatrick, a democrat, is reported as having said that he will make the race again.

N. A. Dean, republican, had many friends who wished him to become a candidate for mayor, but recently withdrew in favor of F. P. Van Winkle, one of the most popular and best known business men of the city. It is now generally conceded that Mr. Van Winkle will be the unanimous choice of the republicans for mayor.

Bishop Beecher's First Ordination

Rev. Will S. J. Dumvill Consecrated at Episcopal Church in Broken Bow Sunday Morning.

BROKEN BOW, Neb., March 14.—(Special.)—A big event in church circles occurred here Sunday forenoon when the Rt. Rev. George Allen Beecher, bishop of Kearney, held his first ordination services at St. John's Episcopal church, the Rev. Will S. J. Dumvill being the candidate for holy orders. The seating capacity of the church was taxed to its utmost at both morning and evening services, while the music rendered by a vested choir was one of the impressive features of the occasion. Rev. C. F. Chapman of North Platte preached the morning sermon, after which the candidate was presented to the bishop by Rev. Lee H. Young of Hastings for ordination to the diaconate. Then followed the regular ordination services, in which the bishop invested the Rev. Mr. Dumvill with a stole, the word sign of the apostolic ministry of the church.

The affair was particularly impressive throughout and was participated in by a number of visiting clergy. Rev. P. G. Snow of Kearney preached the evening sermon. The visiting clergy were: Bishop Beecher of Kearney, Rev. G. F. Chapman of North Platte, Rev. J. M. Bates of Red Cloud, Rev. P. G. Snow of Kearney, Rev. Lee H. Young of Hastings and Rev. G. S. Ware of Alliance.

Before departing from Broken Bow, Bishop Beecher spoke of a pet project he hopes to see formulated in the near future. Said the bishop: "I purpose buying a farm for fatherless children who are thrust upon the streets of our cities, giving them the advantage of the common school, good food and a place to sleep, so that the small unfortunate of the slums may smell clover instead of the sewer."

NEBRASKA CITY—It was forty years ago today that Conductor Thomas Ryan of the Burlington, in charge of the passenger train running between this city and Lincoln, began work over by an auto accident in their service and running a train ever since. He has been one of the most efficient men that the company has had in its service. While having been in a number of wrecks, he never was injured himself, and in all of the wrecks few, if any, of his passengers were injured and none killed.

YORK—The injuries received by Miss E. Olmsted, one of the teachers in York High school by being run over by an auto are most painful and at first were thought to be serious and fatal. The aggregate of total paid for lands is the largest of any year and runs way up into the hundreds of thousands of dollars. The average price of 100 acres of good York county land is \$30,000, and for eighty acres is \$20,000. Owners of land after selling at these figures claim that the land had paid them a good return and would continue to pay a good income on the amount sold and many regret that they sold at the good prices because after looking around they do not think they can get exactly as productive land and land that is surer of crops every year than York county.

Crowds Attack Negro Firemen in Tennessee

Partially Confirmed Reports that Three Were Killed Near King's Mountain.

SOMERSET, Ky., March 14.—Charles Swartz, a St. Louis detective guarding non-union firemen on a passenger train of the Cincinnati, New Orleans & Texas Pacific railroad, was brought here today suffering from a bad gunshot wound received near Glenmary, Tenn., thirty miles south of here, early today.

Swartz attempted to hold back a crowd which attacked the locomotive and tried to reach a negro fireman. An exchange of bullets followed and the detective was shot in the mouth. It is reported that the fireman was killed and several other negro firemen were lynched near the Tennessee line. This, however, could not be verified.

LEXINGTON, Ky., March 14.—Partial confirmation of the reports of rioting at Glenmary, Tenn., south of there, was received here today when the engineer of a passenger train declared that three men were killed last night between King's Mountain, Ky., and Glenmary, Tenn. One of the belated passenger trains arriving from the south today came in with broken windows as the result of an attack by strike sympathizers.

The impression is growing that troops will be sent to King's Mountain to guard trains approaching the big tunnel there.

YOUNGER SET STARTS NEW FAD

Maidens of Washington Adopt Dress Reform Idea and Discard Evening Girdling Stays.

WASHINGTON, March 13.—Dressers in corsets are not pleased with the latest fad of the Washington smart set.

On excellent authority it is said that to be strictly swapper nowadays a woman must discard the evening stays—a thing not impossible with the present style of empire girdled frock.

The younger set promoted the "back to nature" idea. There have been many smart dances this winter, and one after another the youthful damsels have cast aside the artificial form.

The first girl to appear at a dance uncorseted created a mild sensation. But so materially did her innovation affect her career as a belle that the subsequent dances were remarkable for the number

of girls who had suddenly taken up the dress reform she had started.

The older folks didn't like it so well, being of the opinion that the girls were going back to nature with a vengeance, and the criticism stirred up even drowned the admiration caused by Justice Harlan's overhauling of the swapper set for its disregard of proper Sabbath observance.

But it was different elsewhere, and not to be outdone by the younger crowd a number of the smart matrons introduced some novelties into their costumes.

Mrs. Huntington Wilson attracted much attention by adopting the bodice slipper. They built up and restore the natural action of proper Sabbath observance.
