

Famous Dogs and Tony Cats to Have Races on Benches at Omaha Dog Show

MANY ENTRIES FOR DOG SHOW

Success of the Enterprise is Now Assured to the Promoters.

NOTED DOGS ARE TO BE HERE

Sprague's Blooded Airedale Has Arrived from England and John Buck's Great Dane Will Come.

Entries for the Omaha bench show simply flooded the office of Secretary R. T. Burns Tuesday morning, and the success of the first Omaha dog exhibition is now assured. The classification of the lists will be made in a few days and it will be known positively just how many dogs will be at the Auditorium when the show opens on March 22. The felices will also be there in fairly strong numbers.

R. H. Sprague of Omaha received an Airedale terrier Tuesday morning direct from England. Mr. Sprague declares that the dog is the best he could buy there and that he is willing to match him against any in the country. "Hilms von Wurttemberg," the famous Great Dane owned by John Buck and Arthur Stors, will be here, although it took some hot telegraphing by Messrs. Buck and Stors to obtain the dog for the Omaha show. The two Omaha men have never seen their dog, as he has been traveling from one dog exhibition to another, winning prizes ever since they bought him. The fancier handling him wished to show him in the eastern shows, but Omaha fans will see him here.

The majority of the trophy cups for the Omaha show have arrived and are on exhibition in the window of the Milwaukee ticket office at Broadway and Farnam streets. The cups are very pretty in design and several more of them will be here in a few days.

GOTCH OVER HOT SANDS

Wrestler Finds One Game that He is Afraid of and He Admits It.

Frank Gotch, champion wrestler, is having a live time this week, mixing work and play, ending here Saturday night at the Krug theater. Tuesday he was at Fort Dodge, Ia., and the Shriners there did their best to "razzle" with the big fellow and make him undergo the various tortures necessary to become one of the order. Gotch privately confided to Emil Kianek, his manager, Tuesday morning that he feared that ordeal more than he did any wrestling match.

Wednesday night Frank is scheduled to meet Ernest Koch, one of the husky heavyweights now in America. At Kansas City, Henry Bohm, the "German Samson," who has been throwing many of the American grapplers and is accounted one of the world's strong men, will tackle Gotch on Thursday night at Chicago.

Charles Cutler, American light heavyweight champion, will meet Gotch at Lincoln Friday night. Cutler will try and stay an hour and a half with Gotch without being stopped twice.

Omaha will see the champion Saturday night pitted against William Demetral, the Greek. Gotch has stated that he has a great deal of respect for the Greek grappler and thinks that he is a coming man. Demetral weighs at the present time only 135 pounds, but he is learning all the wrestling game fast and will stick a good while with Gotch.

KLANKER INHERITS A FORTUNE

Manager of Champion Gotch is Notified of His Good Luck While in Omaha.

Emil Kianek, the South Omaha man who is manager for Frank Gotch, world's champion wrestler, received word of his inheriting a fortune, while he was in Omaha Tuesday. The estate comes jointly to Emil and his brother by the death of his aunt, Miss Mathilda Kianek, who lived at Laueburg, Germany, and is valued at more than \$60,000.

Mr. Kianek, who has been the champion wrestler's manager for some years, is fairly well fixed, but even with his new fortune he will probably not give up his work in the wrestling world.

Kianek and Gotch will be in Omaha Saturday when Gotch will wrestle William Demetral, the Greek wrestler.

INTERSCHOLASTIC RIFLE RESULTS

Morris High School of New York Takes Leadership.

WASHINGTON, March 14.—Morris High school of New York, which won its match last week, went into the leadership of the interscholastic rifle shooting league with a clear slate of eight straight victories. Harvard school of Los Angeles, Cal., which up to last week had been fighting it out with the New York school boys for the top notch position, was defeated, and with Culver Military academy of Culver, Ind., is now tied for first place with seven victories and one defeat.

CRESCENT JUNIORS WINNERS

Church Boys Win Top Prize in Basketball Game.

The Crescent Juniors of the Walnut Hill Methodist Episcopal church defeated the Europeans of the Omaha Young Men's Christian association in a fast basket ball game by a 21 to 20 score. The first half was a walkaway for the juniors, but in the second half the Europeans braced and held the juniors down to a 15 to 20 score. The star performer was Frank Lockwood, who made about half of the points for the juniors. Time of halves, 20 and 25 minutes. Referee, Hudson.

BUFFALO BOWLING RESULTS

Individual Players Crowd Leaders Hard in Singles.

BUFFALO, N. Y., March 14.—Five times today individual bowlers at the National Bowling association made a bid for the leadership of the studies and four new teams found places with the leading ten in the doubles. W. W. Rathbun of the Erie club of Cleveland came nearest to Jorschel of New York, the high man in the individual series, when he scored 20 pins, two below the mark of the New Yorker. Rathbun rolled 27, 19, 21.

It now requires better than 68 to join the first ten in the individual event. Union of New Haven, Iver of Albany and Moffatt of Newark are tied for tenth place at that figure.

Krol and Stehno of Chicago went into second position of the two-man event with 1,372 or eighty-three pins under the world's record of the leaders, Kelsey and Johnson of New Haven. Krol's games were 256, 239, 221.

To Die on the Seafront is painless compared with the work. Lane's kidney trouble caused by excess of the remedy. 50c. For sale by Deaton Drug Co.

Field Club Golfers

Are on the Warpath

Object to the Recent Ruling Giving Juniors Full Privileges of the Club.

Omaha Field club members are up in arms and holding various impromptu indignation meetings this week. The cause of the furor is the recent rule passed by the board of directors, raising the age limit of junior members from 18 to 21 years and allowing the junior members unrestricted privileges of the club without them paying full dues.

The golf players are the strongest "kickers," as the links of the club are already too crowded with players. They contend that when they voted for the increasing of the club dues last fall they were assured by the directors and officers that every effort would be made to restrict the membership of the club.

More than 200 signers have already been obtained to a petition being circulated, and at the next meeting of the directors a reconsideration of the ruling passed will probably be taken.

The idea of the board in passing the resolution was to develop the club more along the lines of a family club, such as the Happy Hollow organization. However, as the younger members of the club and the golfing men have made such serious opposition a postcard vote will be taken in a few days to determine the feelings of the majority and the directors will act accordingly.

New Base Ball Park

All in Readiness Work Completed, Ground Graded and Pussed Up Ready for Ball Tossers.

All is in readiness for the Bourkes when they gather at the new Omaha base ball park next Monday morning. The park stands completed, as Pa remarked with a glimmer of a smile, "even the contractor admits it."

It is a strange looking park to those who have not seen the old spot since last year, larger, better and all new. The grandstand is a thing the fans will thank Pa for every day the gong rings during the coming summer, and the park itself is larger and has undergone some much needed grading since last fall.

The name of the new park is still unchosen, but suggestions are coming in thick and fast at the smokehouse, and one will be taken Saturday night by a committee of players. It would take a book and an interpreter to get all the names down, but the assortment is varied and something good should result. And Pa is holding a season pass for the winner.

The players are expected to be dropping into Omaha soon, as transportation was sent them Monday, Thursday, Friday and Saturday some of those who do not live far will be coming along to warm up Saturday and Sunday.

May Advance Date for Tendering Contracts

Base Ball Commission Recommends Making Offer Compulsory Previous to February.

CINCINNATI, O., March 14.—The National Base Ball commission made a recommendation to the National and American leagues and the National association today to arrange Section 1 of article VII of the national agreement, so as to make it compulsory for teams to tender a contract to its players previous to February of each year. Heretofore this date has been fixed at March 1, and in case no contract is tendered a player by that time, the player is declared a free agent. Until such a change is made, however, the commission rules that the player does not necessarily have to receive his contract by March 1, but the contract must be in the mails by that time.

GRAIN MEN TO BATTLE WITH BANKERS ON THE ALLEYS

Hot Bowling Contest is Billed for Wednesday Night at Francisco's.

A team of bowlers from the Omaha Exchange will play a special match game with a team representing the banks of the city Wednesday night at Francisco's alleys. The members of both teams are well known league bowlers and a good contest is looked for. The lineup will be as follows:

Grain Exchange—Weekes, Denman, Sprague, Kerr, Cochran.

Bankers—Neal, Lyons, Eidson, Zimmerman, Winkwater.

CHINA DISTRUSTS RUSSIA

Deep-Seated Resentment Cause of Failure in Negotiations.

DISCORD IN CZAR'S CABINET Military Party Thinks Now is Time to Seize All Disputed Territory on Frontier—Army Without Food.

ST. PETERSBURG, March 14.—The Russo-Chinese embargo has developed three distinct situations, each of considerable concern to this government. In the first place, Russia has awakened to the fact that China's deep-seated distrust and resentment is responsible more than anything else for the failure of amicable negotiations.

Next, the Novoe Vremya makes the unusual intimation that there is discord in the government over the measures to be taken against China.

The third situation is revealed today in disquieting dispatches from the army of occupation on the Chinese frontier. These advices describe a disturbance among the soldiers over the poor quality of the food provided for them. An outbreak was prevented only by the tact of the commanding general, who ordered the governor general of Russian Turkestan to take prompt measures to remove the causes of dissatisfaction and to adequately organize supplies for the expedition.

The task of the commissary department has been complicated by the primitive character of the country, the bad roads and a dependence for supplies on a long line of communications.

News of Movements Vague.

The news of the movements of troops is vaguely referred to in the Novoe Vremya, as the nonofficial publication of such news is a criminal offense in Russia. Other papers are silent on the matter.

It is stated here today that the situation created by China's quibbling has caused a realization that the Russo-Chinese relations are less satisfactory than had been thought. China's suspicion of Russia's good faith and resentment of supposed aggression is blamed. The sole course left open to St. Petersburg was a serious military action which would not shrink from permanent measures in the province.

Military circles, the opinion of which had great weight with Emperor Nicholas in reaching a decision, considers the occupation of northern Manchuria along a line of demarcation from Kwanchengtsie to Kirin a possibility. A correction of the frontier of Tartaristan, in Mongolia, also is held to be a possibility.

Military Party for Aggression.

The military party frankly favors utilizing the crisis to strengthen the Russian garrisons in the far east and to correct the frontier strategically at China's expense. It argues that the Russo-Chinese relations are so strained that nothing can be gained from China amicably for many years.

The cabinet, however, is firmly decided to restrict military action to the barest necessities. This attitude was determined at a conference between Premier Stolypin and Finance Minister Kokovoff, who has taken charge of the affair during the illness of Foreign Minister Sazanoff.

The Novoe Vremya in an editorial calls for the appointment of a responsible minister to replace Sazanoff, who is incapacitated at a critical period and remains on at a conference between Premier Stolypin and Finance Minister Kokovoff, who has taken charge of the affair during the illness of Foreign Minister Sazanoff.

China Ships Arms to Frontier. The Novoe Vremya in a dispatch from Mukden, which states that 110 tons of gunpowder, forty-two boxes of cavalry rifles and seventy boxes of infantry rifles destined for Chinese garrisons in northern Manchuria have reached Mukden from Peking.

Forty-one van loads of rifles and ammunition, the dispatch adds, have been sent from Kwang Chien Tsai to Kirin.

Political circles take great interest in Japan's attitude toward the Russo-Chinese crisis. The eventuality of action similar to that now contemplated by Russia was clearly premeditated in the Russo-Japanese conflicts of 1904 and 1905.

Telegrams from the far east has for weeks been talking of preparations for war and declaring that their railways and roads are being adapted to the transportation of troops. The staff of the Chinese railway and the employes generally have been retrained by Japanese and accounts of the huge barracks, it is asserted, are under construction at the principal stations and the Japanese commissariat is gathering reports of the quantity of grains held in private stores in Kwantung province.

Simultaneously the Chinese viceroy of Manchuria, addressed a message to the throne regarding Manchuria, and proposing the gradual limitation of the rights of foreigners, a diminution of garrisons, the exclusion of gunboats from the Sangari and Yalu rivers; the increasing of the Chinese garrison to 100,000 men at an estimated annual cost of \$10,000,000.

An evening paper confirms the report that M. Kokovoff opposed the recent policy of the Foreign office towards China and succeeded in deferring the military demonstration which M. Sazanoff had intended should accompany the first ultimatum.

SAVAGE DEFEATS MORAN.

NEW YORK, March 14.—Jim Savage, the big heavyweight of Orange, N. J., defeated Frank Moran of Pittsburg at the Olympic Athletic club tonight in the seventh round of what was scheduled to be a ten-round bout. Savage beat the Pittsburg baddy and in the seventh round Joe Jeanette, acting as one of Moran's seconds, threw up the sponge.

WESTERGAARD LOSES MATCH.

MINNEAPOLIS, March 14.—Zbyzako showed great form here tonight in his match with Jess Westergaard of Des Moines and won two straight falls in one hour and three minutes and ten minutes. The big fellow was the cleverer and stronger of the two throughout and was never in danger of being thrown.

TITLE CHANGES HANDS.

SIoux CITY, Ia., March 14.—Paul Domke of Pipestone, Minn., wrestled the light heavyweight wrestling title from Jim Asbell of Kansas City tonight. He won the first fall in 18 minutes, lost the second in 25 minutes and won the third in 12 minutes.

HACKENSCHMIDT WINS MATCH.

BATTLE CREEK, Mich., March 14.—George Hackenschmidt defeated Charles Olson of Indianapolis in an exciting bout here tonight, winning by two straight falls. The first came in 30 minutes 30 seconds and the second in 18 minutes and 30 seconds.

Luxus Retrieve

Some of the Scores Recently Rolled

Come Back at Pete Lochs by Winning Two Out of Three Games.

The Luxus last night on the Metropolitan alleys won two out of three games from the Pete Lochs, the second game being a tie. On the roll off the Lochs won, Nelson of the Luxus hit the pins for a total of 601, while Key of the Lochs was right in his old-time form, smashing the pins for a high single game of 222 and totals 524. Tonight, Broadgaard Crownns play A. Frick & Son. The score:

Wool Firms Content

Not to Make Contracts

Clip of Year Estimated at Much Less Than Normal for the United States.

BOSTON, March 14.—(Special Telegram.)—A forecast by the Boston News Bureau, a leading authority in financial matters gives the United States clip of wool this year as about 275,000,000 pounds or 25,000,000 pounds less than the normal clip. It states that the clip this year will be of good average quality, but on account of the hard winter a year ago, drought and marketing of sheep during high meat prices last year the clip has been reduced to the estimated figures given.

Owing to the decline of prices the last year, the grower will probably receive at least 10 per cent less than a year ago. There is very little contracting ahead for the new clip. Some 2,000,000 pounds taken by a St. Louis house would probably represent about the total of transactions to date. Boston dealers have contracted for little or none. This is in striking contrast to 1909, when, on a rising wool market, Boston, New York and St. Louis dealers contracted for fully 50 per cent of the clip prior to April 1.

MAINE DEMOCRATS WIN AGAIN

Party Candidates Win Four of Five Elections in Cities—Ranger Divided.

PORTLAND, Me., March 14.—Democratic success in Maine was continued at the city elections held today, candidates of that party winning the mayoralty contests in four of the five cities that voted. At Bangor, Charles W. Mullen, democrat was elected but the city government remains republican. Augusta remains under democratic control. First secured in 1906 by the present governor, Frederic W. Plaisted.

Ruel J. Noyes was elected mayor of Biddeford. Edward F. Hanson, democrat, was chosen mayor of Belfast, for a seventh term and Albert O. Marelle was re-elected mayor of Biddeford by democrats and independents.

Warning to Railroad Men.

Look out for severe and even dangerous kidney and bladder troubles resulting from years of railroadings. George E. Bell, 33 Third Street, Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroadings left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a bottle of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." For sale by all druggists.

EVICT RAILWAY MAIL CLERKS

Government Will No Longer Permit Their Sleeping at Postoffice.

ORDER ISSUED AT WASHINGTON Dormitory and Rest Room Maintained at Omaha Postoffice to Be Abandoned After April 1.

And now the railway mail clerks are up against it again. This time they are to be evicted from the rest rooms in the federal building. Since the completion of the great structure in Omaha certain rooms have been kept for the use of the railway mail clerks who were laying over here between runs. These rooms were fitted up for lounging and dormitory purposes and were of great convenience to the men in the mail service. Under a recent order from the Treasury department, which has control of the building, after April 1 the rest rooms and dormitories are to be abandoned, and the men will have to find headquarters and accommodations elsewhere.

One of the members of an Omaha-Chicago crew thus unburdens himself on the subject: "We are ordered to vacate the rooms on the fourth floor of the postoffice, which are occupied as a dormitory and reading room, by the 1st of April. No reason is assigned, but the clerks believe it is an effort to deprive them of a central point where they may meet and talk over any conditions on the various lines centering in Omaha. It is believed also to be the plan of the Postoffice department to abolish all dormitories in public buildings, because of the fact that the per diem allowance to clerks for expenses on the road was increased by the last congress.

Conditions of Employment. "During the last year they have received the meager sum of 5 cents for a meal and 4 cents for a bed, after having been on duty for twelve hours. The last congress made a permanent law and increased the amount to \$1 per day, but under pressure of the Hitchcock retrenchment policy, appropriated only enough money to pay half that amount. Now the clerks are being ordered out of the public buildings, so their sleeping expenses will be more than doubled. An effort is being made here to organize a stock company among the clerks and rent a place where adequate facilities for their accommodation may be had.

"None of the fair promises made by the department recently have been lived up to except that a few delayed promotions have been made on lines where the most discontent was manifested. The men are working harder now than ever before and still all the blue lines from the east are going 'stuck' and hauling the mail up and down the road until it is worked, Tuesday morning the Burlington fast mail, No. 15, brought in over a ton and a half of unworked mail, and there has been but few mornings in the last week when there has not been this amount and sometimes more. On the Northwestern an extra duty schedule has been arranged and the clerks are again forced to work during their layoff period without extra compensation and with no allowance for the extra expense to which they are put thereby. The insurgency movement grows apace and unless the conditions are ameliorated a general resignation of the clerks may be looked for and Postmaster General Hitchcock be given an opportunity to make good his threat to 'get 14,000 better men if we need them.'"

SCHOOL BOYS DRIVE MAN WITH SHOTGUN INTO RIVER

Searching Party at Dayton Tries to Locate Body of Strangler Who Makes Trouble.

DAYTON, O., March 14.—A searching party is engaged tonight in trying to locate the body of an unidentified man who ran into the river at Miamisburg this afternoon to escape a crowd of school boys.

The stranger was misbehaving in front of a school house at Miamisburg and the boys set upon him. He ran into a nearby house and secured a shotgun and attempted to fire upon them. He then ran toward the river, pursued by the boys. He plunged into the stream and was lost to view. He was well dressed, about 35 feet tall, possibly 45 years old and wore a gray suit of clothes and a light gray overcoat.

SEVEN BODIES RECOVERED

from Mine at Virginia, Minn., is Slowly Giving Up Its Dead.

VIRGINIA, Minn., March 14.—Seven bodies have been recovered from the Great Norman slide and the diggers assisted by a powerful wrecking outfit, are making good progress. It is believed that by tomorrow the last of the bodies will be uncovered.
