Broken Bow Voters Hold Mass Meeting

Two Nonpartisan Tickets Are Nominated and Council Questioned About Light Fund Shortage.

BROKEN BOW, Neb., March 16-(Special)-At a crowded mass convention held at the opera house last night for the purpose of putting two municipal tickets in the field, J. C. Bowen, a prominent business man, and Councilman James Ledwich received the nominations for mayor.

Resolutions were adopted commending the present administration under Mayor Rockwell and advising the extending of water mains and the taking in of new territory. As usual, the city will remain dry, the liquor question not being made an issue of this campaign. A special resolution was also adopted requesting the counell not to grant a pumping license to any firm or corporation without submitting the question to a vote of the people. It also commended the present administration for its action in turning down the electric light company. The main bone of contention, however, appeared to be over an apits part parent leak in the city electric light fund

of over \$8,000 which the convention seemed anxious to locate. It was carefully expinined by one of the council, acting for Mayor Rockwell, who is ill, that the the cash funds for maintaining the road money had been used to better the condition of the water works plant and it was further stated that the same fund had been pledges in the farm districts for donation used in a similar manner by former adwork and are meeting with an aimost ministrations upon the advice of their attorneys. This aroused a whirlwind of questions and protests, and after the dust had settled somewhat the convention ordered that a committee of three be apof any other county on the line. pointed to make a thorough investigation into the affair.
