Massive Mausoleum of Granite is to Be Erected by J. C. Root

Magnificent Tomb of Marble to Be Placed in Cemetery at Head of Woodmen.

One of the finest mausoleums west of Chicago and the most beautiful in Nebraska will be erected opposite the Dietz mausoleum in Forest Lawn cemetery by Joseph C. Root of the Woodmen of the World. Though its cost will be great, Mr. Root is not prepared to say what the expense will be. It will be built of Barre granite. It will have a twenty-eight-foot front, be sixteen feet deep and eighteen feet high, with eighteen steps. It will be of Roman Doric architecture. The doors and mountings will be of bronze. In the interior will be a granite seat and two pedestals. It will be erected in the center of a lot containing 2,984 square feet. It will be completed September 1.

EASTERN BUSINESS MEN ENROUTE TO THE ORIENT
Commercial Excursion is Not Entirely Called Off by Mishap to Ship.

Thirty-two people, business men of Chicago and New York with one from Des Moines, passed through Omaha Friday morning on a trip from Chicago to the orient to develop trade possibilities. The men in the business scheme were joined by their wives on the trip, and in San Francisco the easterners will be joined by a party of Omahans, who left here Thursday for San Francisco.

The entire party will sail aboard the steamer Mongolia for Japan, later visiting China and the Philippine islands, and a number of them will make the complete circuit of the world. L. V. Hill, president of the Great Northern railroad, organized the party and is accompanying it on the trip to San Francisco.

The Omaha people who will meet the members of the Chicago Commercial club and go on the trip are Mr. and Mrs. David Cole, Mr. and Mrs. George H. Kelley, Mr. and Mrs. Gould Dietz, Mr. and Mrs. A. V. Kinsler and children and Mrs. Olive Watson of Lincoln.

Pickpocket Asks for Aid from the Police

Ed Riley's Stratagem Fails and He Finds Himself in City Jail.

Efforts to elude the police in aid of a plan to rifle the pockets of a victim have put Ed Riley, a vagrant, in jail. Riley was chased out of a Douglas street saloon by a bartender for an attempt to rob E. M. James, a farmer of Omaha, Ia. Riley reported at the police station that his "father" was being detained there. He demanded that the officers gain his "father's" release. The police on investigation arrested Riley on a charge of larceny from the person, declaring that he only wanted his James out of the saloon to rob him unmolested.

James is held as a witness. When he arrived in Omaha he had \$90. He now has \$88.

HARRIMAN LINE IS SOON TO BUILD DOUBLE TRACK

Men Now at Work on the Pedro Line to Be Brought to Nebraska.

Union Pacific engineers begin laying the double track ordered for the line between Julesburg and Pine Bluffs, Colo., either the last week in March or the first in April. The grading will begin as soon as it is possible to move the earth, the workmen starting at Julesburg, when the first breaks.

Surveyors of the railroads are now out on the line, driving stakes for grading levels, and measuring for fills and cuts. Care has to be taken in building the new track that the work will not delay traffic on the older part of the line, and in making embankments there is a double danger that the new weight may set the line first placed on the bank on a different level.

At the present time the Harriman system has hundreds of laborers and teams working on the new "high line" between Salt Lake City and Los Angeles. This line will be completed within two or three weeks, and it is probable that practically the entire force of men will be shifted to the Union Pacific work in Nebraska.
