Chairman Underwood Exper crats on Committee to B This Week

HOPE FOR PLAN BY APR. 4 Doubt Whether Questions Will Riders on Bill.

HEARINGS WILL BE DEMANDED

Certainty Manufacturing Interests Will Ask for Them.

MAJORITY IS FOR RECIPROCITY Measure Will Be introduced by Chairman Underwood and Not by Congressman Peters, as Had Been Anticipated.

carry out the Canadian reciprocity agree. Naftager's case if only a fine is imposed. ment has been framed. The most complex question to come before the committee is whether any tariff questions will be placed upon the Canadian bill as riders, or whether such schedules as the committee decides should be revised, shall Ordinary Transfer, Such as is Used in be treated as separate measures.

The certainty that hearings will be demanded by producing and manufacturing interests affected by any proposed re-

BHI Comes from Underwood. Centrary to the general report, Representative Peters of Massachusetts will

net introduce the Canadian bill to be presented almost immediately upon the convening of the special session to carry out the terms of the agreement.

That honor will fall to Chairman Underwood, following the practice of having revenue measures presented by the chairman of the ways and means committee. The bill, however, will be the one framed in the committee and will be known as

with Canada regarding articles not named childhood days.

SOME ACTION FOR HIGHWAYS Long Continued Agitation Certain to Bear Fruit.

WANT STATE HIGHWAY HEAD State Engineer to Be in Charge of

General Work. OBJECTION TO AID FROM PUBLIC

Number of Members Declare Plan to Appropriate General Funds for Any Coupty Is Not Wise Move.

(From a Staff Correspondent) LINCOLN March It - (Special)-The good roads temptation which the present session of the legislature has been prepartng to enuct for several weeks will probably be dispused of Monday afternoon The five bills drawn up by the special lows committee on roads and bridges, which was made up of both senators and representatives, have been made a special order for the day and will be taken up in

committee of the whole, The bills, H. R. 68, 68, 61, 67 and 67, embody several different systems of road overseeing and it is not probable that all of them will be passed. The provisions of all the others depend to some extent upon tthe enactment of H. H. St. which establishes a state bighway commission. This commission is to have the engager of the state board of irritation os its engineer and the members shall be the governor. The attorney general and the commissioner of public lands and milldings. Three deputy highway commissioners are to do the executive work of the commission

What Bills Provide.

The other bills teclude a state aid measure, a bill to provide for the collection of a rounty road fund, one to allow the commutation of the road labor tax at \$5 a day and one to provide for county road ommissioner and deputy.

The state aid bill is the one upon which a fight will probably be made. The expense of giving help out of the state treasury to different counties which may need CADET TAYLOR IS EXAMINED extra funds to develop their roads would amount to about \$100,000 a year. The bill, as drawn, gives the rounty board of each county the power to send resolutions to the state highway commission asking for the improvement of any section of road in its county outside of an incorporated village of city. If the state board ap-Complete testimony coverin govery phase prove the county hourd sends in a survey in the committee and will be known as a committee measure.
