DOG SHOW OPENS TOMORROW

Many Champions Will Be Put on Benches to Be Judged.

JUDGES AND EXHIBITS ARRIVING

Hellas von Wertemberg, Champion of America and Germany, Will Reach City Today for Entry at Show.

Omaha's dog show, opening at the Auditorium tomorrow, has an attractive list of champions entered.

Hellas von Wertemberg, champion of America and Germany, will reach city today for entry at show.

Rockland, a champion English setter, owned by Fred Hamilton of Omaha will show.

Dr. J. H. Williams of St. Louis has entered his collie, "Fairbold Phenomenon," one of the best of the champion dogs of America.

Champion Fox Terrier, "Sabine Reserve," a fox terrier champion owned by Mrs. A. D. Abel of St. Louis will be here for the show.

By the rules of the American Kennel club a dog must have fifteen prize winning points, gained by being the first dog in his class at a show.

Four fine dogs will in all likelihood be made champion dogs in the Omaha show.

The two judges of the show, A. T. Hochwalt of Dayton, O., and Dr. George W. Clayton of Chicago, will probably be in Omaha late tonight.

Dogs of all breeds are beginning to arrive in Omaha and by Wednesday the entire show entered will be on hand.

PICKERING TRIES A NEW SCHEME

Builds a Tight Box at the Park for Lourening Up the Stiff Pitchers of the Old and New Ball Players.

Spring training began at the new Omaha base ball park Monday morning, fourteen of the squad being in line for the afternoon practice.

Olle Pickering spent a great part of Monday in building a "sweet box" in the training quarters. The box is wooden, four feet in height and only the head of the victim fits outside.

The process is as simple as the box. Light the lamp, heat the water and have steam arising around the ball player.

Western Leaguers to Burn Up the Miles on Summer's Trips

Wichita Man Figures How Far Each Club Will Travel According to Schedule.

Wichita Man Figures How Far Each Club Will Travel According to Schedule.

WICHITA, Kan., March 19.—(Special.)—So much interest is manifested in the new schedule adopted by the Western league and the mileage of the different clubs has been discussed to such an extent that Secretary McMillen of the Wichita base ball club got busy and carefully estimated the number of miles to be traveled by each club during the coming season.

The extra trip around the circuit by each club naturally increases the mileage benefit by the increased attendance that is bound to follow the frequent changes of the teams.

The geographical position of Denver naturally gives that club the big end of the mileage schedule, and the Gaiters will travel 15,770 miles during the season.

St. Joseph has the least number of miles on the list, with 9,363 miles. Sioux City is second in the list with 10,843 miles, while the Jobbers at Wichita will travel a total of 12,531 miles.

The other clubs in the league follow with Topeka, 10,820; Des Moines, 10,384; Omaha, 10,065 and Lincoln with 9,872 miles.

The grand total number of miles traveled by the eight clubs is 86,355 miles, or an average of 10,794 miles. All of the clubs with the exception of Denver, come under the average.

The railroads will receive a handsome income from the league this year on account of the change. Allowing sixteen men to each club and figuring the rate at 2 cents a mile the Western league will pay \$27,338.40 to the railroads, not counting the sleeper charges.

Most of the trips will be made at night and are all night trips so the sleeper account on expense list will be no small matter. Each club will pay out on an average of \$3,462.50. The Wichita club will pay out \$3,414 per man in addition to the sleeper rate.

The big jump of the league is from Des Moines to Denver and is 735 miles. The jump north and south from Sioux City to Wichita is 477 miles.

The shortest jump is from Lincoln to Omaha, 85 miles.

In addition to the increased attendance the fans in each city will get to see all the other teams in action during the first thirty days of the season.

The teams playing the open games jump after the first three-game series and open the season in the west of the circuit.

Many of the fans did not get to see their teams in action for nearly two weeks after the season opened.

Gossip of the Alleys.

Tuesday night will be the battle royal of the basket ball team of the Omaha High school throughout the present season, eight "Os" were awarded to the members of the squad Monday afternoon.

The occasion was exceedingly quiet, and no mass meeting or any other form of season prize took place.

During the entire season the boys have worked hard before and also during the games. Although the team this year is not a championship team the lads who constituted it did credit to the school and also to themselves.

Out of the eight members on the squad only three were on last year's team and two of these were only in a few games.

They were Edwin Carson, captain of the team; Vergil Rector, William Baumgard, Leslie Burkenroad, Jacobs, Donald Howe, Elbert Wade and Munkey.

The shape of the "Os" were square, resembling the track "Os." The captain of the basket ball team for next year will be elected by the basket ball team Wednesday.

Wiley with his 86 score won the prize for the smallest total in the tournament, while Dick Schneider with 106 took down the single game booty.

Think of Scannel getting three double centuries in the night in playing it's up for Hansen to get the route now and for Weymiller to feel good.

Mac Martin of the Pet Loch's showed up very well in all the events. Balzer was a close second, and is an old tournament boy from Des Moines.

Gilham won the weekly prize on the basement runways with the small total of 288. We would like to know what week it didn't win it, please.
