BENNETT'S

Opening Week

We Can't Choose Your Spring Suit for You

But we have done the next best thing in gathering the finest and newest productions of imported and American made fabrics, tailored into the newest authentic lines that grace any store's new spring display.

The variety of styles and the assortment of pretty weaves here shown, demonstrates beyond all doubts, that Bennett's selections in ladies' wearing apparel receives closer attention as to the likes and dislikes of the well dressed women, than do those of other stores.

To offer garments of real individuality and character, that are unlike those of other stores, yet full of the newest and smartest styles of the season, is the goal for which we work.

Here's a New Model Just in at \$25

In pretty shades of tan, gray, blue, and the new 1911 browns, with the neat little short jackets, lined beautifully with the finest Peau de Cygne that French looms produce. The trimmings at the bottom of the jacket consists of three dainty milliner's tucks, while the sleeves are plain, to conform with the mannish lines of the back. The collars are narrow, faced with silk, to match the shades.

The skirts are pretty, too. Far more so than some for the spring, usually gored, giving them a full appearance, yet they are made in two and half yard widths, and these cost but **\$25.00**. Make your inspection now. It's Opening Week.

OUR MILLINERY SECTION IS A-BLOOM WITH ALL THE PRETTY NEW SPRING HATS, in Both Parisian and American Designs.
