PACKERS MUST STAND TRIAL Immunity Bath Given Them in 1906 No Longer Effective. RULING OF JUDGE CARPENTER Court Overrules Demurrer to Indictments, Saying that Immunity Granted Does Not Cover Subsequent Offenses. CHICAGO, March 22.—The indicted Chicago packers lost their fight against going to trial on the indictments secured by the government several months ago when Judge Carpenter in the United States district court today overruled their demurrer to the charges and held that the immunity granted by Judge Humphrey of the federal circuit court in 1906 did not apply to the present charges, which, he held, were based on evidence not included in the Humphrey decision. Judge Carpenter's decision occupied nearly an hour in reading and went into the controversy relating to immunity with great detail. In brief, the packers' position was that any conspiracy that might have existed was the plotting prior to Judge Humphrey's immunity decision, and that the immunity from prosecution granted them extended over all future time, so long as the acts covered by the 1906 decision remained the same. Judge Carpenter ruled that the immunity granted then was only for acts which had occurred prior to the date of the indictment and could not pertain to any unlawful act which was performed after that time.

QUICKLY CLEARS THE COMPLEXION Mrs. Mae Martyn has been addressing large audiences everywhere with her lecture on "Beauty and How to Acquire It," says the Philadelphia Call. She said today: "With complexions as in dress, simplicity accomplishes most. So many women mistake in thinking high-priced powders and cosmetics best because of their cost. 'Of all skin beautifiers none compares with common spumax. It makes an ideal, inexpensive face lotion and used daily for a time makes a rough, sallow, lifeless or pimply complexion clear and smooth. To make the lotion, get at any drug store four ounces of spumax and dissolve it in a half-pint hot water, adding two teaspoonfuls glycerine. When applied it does not rub off or show like powder and is wonderful for oily, shiny, rough skins. It leaves the complexion clear, smooth and velvety.'—Adv.
