The order detailing examining boards extends to every department in the United States, and comes as a direct result of the recent enactment of congress which calls for the promotion of officers of higher rank, leaving vacancies to the number of more than 200. This makes it necessary to conduct examinations to determine the fitness of officers to fill up

the gaps thus made.

No matter how competent your cook may be she can't make a dish like this.

It's the same with us. Our chefs have been cooking for millions of tables for nearly fifty years.

They have pleased so many that people are spending ten million dellars per year to get their foods.

But they never made anything nearly so popular as this new dish-this wonderful dish of spaghetti.

There are 17 ingredients used in it, but the main ones are these:

BOND TANGLE IS STRAIGHTENED

Attorneys for Bonding Company Ask to Have Cosgrove, New Comp-troller, Sign the Bonds.

City Comptroller Cosgrove has straightened out the tangle which has been holding up the completion of the sale of the sewer and intersection bonds.

Upon advice from the attorneys for the Estabrook & Co. bonding house of Boston. which purchased the bonds, Cosgrove signed them as city comptroller and for warded them to Kountra Bros. of New York, fiscal agents for Nebraska.

The bonds were dated February 1. At that time C. A. Lobeck was city comptroller. A week later he was succeeded by Cosgrave. The bonds were not signed by Lobeck aud the question arose as to which should algn. City Attorney Rine gave an opinion that the bonds should carry Lobeck's signature, but the company's attorneys ruled otherwise.

Comptroller Cosgrove anticipates a wire in a day or so from Kountze Bros. to the effect that the sale has been completed. The amounts of the bonds are \$100,000 for sewer and a like amount for intersections.
