WILL CLOSE SEASON MAY FIRST

Games to Be Advanced to Permit Early Finish of Schedule-Plans for Inter-City Tourney at St. Joseph.

Schedule of Games for the Week. COMMERCIAL LEAGUE (Keyt's Alleys.)

Menday-Bicycle Indiana vs. Tuesday-Pete Lochs vs. A. Frick & Son. Trursday-St. James vs. O'Brien's Monte Christos. Friday-Brodegaard Crowns vs. Luxus. MAGIC CITY LEAGUE.

(Garlow's Alleys, South Omaha. Monday-J. B. Watkins & Co. vs. Mar Un's Tigers.
Wednesday-Garlow's Cotts vs. Omaha Packing company, Friday-Culkin's Cubs vs. Hughes Paint

METROPOLITAN LEAGUE. (Keyt's Alleys.)

Monday—Sunkists va Derby Woolens.
Tuesday—Beselin's Mixers va Dietz.
Thurnday—Sluggers va Harvay's Colts.
Friday—Pat's Comets va Idlewilds. BOOSTER LEAGUE.

(Francisco's Alleys.) Monday-Yousem's Colts vs. Masseppas; Ruffner Talloring Co. vs. Omaha Rod and Jun club. Friday-Rangers ws. Peoples Store. OMAHA LEAGUE.

(Francisco's Alleys.) Tuesday-Jetters vs. Advos; Wroth's Spe-sials vs. Stors Triumphs. Thursday-J. R. Cross vs. Reios; Mets Bros. vs. Hospes.

MERCANTILE LEAGUE. (Francisco's Alleys.)

Monday—Ak-Sar-Bens vs. U. S. Cleaners, Tuesday—A. O. U. W. No. 17 vs. Storz uniors. Wednesday—Carpenters vs. Metropolitans.

Thursday—Equitable Life vs. B. B. Bs. Friday—Onimods vs. Kamos. President Weber of the Omaha league has called a meeting of the captains for this morning at it o'clock, the purpose of which will be to settle what grievances Definite action is expected to be taken so that the schedule can be completed before the season becomes too far advanced.

Bill Voss has been filtring around those cellar leaguers lately. It is rumpred about that he intends to have a new Brodegaard team that will be composed of Cellarettes exist between a few of the leading teams. and this with a number of postponed series will run the league away up into the month of May. As the Booster league will finish its schedule this week and as it uses the from now on. Six weeks of regular bowling still remains is achedule this week and as it uses the same alleys as the Omaha league an attempt will be made at the meeting today to advance as many games as possible an egg in it. He takes this as an omen of to finish the season not later than May 1. Many of the bowlers are enthusiastic golf and base ball players and it is feared that unless the season is shortened that many of the teams will be compelled to shoot without a full quota of men.

Now Alleys in St. Joe.

"Pa Kinneman" of St. Joseph, who is well known among the Omaha bowlers, has formed a partnership with Bowier Mc-Cauley of that city and that they are constructing a new set of alleys there, which when completed will be the equal of any to be found in the Missouri valley. It is their intention to hold an inter-city tournament Saturday and Sunday, April 1 and 2 Kunsas City, Des Moines, Omaha and other towns in the immediate vicinity have been asked to send teams. From sixteen to twenty teams are expected to have enter. The entry fee will be \$25 per team, the purse to be divided into three moneys. offered cash prises for the high team single game, high individual series and high individual single game. As the alleys will not be used until

first money, shooting a very nice total. At least two Omaha teams are expected

to enter the present contest. B. U. Perkins, known to the Omaha men as "Duffy," is secretary of the meet and any team wishing to make application for entry can do so by addressing him, care

of the Apex bowling alleys. Last Tourney at Keyt's.

The last tournament of the sesson is scheduled to take place on the Keyt base. AUSTRALIA WANTS ment alleys commencing Sunday, April 16. and running for three days, winding up on

Tuesday, April 18. There will be three main events, singles, The British Isles and the United States two-men and three-men teams, each event might agree to play the ties in South or phone Douglas 7380 for trouble with the to be finished in a day.

Play at Garlow's continues as though it ras mideeson. The South Omaha boys are loval to Garlow and know enough to tick around good alleys. Johnny Laird marked up a 257 a few weeks ago and has about broke all the pins on the alley trying to repeat. Gee what speed that kid has.

What speed that kid has

Bill Schneider is still able to roll a soo
occasionally. Bill and Herman Beselin are
going to shoot a match game for the champleaship of the original misers.

Moran has been getting too many splits
to mark up any high scores. He used to
miss Louis altogether, but now its right
source in the nose all the time.

Des Molpes Jorge is making trouble for took three from the Rod and Gun club. Hall rolled high total for three games,

Des Moines Jones is making trouble for the record makers in the Mercantile league. Shooting a 554 total in his second reflee in the league is going some. Figure of the Lochs dropped into the four with 626 he also had high single game with undred class in the match game this week. This is the first time this season that Fred line dropped below the coveted 500. McMartin shot the first big total since Toman

rolling his record smasher early in the searon, during last week's play, getting three in a row better than 250 each. Jim Moyna reminds one of Washington Johnson. He sure has the speed and it would make a busher green with envy to see him shoot those fast ones over.

Anderson's league of packing house mag-nates continues to grow each week and some of the novices of a few weeks ago are developing into real pin artists. Jody Gilham has balked at the bewling game and has put all his energy isto the Holly Ball club interests. Jody is com-munity known as the Krab Kaptain. M. V. Hall and Old Reliable Hull are a hard nut to crack, as many of the South Omaha men will admit. No team has yet been found that could get their goat.

But very few pins separats the leaders in the merry-go-round on the basement alleys, the scores being: Moran and Barton, I.ISI, Dunber and Barton, I.ISI, Dunber and Barton, I.ISI, Ilvis (Illusmand Gallup, 1.198, Jackson and Silk, I.193, Lepinski could not work a strike with that truck team and is now trying to induce the owners of the Omaska auto to loan him the big fellow for a night's play. Open to the world merry-go-round, corts; Zimmerman and Anderson, 1,22; Pritcher and Anderson, 1,22; Toman and Perk Ps. 1,136; Toman and Wartchow, 1,180. General Lee Utt of the Postoffice Sius-gers is a bit slow on reporting postponed games and will have to hurry with the reports if he wants to pigase those fellar-transports if he wants to pigase those fellar-transports in the manual control of the Luxus cracked out a 600 score, while the father

McCormick is about as good shortstop as of bowling. McCormick is about as good shortstop as as the game went on, making a 211 score of bowling, Herman Beselin, got stronger is is howier. Don't know whether that is so the game went on, no good recommendation or not, at least in his last game. Score: Gilham won't sign him. That seems sufficiently the state of the same went on the state of the same went on the same went of the same went of the same went on the same went on the same went of the same went on the same went on the same went on the same went of the same went on the same went of the same w clent.

The McCord-Brady Advos are keeping up the clip that wins. Too had these fellows couldn't have started earlier in the season. Would surely have made trouble for the present leaders.

The Idlewilds took two out of three from the Independents in the Metropolitan league least night. Dunbar had high game of 199 and high total of 53% for the Idlepresent leaders.

Fitagerald has a new invention to keep him from going over the foul line. It is called the Black Marie, and whenever it comes into contact with anything of a black color it stick? like give.

Frank Isbell got busy with the axe last week and dropped five of his hopefuls from the training squad. Harmon, Lainbeth, O'Connell, Underhill and Dean were the youngsters sent back for another year's experience playing on the smaller engues.

Izry is having a fast training season down at Wichita, the players working hard and conscientiously for places on the squad and it looks as if the Witches were going after one of the first places.

Up at Des Moines there seems to be delightful uncertainty as to just what kind of a base ball machine is going to be developed from the varied material on hand The experience of the Des Moines fans during the least season has discouraged them a little. There is plenty of stuff on hend, but until the players get together next week it will be impossible to get opponents and hold the fort at Meadow a line on the team. The list of players has thirty-one names, eleven of whom are atrangers to the Des Moines fans.

Topeka has signed another new pitcher, A. A. Kaufman of Terre Haute, Ind. Kaufman is a right hander, six feet two inches tall, and he is so sure of his posispeedway in that borough. He will use the tion that he brought his wife along with him. Another youngster, Karkins, has also been added to the Topeka staff by Manager Moore, and he will try out for one of contact at the Lakewood grounds, there the regular twirier jobs. Topoka will play the White Box team Monday.

Sloux City began its training season last week, the pitchers and catchers reporting first and limbering up a little. Chick Hartman, the little Sloux player who was so popular with the Omaha fans, even there this year. Horray! The Antelopes, base ball players

belonging to Lincoln, are to have a special rubber and massage man. Mark Bly, a University of Nebraska athlete, is on the job and will pound the kinks from the Holy City bunch. Other hasty reports from lagher, H. D. Sobotker, C. R. Pollard, J. T. the Antelope announce that Noah Kelley, a failed to be put into operation. White not youngster in base ball, has been signed as the new catcher for the 1911 season. Manager Hendricks of Denver announce that he has hopes of catching a player or

At the completion of the 100,000 miles, the car is to be torn down and subjected to an exhaustive examination by a techinal suspension of the Case cars will expire committee composed of prominent automobile authorities, and it is conceded that both the industry and the Abbott Motor Co. will benefit greatly by what has been accomplished by this \$1,500 American automobile.

So great has been the foreign demand for the light weight model T car manufactured by the Ford Motor Company of Detroit, that the export shipping department of that company have been working overtime to fill the foreign orders. Ever since the first of the year, the Ford export department has been making average daily shipments of eighteen model T cars or over a hundred cars a week, which in it self is an industry that many automobile concerns would be proud of. The destinations of these cars are varied, some being sent to England, some to Europe, to Australia, a carload to Africa, another to Japan, in fact every civilised country on the globe has had its shipments of Ford CHIB.

The Omaha Motor Club reports the following new members for the past two weeks: Hans P. Noble, Ed Brown, E. M. Eckman, H. C. Bostwick, E. F. Folds, J. C. Sharp, Dr. R. E. Schindel, Lou Bick, D. L. Holmes, J. B. Watkins, Frank G. Kellogg, Harry F. Trumbull, H. B. Peters, Dr. R. G. Gillmore, Wm. Rochford, Z. H. Clark, W. H. Lewis Doty made a test of the strength of his five-ton Sampson truck yesterday by successfully pulling a nine-ton stone and at the same time drawing a wagon / a loaded with a five-ton stone.

Emil Gruenfeldt, designer for the Baker Motor Vehicle company, remarked recently in Cleveland, O.: "Now that shaft drive n electrics has become so universal, it is interesting to recall the prediction made nine years ago by the Baker company of this city, that shaft drive would supersede chain drive in both gas cars and electrics. The far-sightedness of this prediction is more apparent when one stops to consider how far back into the dim past of motor car construction nine years takes us, At that time shaft drive was a mere theory. And that it today is an accomplished, fact in electrics, is due entirely to the years shaft drive designing done by Baker engineers and its final perfection two years ago in the Baker electric.

"Chain drive manufacturers the country over described the 'experiment' as a foolish waste of power. 'Beautiful in theory. they said, 'but not in practice; chains are ore efficient.

"But after one season's operation, the shaft drive Baker had permanently established its superiority. People had seen its unqualified success in the hands of ever 1,000 owners. One world's record after another afforded still further proof. Chain drive was doomed.

"One maker after another hastened to meet the popular demand by adopting some form of shaft drive in his 1911 product.

"While the Baker shaft is in line with the best gas car designing, it was not merely adopted from this source. It was developed after years of careful experimenting to meet the special requirements of electric motor power. This was entirely a question of applying the shaft drive principle to the needs of electric vehicles-of developing, in fact, a new type of transmission. This was a difficult problem and its successful solution in Baker electrics was a singular achievement of modern engineering skill.

"The Baker shaft drive is not only ploneer; it is unique. There is none other like it. In it friction has been reduced; to a minimum by specially designed gear teeth which afford almost perfect rolling contact. The shaft affords a straight lift. drive with universal joints which enabl-It to operate without the strain upon gears, bearings and springs inflicted by a rigid shaft. This accounts for the wonderful elasticity in the Baker's transmission. which many other makers believed impos sible in shaft driven cars. "Shaft drive has come to stay: If is
