

me they are receiving reasonable remuneration. In fact, they are better paid than county officers out in the state who are obliged to put in their entire time. Now again, taxes in Douglas county are already high and must still go higher for necessary public expenses. And it is plain to me that this bill provides for an unnecessary expense, and I therefore veto the same."

**Selleck Nonpartisan Bill.**  
After a call of the house the Selleck bill for a nonpartisan board of control for state institutions was passed by the senate. The first ballot taken on this bill, S. F. 48, resulted in a vote of 13 to 13. As a constitutional amendment it needed at least twenty votes or three-fifths to pass. Only Senator Volpe was absent and his vote was uncertain, but the friends of the measure insisted upon a call of the house. While the call was in progress Senator Tompkins and Butman were prevailed upon to come over to the affirmative side and the bill passed, 29 to 11.

It provides for the submission to the people of a constitutional amendment for a board of control, which shall be elected or named in any way that shall be decided by the next session of the legislature. The roll call was as follows after the changes:

**EDITOR BROWNE**  
Of the Rockford Morning Star.

"About seven years ago I ceased drinking coffee to live your Postum a trial. I had suffered acutely from various forms of indigestion and my stomach had become so disordered as to repel almost every sort of substantial food. My general health was bad. At close intervals I would suffer severe attacks which confined me in bed for a week or more. Soon after changing from coffee to Postum the indigestion abated, and in a short time ceased entirely. I have continued the daily use of your excellent Food Drink and assure you most cordially that I am indebted to you for the relief it has brought me."

"Wishing you a continued success, I am Yours very truly,  
J. Stanley Browne,  
Managing Editor."

Of course, when a man's health shows he can stand coffee without trouble, let him drink it, but most highly organized brain-workers simply cannot.  
The drug nature of the coffee berry affects the stomach and other organs and thence to the complex nervous system, throwing it out of balance and producing disorders in various parts of the body. Keep up this daily poisoning and a serious disease generally supervenes. So when man or woman finds that coffee is a smooth but deadly enemy and health is of any value at all, there is but one road—Postum.

It is easy to find out if coffee be the cause of the trouble, for if left off 10 days and Postum be used in its place and the sick and diseased conditions begin to disappear, the proof is unanswerable.  
Postum is not good for 15 minutes after boiling begins, when the coffee flavor and the food elements are brought out to fulfill its mission of palatable comfort and renewing cells and nerve centers broken down by coffee.

"There's a Reason."

### Four Burned to Death at Harrodsburg, Ky.

**Mrs. J. M. Bridges and Three Children Lose Their Lives When House is Burned.**

HARRODSBURG, Ky., March 27.—Four persons perished and five others had narrow escapes in the destruction of the home here, early today. The victims were Mrs. J. M. Bridges and her three children. Her parents, the Yeates, and their three children, escaped with slight burns.  
Mrs. Bridges and her children were visiting at the Yeates home. They slept on the second floor. Early today Mr. Yeates was aroused by the crackling of flames. He alarmed his wife and their children, who slept on the first floor and shouted up a flame-choked stairway to Mrs. Bridges. There was no response to the alarm from the upper floor. Yeates attempted to rush through the burning stairway to his daughters' aid, but was driven back by smoke and fire.  
In the ruins of the house were found the bodies of Mrs. Bridges and her children.

of several different makes further indicates that was stolen up in a open shop.  
The revolver was handled by several persons immediately after the shooting, precluding the possibility of photographing finger prints on the grip, which might have led to the identification of the criminal.  
**Start Hunt Over Again.**  
It was announced late Monday afternoon that the detective department had decided to start anew on the pursuit of the murderers. The description of the two men as given by Loyal Cohn, who was with his father when the shooting occurred, is not satisfactory. The young man is unable to remember accurately any details or even the more general aspects of his father's assailants.

### Jake Klein Invited Cohn to Ride Home with Him in Taxi.

Jake Klein invited Cohn to ride home with him in a taxi. Had Herman B. Cohn accepted the invitation of his friend, Jake Klein, to wait and ride home in a taxi with him it is possible he might have been still alive. They were together at the Metropolitan club when Cohn said it was time for him to leave. Mr. Klein suggested that he wait for a taxi and that Mr. Cohn had better wait and ride with him. The offer was declined and Mr. Cohn caught the last car running west on the Farnam line. The taxi arrived sooner than it was expected and the consequence was that Mr. Klein arrived home before his neighbor, Mr. Cohn, reached the place where he was murdered.

### ROBBERY NEAR MURDER SCENE

W. A. C. Johnson Held Up Year Ago Within Block.  
W. A. C. Johnson, cashier of the South Omaha National bank was held up and wounded by robbers about a year ago just one block west of where Mr. Cohn was killed Sunday morning. The news of the death of Mr. Cohn was a hard shock for him. A year ago, Mr. Straussberger, the New York member of the firm, died suddenly and now Mr. Cohn is taken away.

### WATCHMAN GETS ON JOB LATE

Special Patrol Arrives Two Hours After Killing of Mr. Cohn.  
Residents living in the neighborhood of Thirty-second and Farnam streets, near the place where Mr. Cohn was killed, have had a special watchman employed for some years to patrol that section at night. Saturday night the watchman was not watching, but he appeared on the scene at 3 a. m., just two hours after Mr. Cohn was killed, and had not then even heard of the shooting.

### Captain De Lara is Safe.

LON ANGELES, March 27.—Carried by courier through the federal lines in Mexico and across the border to El Paso where it was placed in the United States mail, a letter written by Colonel Paul Mason, an American soldier of fortune in Madero's army, nearly a month ago, reached Mrs. L. G. De Lara, wife of Captain de Lara, an officer in Madero's army yesterday, telling her of her husband's survival of the battle of Casas Grandes. It constituted the first authentic information which the wife has received in weeks.  
Mason in his letter to Mrs. de Lara, wrote that he saw Captain de Lara a few hours after the battle, leading a remnant of his band from the field.

### FUNERAL OF E. M. STERZING

Man Murdered by Dr. H. D. Kelly Buried in Des Moines.

### STRONG DEFENSE IS PLANNED

Attorney for Kelly Makes Statement Indicating Effort to Have Him Committed to Asylum Before Grand Jury Acts.

(From a Staff Correspondent.)  
DES MOINES, Ia., March 27.—(Special Telegram.)—Funeral services for Edmund M. Sterzing, who was murdered Saturday by Dr. H. D. Kelly, were held this afternoon. The Odd Fellows had charge of the funeral. Mr. Sterzing had been a member of the order for years. Scores of friends and sympathizers were present.  
The body of Deputy Sheriff C. E. Wollman, also murdered by Kelly, has been taken to his home at Council Bluffs where interment will be made.  
Coroner Lee will hold an inquest this week. An official report will be made to the county auditor for years. It is expected that an indictment will be returned against the imprisoned physician.  
A statement was made by the attorney for Kelly today which indicates that a stiff defense will be made and probably an effort to have him committed to an asylum before the grand jury looks into the case.

charge of the sanitary arrangements and comfort and health of the employees of the canal zone.  
"It is due almost entirely to Colonel Gorgas," said Mr. Burke, "that it has been possible to secure men to work upon the canal. He has introduced advanced methods of sanitation, and really, I would say, as soon have a job on the canal as I would to work in the open in South Dakota. That is where we have conquered, and where the Frenchmen, under De Lesseps, failed. It is said that a human life was laid down for every tie of the Panama railroad. Perhaps that is true, but conditions under Colonel Gorgas' administration have changed all this until now the canal is as healthful a place in which to live as any spot on earth. He has succeeded in cleaning up fever-infected places and maintains a strict watch for the welfare and health of the men, with the result that mortality from the ordinary diseases of this climate has been reduced to a minimum."

### BALLOONISTS IN A STORM

Four German Aeronauts Fall into the Fulda River Near Cassel.  
Cassel, Germany, March 27.—Four passengers in a special balloon Algenberg, had a terrible experience while attempting a flight to the North sea today. A hurricane drove the balloon, which ascended at Algenberg in the Duchy of Saxe-Altenburg into the Fulda river, which is over its banks on account of the floods, and the balloonists were rescued with difficulty. One of them was severely injured. The balloon traveled 150 miles in three hours.

### Order Affects Water Rights.

The secretary of the interior has issued the following order in connection with the North Platte irrigation project in Nebraska and Wyoming for the purpose of relieving the present situation on the North Platte project, pending issue of public notice modifying or abrogating notices heretofore issued: This being a revision of the order of March 7, 1911.  
"A stay of proceedings looking to cancellation of entries or water right applications because of failure to make payment will become effective as to all entries or water right applications subject to public notices heretofore issued (except public notices prior to March 3, 1909) for which payment on account of building charge has been heretofore made."  
"Such stay shall also apply to those applications for which no payment on building charge has been made if on or before March 31, 1911, payment is made of not less than 50 cents per acre on account of building charge payable thereunder. Such stay of proceedings shall remain in effect only until June 15, 1911, after which water will be furnished to both classes described in paragraph 2, until said date without payment of charge for operation and maintenance."  
"If part payment of the charge for operation and maintenance, to the amount of 50 cents per acre, be made on or before June 15, 1911, and a stay of proceedings shall continue until further announcement by means of permanent public notice or otherwise."

SALT LAKE CITY, Utah, March 27.—James Salt, treasurer of Utah for twenty years and treasurer of the Mormon church for more than fifty years, died today at his home here of old age. He was eighty-two years old.  
Salt crossed the plains with an ox team in the early fifties and shortly after reaching Salt Lake City was appointed by Brigham Young as treasurer of the church. He served in this office under all Mr. Young's successors.

### New York Brokerage Offices Raided and Big Fraud Revealed

Postoffice Inspectors Charge Irregularities Amounting to More Than Twenty Million Dollars.

NEW YORK, March 27.—Following a raid on the stock brokerage offices today in Fifth avenue, occupied by Winser & Co. and the Standard Securities company, postoffice inspectors charged the irregularities amounting to more than \$20,000,000 had been brought to light. Transactions in excess of \$10,000,000 throughout the country are credited to the two concerns in the last few years.  
Archie and Emmett S. Wiener, owning both concerns and Grover S. Trumbull, chief clerk of the latter, a United States commissioner held Archie Wiener in \$7,000 bail for the grand jury. Emmett S. Wiener in \$5,000 and Trumbull in \$1,500. They were committed to the Tombs. The charge is using the mails to defraud by selling worthless stocks.  
The specific charge is that the Wiensers, through small correspondence, represented to stock purchasers that the California Diamond Oil company was actively at work, when, as a matter of fact, according to the charge, the company was dormant and had lost title in 1908 to the property it was claimed to be operating.  
The principal stocks dealt in by Winser & Co. according to the postal inspectors, were those of the Thirty-Three Consolidated Oil company, Mutual Oil company, Homestake Gold Mining company, Little Badger Mining company, Syncamore Oil company, Valencia Copper Mining company, Black Oak Gold Mining company, Buxton Oil and Gas company, Mt. Jefferson Mines, consolidated; Murchi Gold Mines, consolidated; Empire Gold Mines, limited; California and New York Oil company, consolidated; California Monarch Oil company; United Tonopah and Goldfield Mines; Manhattan-Nevada Gold Mine company; Philippines Plantation company, and real estate in the postal inspectors' files.

### WALSH AND MORSE WILL STAY

President Will Deny Pardons to Bankers in Prison.

### WICKERSHAM PASSES ON PAPERS

Attorney General Finds No Reason for Extending Clemency to Financiers and President Will Accept His Views.

WASHINGTON, March 27.—From sources close to the president it was learned today that the pardon appeals of the two convicted bankers, Charles W. Morse of New York and John R. Walsh of Chicago, undoubtedly will be denied. It is stated that the attorney general's recommendation in both cases is adverse and that the president will follow his findings.  
Reports that Charles W. Morse, now in the Atlanta penitentiary, is in a critical condition as a result of misapplying the pardon to an unofficial statement by the Department of Justice. It was declared that when Morse's petition for pardon was prepared to be submitted to President Taft less than two months ago, the prisoner's health was entirely normal.  
President Taft has had Morse's application for clemency under consideration about three weeks. He also has considered an application for the pardon of John R. Walsh, now in the Leavenworth penitentiary.  
Morse is serving a fifteen-year sentence, while Walsh is serving a sentence of five years.  
The papers in the two cases have been before the president for several weeks. They were first considered by Attorney General Wickersham, who went exhaustively into the evidence presented at the trials of the two bankers.

### Customs Service is Cutting Red Tape

Collector Says He Started Endless Chain of Affidavits that Will Land Him in Asylum.

WASHINGTON, March 27.—While the customs service is being rehabilitated there is a disposition at the Treasury department to cut off red tape wherever possible. The abuse has grown up through many years and Secretary MacVeagh, wants to eliminate it and practical politics wherever he can.  
A collector at a small port in New Jersey, who has a record of collecting \$0 cents a year and drawing \$400 in salary and expense, recently was called to account for not sending certain documents in connection with the payment of his salary. He made this protest which has been preserved among the archives of the treasury:  
"I was criticised because I had failed to make an affidavit that I had paid myself my salary. In spite of the fact that I had sworn in my monthly accounts that I had paid myself my salary, I had not sworn that I had received the salary which I had sworn I had paid myself. This last affidavit cost me 25 cents."  
"I then had to put in a voucher for the 25 cents and make an affidavit that I had sworn I had paid myself. This has started an endless chain which threatens to land me in an insane asylum."

### Taft and Roosevelt for Highway from New York to Montreal

Project for International Road Connecting Cities is Endorsed by President and Predecessor.

ALBANY, N. Y., March 27.—With the proposed international highway from New York to Montreal apparently in a fair way to be carried out, friends of the project are now advocating an extension of the road from New York to Jacksonville, Fla. The bill appropriating \$1,600,000 to complete New York state's share of the highway from New York to Rouse's Point has passed the senate and probably will come up for passage in the assembly this week. Governor Dix has already announced his approval of the measure.  
President Taft, Colonel Theodore Roosevelt, Mayor Gagnor of New York, Mayor Guerin of Montreal and others have endorsed the project in letters to Howard D. Hadley of Pittsburgh, chairman of a committee of citizens organized to enlist interest in the undertaking.  
I resolve your letter in which you speak of an enterprise to build a broad highway of modern construction from New York City to Montreal. Of course, I should like to see such an enterprise carried out. It would contribute to the best and best business union of the two countries and cannot but be of benefit in many other ways.  
From Phoenix, Ariz., Colonel Roosevelt sends a letter endorsing the project.  
Of course it would be a great achievement if we could have such an international highway from Jacksonville to Montreal. I am confident that the building of the road would be a great boon to Montreal and also to New York. It is most important that the friendly intercourse between the two countries should be as free as possible."

### Chorus Girls Sell The Bee for Sweet Charity's Sake

"Buy a Bee, Buy a Bee, Buy a Bee." "Help worthy cause, the Child Bee." "All about the latest news, all the latest news, buy a Bee."

Shortly before noon fourteen or so members of the "Merry Whirl" chorus tucked a pile of noon editions of The Bee under their arm and started out for a merry paper selling whirl up and down Sixteenth, Farnam, and Fifteenth streets. They sold the papers, too, at a merry clip.  
"Buy a Bee, sure I'll buy a Bee." And each man did.  
Pa'Rourke, illustrious leader and controller of Omaha's diamond heroes, was the first to purchase one of the "special edition." He was generous; he bought three and paid—well why say what he paid.  
The amateur newbies had all the enthusiasm of amateurs, people to whom the novelty lends zest and they were not content to merely wander up and down the street, but invaded office buildings, bearded stern and dignified sanctuaries of legal, real estate and insurance acaeracis—and sold their papers.  
That the cries of other newbies might not drown their voices trained for theater and not open air shouting, each girl assumed the role of "sandwich man" and wore upon her chest and upon her back a black and white poster which proclaimed the benefit of the Child Savings institute.  
Rev. A. W. Clark, superintendent of the charity to be benefited was at the theater to see that his volunteer newbies got started right, and also at The Bee, when they flocked into the paper room and received their armfuls of papers "fresh from the press." The stack of papers allotted to each girl was large, and she had at least some difficulty in keeping all the papers under her arms. Assistance was generously volunteered by bystanders and the unruly papers put back into place—or exchanged for money.
