DE LA BARRA TO THE FRONT

New Minister of Foreign Affairs to Become De Facto President and Call an Election—Limanour May Be Candidate.

SAN ANTONIO, March 28.—Francisco I. Madero, sr., father of the insurrection leader, on his arrival here today, declared that peace in Mexico was assured, probably within ten days.

Diplomatic exchanges had proceeded sufficiently, Madero added, to make it safe to state that the offices of vice president at present occupied by Ramon Corral whom he called obnoxious, will be abolished, for the time being at least.

The predicted resignation of Corral will leave the functions of the office of vice president to the new foreign minister de la Barra. Madero said Diaz will save his face by remaining in office for four or six months and then resign. He will plead the weariness of his many years. It will then fall to de la Barra to become de facto president and to call an election.

The administration party, it is said, will choose Limanour, the minister of finance, as its candidate for the highest office in the land.

Senor Madero said he was not certain whether Limanour would accept the nomination, but believed that it would be tendered him. He said the meeting place of the plenipotentiaries had not been determined on, but it probably would be San Antonio.

Senor Madero, accompanied by his son Mustayo, arrived here this morning and repaired to the home of his son, Alfonso. De la Barra is expected to arrive here tomorrow.

"Very interesting," says De la Barra.

ST. LOUIS, March 28.—Francisco Leon de la Barra, recently appointed minister of foreign relations of Mexico, who arrived here last night on his way to Mexico City, left his hotel early today to tour the business section of the city.

He reiterated his intention of departing for Mexico City with capital at 120 o'clock tonight. He refused to discuss the prospects of peace in Mexico, putting off his questioners with the statement that he is not in touch with the affairs there. "Very interesting," was the only comment Francisco Leon de la Barra, the new minister of foreign relations of Mexico, when he read the Associated Press dispatches which outlined his becoming vice president and later de facto president. De la Barra said he had no instructions to stop in San Antonio for a conference.

Report Credited in Mexico City

MEXICO CITY, March 28.—The report that President Diaz will resign is regarded as not wholly without foundation though the date of such action is contingent on re-establishment of peace.

Non-officially it was stated today that President Diaz has no intention of going abroad as has also been reported, the same authority saying that it was not improbable that General Diaz would seek retirement. The members of the new cabinet with the exception of Francisco Leon de la Barra, who has not yet arrived took the oath of office today.

Guerrilla Warfare Abandoned

EL PASO, March 28.—Guerrilla warfare has been formally abandoned by the Mexican insurgents, according to a decree issued by Francisco I. Madero and made public here today. The decree organizes the entire republic of Mexico into seven groups of states, each group to be known as a war zone, and the insurgents in each group to constitute a corps. Army ranks and the promise of a law giving pensions to widows and children are announced.

Madero becomes "supreme head of the insurgent army."

One of the objects of Madero in abolishing guerrilla warfare, which consists in the fighting of disorganized bands, is to inaugurate a regular army.

Abbatemaggio Tells of Row Which Led to His Confession

Twenty Thousand Dollars Stolen from House and Leaders Take it All Except Small Sum.

VITERBO, Italy, March 28.—The trial of the Camorrista, the adjournment of which on Friday interrupted the recital of the informer, Abbatemaggio, was continued today.

Abbatemaggio, in the last three days, has received many letters and telegrams congratulating him on his confession and also has been the recipient of many threats of what is in store for one who violates his vow as a member of "the beautiful reformed society."

A few correspondents seem bent on making sport of the situation. Then there are the inevitable theatrical propositions. One who describes himself as Sam Charing, an agent of Milan of an American theatrical house, offers the informer \$200 a day for the privilege of exhibiting him in the United States. This impressed Abbatemaggio, who exclaimed: "Wouldn't it be funny if, after being shut in a cage like a bird, I were to go to America and become a lion."

Continuing his revelations today Abbatemaggio described a burglary committed by the Camorrista at the home of Count Daugino in Naples, in which he participated. There was a quarrel over the division of the booty, which amounted to \$20,000. The leaders in the Camorra, including Cuocolo, for whose murder the thirty-six prisoners are being tried, Enrico Alfano, the alleged head of the organization, and De Marinis demanded so large a share of the spoils that none of those who actively participated in the crime received more than \$50. One Camorrist who got nothing denounced the burglars to the police and some of them were imprisoned.

Pennsylvania Will Investigate Hard Coal Combination

Resolution Looking Toward Finding Out Relations Between Mine Operators, Bankers, Railroads.

HARRISBURG, Pa., March 28.—A sweeping legislative investigation of the anthracite coal industry in Pennsylvania is proposed in a concurrent resolution introduced in the general assembly which has in view the enactment of laws for the protection of the public and the reduction of the cost of coal.

As an indication that the proposed investigation will be thorough, the committee is empowered to inquire into the relations between the companies and the great banking houses which are said to be closely affiliated with them and which usually conduct their financial operations.

The resolution, which is understood to have the approval of the republican leaders, gives the committee power to investigate the matter of freight rates, it being alleged in the resolution that the rates for anthracite coal are much higher than those for bituminous coal.

Strike Probable in Rock Island Arsenal

Men Object to Recent Order Prohibiting Them from Holding Political Offices.

ROCK ISLAND, Ill., March 28.—Labor troubles are possible in the military stores and small arms shops at the Rock Island Arsenal, employing 1,500 men, as the result of an order issued by the War department prohibiting employees there from holding political offices.

Notice has been given of the dismissal of A. W. Johnson and C. C. Wilson, laborers, because they were candidates for commissioner in Rock Island at the recent primary.

Alderman Charles Borst of the Seventh ward and Alderman William Cochran of the Fifth ward, both employed at the arsenal, were notified that they must resign the offices or be dismissed, and having but two months more to serve in the council, both chose the former course. All four are members of the local unions.

This action on the part of the War department, coming in connection with the promised introduction of the Taylor system of shop management which organized labor is opposing, is expected to result in strong protests to the War department.

No Sympathy with Use of Deceptive Phraseology When Loss of Province is Threatened—Mistake Made at First.

ST. PETERSBURG, March 28.—The Russian foreign office has telegraphed the Russian minister at Peking that China's reply to Russia's ultimatum is satisfactory and expressing the emperor's gratification at the happy termination of the negotiations.

PEKING, March 28.—It is suspected in the legation quarter that a deep design is afoot, thinly concealed by the Russo-Chinese exchanges. There is an inability to reconcile the contrary attitudes of St. Petersburg and the Russian legation here. While the former has been proclaiming the necessity of military action against China the latter has declared that the troops will not be moved.

It is believed the legation's attitude may be intended to encourage the Chinese, who are always ready to take part in a contest of cunning. Yesterday's reply of the Chinese foreign board to the Russian ultimatum, read superficially gives the impression that China complies fully with the demands made, but carefully studied, it goes a little beyond this and is replete with repetitions that China already has complied in previous replies.

Accordingly, though the legation quarter mistrusts Russia's intentions, there is little sympathy with the Chinese who evince delight in deceptive phraseology at a moment when the loss of a province may be threatened.

The members of the other legations generally think that China should have accepted unequivocally the Russian demands in its original reply to the Russian note of February 16 and so left Russia before the world without an excuse for aggression.

Mrs. Nat Goodwin is Granted Divorce

Decree Signed by Justice Giegerich Prohibits Actor from Remarrying During Life of Former Wife.

NEW YORK, March 28.—An introductory decree of divorce in favor of Edna Goodwin, the actress, from her husband, Nat C. Goodwin, the comedian, was signed today by Supreme Court Justice Giegerich. Miss Goodwin is given permission to marry again, but Mr. Goodwin is denied that permission during the lifetime of his former wife.

No alimony was asked by Mrs. Goodwin in her suit, and the decree carries none. When they were married in 1909, a deed of trust was signed by the comedian conveying to Miss Goodwin property in San Francisco and Los Angeles said to be worth several hundred thousand dollars.

The decree will become fully effective upon the signing of the final decree after three months have elapsed. It acts as a bar upon Mr. Goodwin remarrying in this state within his former wife's lifetime.

PINKERTONS ON COHN MURDER

Detective Agency Employed to Take Up Pursuit of Assaultants.

TO HOLD INQUEST TOMORROW

Coroner's Jury Investigation Expected to Develop Little—Revolver Identified—Four Suspects Released.

Pursuit of clues pointing to the possibility of the discovery of the identity of the murderers of Herman B. Cohn has settled into a relentless, patient study of every minute detail of the crime.

The Pinkerton detective agency has been employed to take up a share in the work. This move also indicates that the chase may early lead to other states and cities distant from Omaha.

The police are convinced that the murderers are beyond question now out of the city.

The inquest on the death of Mr. Cohn will be held by Willis C. Crosby, coroner, Wednesday afternoon, at 3 o'clock. The inquest can be expected to develop little which will throw light on the mystery.

Four Suspects Freed. With the close of operations by the detective department yesterday, the revolver with which Mr. Cohn was shot had been identified as that used by a highwayman in a holdup more than a month ago, and four suspects had been released. Other (Continued on Second Page.)

LINCOLN, Neb., March 28.—(Special Telegram.)—The attempt to reconsider the bill appropriating \$100,000 for the medical department of the University of Nebraska to be finally located at Omaha was defeated in the house this morning, although Acting Speaker Quackenbush allowed it to go to a vote.
