MINE MATTERS UP TO SOLONS

Iowa House Passes Bill Requiring Workers to Have Certificates.

SENATE TAKES UP CLARKSON BILL

First Step Toward Election of State Printer Taken by Resolution Looking to Joint Session for Purpose.

(From a Staff Correspondent.)

DES MOINES, March 28.—(Special Telegram.)—The legislature devoted itself today largely to bills relating to mining. The house passed the Hefelflooper bill, which provides that all miners entering the state hereafter must have a certificate by the Mine board showing their competency as miners. The purpose is to shut out a flood of foreigners who are said to be filling the mines to the danger of the entire mining population.

The senate considered all day the Clarkson bill, which contemplates complete revision of the mine laws of the state, but did not reach a vote. The senate today voted, 21 to 13, to order the committee on suppression of intemperance to report with or without recommendation the five-mile limit bill, which has been some time in the possession of the committee without action.

duce foreign countries to reorganize the belligerency of the insurgents, it is stated.

Dispatches from Chihuahua City today say General Rabago with 1,100 federal troops has reached the city, after having been on the march from Juarez since February 23. Rabago went south to repair the burned bridges of the Mexican National railroad. Most of the bridges have been burned again behind him. Chihuahua City is now said to be well fortified and commanded by 3,000 federals. It is reported a detachment of federals soon will be started northward to find and engage Madero.

HERMAN B. COHN IS BURIED

Funeral of Business Man Murdered by Hobbers Held at Home.

Indicative of the esteem in which he was held in life, the funeral of Herman B. Cohn, held Tuesday morning, was attended by men and women from every rank of life. Those present at the home, 118 South Thirty-second avenue, at the services, numbered into the hundreds, completely filling the big rooms on the first floor, and many stood on the porch throughout the service.

Federal Officials State

Mail advices from Alamos, Sonora, confirm the report that revolutionists led by Loya slaughtered every federal official of the town of Guasaparra, near the Sonora line in Chihuahua, when they took the town. All were placed in jail and shot. A young telegraph operator alone escaped. He fell with the others beneath the dead and crawled out twelve hours later alive and made his way barefooted to Chihuahua, forty miles away.

Insurrection Badly Defeated.

CANANEA, Mex., March 28.—Official government reports have reached Cananea of an overwhelming rebel defeat near Ures, a few miles northwest of Hermosillo, the capital of Sonora, yesterday morning. The rebels are said to have lost seventy killed and more than 100 wounded. The federal loss is given as sixteen dead and twenty wounded. The fight lasted from 9 a. m. until 7 p. m.

American Socialist Executed.

MEXICALI, March 28.—A fugitive from the fight at Alamo, which occurred on the 22nd, reached Mexicali today with the startling information that Simon Berthold, the American socialist insurgent leader, was wounded in the lung at the battle, taken prisoner and executed three days later at Ensenada.

Seven Rebels in All, It is Reported, were captured by the federals at Alamo and executed at Ensenada.

General Leyva began his retreat from Tecate at 3 o'clock last Wednesday morning when his ammunition became exhausted. Leyva retreated at full speed on horseback, leaving his foot soldiers to their fate. Only the reluctance of the federal troops in leaving their entrenched positions saved the rebels from utter rout.

Dignowity Not Executed.

WASHINGTON, March 28.—Further evidence that John Hamilton Dignowity, an

arrests of suspicious characters may be expected any time.

Henry Mignery and John Lahey, arrested at the end of the bloodhound chase to LaPlatte, were released at 3 o'clock Monday night. Fred Webster and Harry Miller, arrested at Plattsmouth, have also gained their liberty on alibis.

The theory that the murderers of Herman B. Cohn are amateur holdup men is strengthened by information given to the police by Charles Krelle, 1623 Dorcas street. About six weeks ago Krelle was held up at seventeenth and Jones streets, and he is positive that the revolver used on him is the same one used in the Cohn murder.

Sure He Knows the Gun.

Krelle is able to identify the weapon now in the hands of the police, for the reason that the trigger spring is broken and it is necessary to pull back the hammer with the thumb in order to fire it. Krelle, who was calm during the time he was held up, noticed particularly that the thug in possession of the revolver held his thumb up at the police station and says that he is sure that it is the same one used on him.

The facts that have thus far come to light bear out the theory that the highwaymen did not intend to kill Cohn, but that the hammer got away from the one who held it. Krelle believes that the man who held him up were amateurs, judging from the manner in which they went about their work. They were young fellows, apparently 23 or 24 years of age. One was about five feet six inches tall, weighing probably 150 pounds. He wore a dark, knee-length overcoat and a black slouch hat. The other man was about two inches taller, and of more slender build. He wore a light overcoat and a light slouch hat.

member of the Lancaster group who was in favor of the measure, but he received strong voting support from all the wets in the house. Mockett made a strong speech against the bill, urging that Lancaster county be allowed to govern itself without interest or interference from the rest of the state. Three times, in voting once on amendments to change completely the character of the bill, and once on postponing it, and once to put it on third reading, Kofous, who was in the chair, was enabled by a tie to cast the deciding vote, and the bill was finally put on third reading.

Judiciary Bill Falls. The Quackenbush bill, creating a state court of appeals, was lost this afternoon by securing only 48 votes. The opposition mustered only 45, but it required 50 votes to pass, as it was indefinitely postponed. The bill was a thorough nonpartisan judiciary bill, created to the invention of a prominent democratic politician, but could not get enough strength from republicans to pass over the opposition of a few adverse democrats.

The appropriation for \$100,000 to be expended in buying the Fremont Normal school and make a state institution of it, was defeated by a vote of 51 to 21. There has been a well organized effort made to get the state to buy this school and add it to the list of state training schools for teachers, but the house refused to take responsibility for it.

Debate on Suffrage Bill. A motion to advance the Gandy woman's suffrage bill to the head of the sifting file was made by the author this morning in the house, but was defeated, 44 to 42. The debate upon the advancement of the bill to a more favorable position was the occasion for considerable rousing debate among members and most of the authors who have written since Homer were quoted for and against the principle.

Two Bills Up in Senate. The senate spent most of the morning in consideration of one or two bills. The measure by Smith of Fillmore allowing farmers to cultivate the unused portions of public roads was not on third reading and the Skiles bill for a commission form of government, the commission form measure which was backed by the Nebraska League of Municipalities was indefinitely postponed to make way for the Banning bill.

APPROPRIATION BILLS RUSHED State School for Deaf at Omaha Comes in for Consideration. (From a Staff Correspondent.) LINCOLN, March 28.—(Special.)—Bills on third reading were considered in the house today as follows: H. R. 462, by Quackenbush, constitutional amendment creating a state court of appeals to consist of three judges to be elected by districts, providing for nonpartisan election of state judiciary and also providing for election of supreme court judges by districts, defeated, forty-eight ayes and forty-eight nays; required 50 votes to pass.

H. R. 34, by McKisick, the general county assessors' bill, passed, seventy-six ayes and ten nays. H. R. 58, by Bailey, \$5,000 to build and equip a south wing to the Kearney normal, passed, sixty-two ayes and twenty-three nays, fifteen absentees; without the emergency clause. H. R. 42, by Grossman, \$3,000 for construction of a water tank for the school for the Deaf at Omaha, passed, eighty-three ayes and one nay; with emergency clause.

H. R. 22, by Evans, appropriating \$15,000 for construction of a laundry at Hastings asylum, defeated, eighty-eight ayes and eleven nays; emergency. H. R. 40, by Laidigh, \$10,000 for a heating plant at the school for the blind at Nebraska City, passed, eighty-six ayes and two nays; emergency clause.

H. R. 48, by Bush and Harrington, \$15,000 for weak school districts, passed, seventy-six ayes and sixteen nays. H. R. 113, by Metzger, \$4,500 for improvements at state fish hatcheries, passed, eighty-five ayes and five nays; with emergency clause. Report of Committee of the Whole. In committee of the whole the following action was taken: H. R. 112.—The Matraux board of control bill. Action reconsidered, rules suspended and bill recommitted for specific amendment. Ordered engrossed for third reading.

H. R. 120, by Lawrence, appropriating \$120,000 for the purchase of the Fremont Normal for a state institution. To pass. H. R. 508, by Holmes—Appropriating \$2,000 for purchase of land near school for

deaf and dumb at Omaha. To be engrossed for third reading with amount cut down to \$1,500 for a ten-acre purchase. H. R. 54, by Sager—Amendments to the Lincoln city charter. Recommended to pass. Father Charged with Abandoning Child

Arthur Skells of Mitchell, S. D., Put Babe in Telescope and Left it at Door of Salvation Army.

Mitchell, S. D., March 28.—(Special.)—Charged with the abandonment of his child Arthur Skells was this afternoon brought into justice court for an examination and he was bound over to the term of circuit court under bonds of \$1,000. Skells is a bookkeeper in this city and is married. Sunday morning his wife gave birth to a baby, but they did not desire to keep it. Skells wrapped it up in some clothes and placed it in a telescope which he had a small hole for ventilation. He then took it over to the city hall and deposited it in front of the door of the Salvation Army headquarters.

The telescope was found at 9 o'clock in the evening by the captain, and on opening it the little baby was discovered. Pinned to it was a note stating that it belonged to a poor girl, who was unable to care for it, and that she was going to leave Mitchell forever that night. She requested that the baby be sent to the Children's home at Sioux Falls, and enclosed all the money she had \$4.10 to pay the expense. The baby was turned over to Chief Shade, who took it to his home. The chief of police started an investigation and learning that a baby was born in the Skells household made some inquiries of him, but he denied the fact he was the father of a child as yet. When told that the baby was dead he confessed to have left the child there. It is possible that the baby will be returned to the parents as they have expressed a desire to keep it now.

"LET YOUR WOMEN KEEP SILENCE IN THE CHURCHES" Bishop Doane Quotes Passage in Ritual to Permit Mrs. Grannis to Speak in Cathedral.

ALBANY, N. Y., March 28.—Bishop William Cronwell Doane has refused to permit Mrs. Elizabeth B. Grannis, president of the National League for the Promotion of Purity to speak in All Saints cathedral at the convention of the Purity league which was to have been held here today.

In refusing Mrs. Grannis permission to speak Bishop Doane quoted from the Bible, first Corinthians, 14-24: "Let your women keep silence in the churches: for it is not permitted unto them to speak." The meeting of the league will be held in New York, where Mrs. Grannis will address it.

C. J. Humpal Struck by Train. ST. PAUL, Neb., March 28.—(Special.)—An almost fatal accident occurred late yesterday afternoon while C. J. Humpal was returning during the snowstorm from Boelus in a railway motorcycle. He was running against the fierce wind, which perfectly blinded him, when he was struck by an outgoing special train, but fortunately in such a manner that his body was thrown clear of the track. Mr. Humpal was unconscious for some time and did not reach home in this city until four hours after the accident and was in a dazed condition without any memory of the details of the accident. It is expected that no permanent injury will result to the injured man.
