

OFFICIAL OPINIONS DIFFER

Have Various Views on What Constitutes Fire Escapes.

FIND SOME HAD CONDITIONS

Building Inspector and Fire Warden Hold Differently as to What the Law Really Requires of Tenement Owners.

A diversity of opinion as to what constitutes a fire escape exists between the officials of the building inspector's department and Ed Morris, fire warden.

The building inspectors declare that wooden stairways erected on the rear of tenements and flats are fire escapes, and for this reason the owners have complied with the state statutes.

Morris has stated there are many buildings in the city the owners of which have not complied with the statutes governing fire escapes.

That is where the difference in opinion arises. Building Inspector Withnell is absent from the city, but his assistant, Dick Grotte, says that practically every tenement and flat building in the city is provided with suitable fire escapes.

"All these buildings have two escapes," says Grotte. "The front stairways, which are inclosed, afford a means of escape as do the back stairways. Both of these come within the meaning of the word fire escape and cover the requirements of the state law."

Morris starts investigation. Morris has begun his investigation of inclosed fire escapes. He visited the manufacturing section Thursday morning.

Through the company has two fire escapes, one on the outside and the other on the inside, the entrances were blocked. The outside escape was found to be hedged in with machinery.

Army Notes

Private letters from the Omaha headquarters officers who are with the maneuver division in Texas, report a most commendable and satisfactory hike across the country from Fort San Houston to Lee's Ferry, Tex., by General P. A. Smith's brigade.

The reports indicate that the Omaha contingent is in the best of health and spirits. Omaha's representation there of commissioned officers includes General Smith, Lieutenant Colonel D. E. McCarthy and Lieutenants S. M. Watson and Raymond D. Smith, aids to General Smith.

Bids were opened yesterday by Colonel F. F. Eastman, chief of the commissary department, for 30,000 pounds of bacon. There were but two bids, from the Cudahy and Armour packing companies.

First Class Sergeant Samuel T. Flanagan, is relieved from further duty at headquarters and will proceed to Fort Omaha and report to the commanding officer for duty.

First Lieutenant Fred V. R. Chamberlain, Second Infantry, will report to Colonel Aaron H. Appel, medical corps, president of the examining board at Fort D. A. Russell, Wyo., to determine his fitness for promotion.

First Lieutenant R. F. Browne, Sixth Field Artillery, will report to Lieutenant Colonel Oranger Adams, Fifth Field Artillery, president of the examining board at Fort Riley, Kan., for examination to determine his fitness for promotion.

A Mother's Safeguard. Foley's Honey and Tar for the children. Is best and safest for all coughs, colds, croup, whooping-cough and bronchitis. No opiates. For sale by all dealers.

ORCHARD HILL IMPROVERS TO MEET FRIDAY NIGHT Will Discuss the Appraisers' Awards for the North Central Boulevard.

A meeting of the Orchard Hill Improvement Association will be held Friday night at the home of J. L. Jacobson, 3112 Franklin street. Mr. Jacobson is president of the association.

When a medicine must be given to young children, it should be pleasant to take. Chamberlain's Cough Remedy is made from best sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

Death Bed Kisses May Have Bearing on Big Damage Suit

The goodly kisses given by Carl Anderson on his deathbed to members of his family may win for his heirs a \$30,000 damage suit against the Missouri Pacific Railway company.

Carl Anderson, a section foreman in the employ of the company, was injured in a railroad accident on December 30, 1908, so that he died soon afterwards at St. Joseph's hospital.

Members of the family who kissed Anderson at the hospital just before his death were put on the stand Thursday afternoon by W. W. Sataung and John W. Patton, their attorneys.

CIGAR OUTPUT INCREASES Factories of State Are Less, but They Manufacture More.

OMAHA SECOND ON THE LIST Hastings and Fremont Have the Largest Factories and Hastings Makes the Most Cigars in the State.

According to information in the hands of Ross Hammond, collector of internal revenue at Omaha, and forwarded by him to Washington, the extent of the manufacture of cigars in the state of Nebraska during the year 1910, showed a considerable gain over 1909.

The figures show that 173 cigar factories were doing business in this state at the beginning of 1910, and 159 factories, a loss of fourteen, at the end of the year. However, the total number of cigars manufactured in the state during 1910 were 29,310,866, an increase of fully 750,000 cigars over the output for 1909.

Negro Escapes from Police in "Nightie" A negro at large in a snowy nightshirt is sought by the police.

HOG SUPPLY FAIRLY GOOD Movement Into Market Less Liberal Than for the Preceding Week.

CINCINNATI, March 30.—(Special Telegram.)—Price Current says the movement of hogs into markets has been brisker than for the preceding week, but represents a fairly large number of animals, quite in contrast with small supplies a year ago.

KANSAS WHEAT BADLY INJURED Recent Dust Storm in Western Part of State Causes Big Damage to Growing Crops.

TOPEKA, Kan., March 30.—Great damage to growing crops and particularly to wheat by the recent duststorm in the western part of the state is reported by Prof. A. M. Tenney, superintendent of the state experiment station at Hays, in a report issued today.

BRANDEIS STORES

Most Children Are Wheat-Hungry

Nearly all children have wheat-hunger—a craving for the body-building elements found in the whole wheat, the most perfect food given to man—his "staff of life" for four thousand years.

The whole wheat contains all the elements needed to build the perfect human body. This cannot be truthfully said of any other cereal.

By this process all the tissue-building elements in the whole wheat are retained, while the outer, or bran, coat is scattered along the shreds in infinitesimal particles in such a way as to stimulate peristalsis (bowel exercise) in a natural way.

Give a child two Shredded Wheat Biscuits every morning with hot milk and a little cream and he will be fully satisfied and will lose his taste for mushy porridges that are usually bolted down without chewing.

You can't build sturdy boys and girls out of books and sermons. Their bodies must be developed from the food they eat.

Shredded Wheat Biscuit with hot milk or cream makes an ideal breakfast for school children and is quickly and easily prepared.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades.

Always toast it in the oven before serving.
