the week receipts have been very liberal, showing a decided gain over a year age. The market on beef steers showed some little strength at the beginning of the week, but any improvement that may have taken place was more than wiped out the middle of the week. Again toward the close there was a strengthening in values and at the finish prices are about where they were at the close of last week. It is possible that the most desirable grades of handy, light cattle might be a trifle stronger, while heavy, plain cattle might be a little easier. A leading feature of the trade in cows and helfers has been the splendid demand throughout the week for good, fat helfers. Anything on that order has soid very freely and prices have shown more or less strength svery day of the week. At the close they are generally a little higher than at the close of last week. On the other hand the medium kinds of cows and even pretty good old cows have not been any too active and they are at the best no more than steady with last week's close.

Stockers and feeders have been commanding very stiff prices, while the country bas apparently been qualifing to bid

SHEEP AND LAMBS—Receipts 500; market steady; native mutton, \$3.7596.00; lambs, \$5.7596.50. Stockers and feeders have been commanding very stiff prices, while the country has apparently been unwilling to bid up in the face of prevailing prices for fat stock. As a result the market on stock cattle and feeders has been very dull throughout the week and at the close prices are around 100 lbc lower. Some would quote medium and common kinds even lower than that.

HOGS-Light receipts of hogs enabled sellers to obtain nickel higher prices for offerings of all weights this morning. The market had a good, healthy tone at advance from the start and clearance of bulk was made without much delay or difficulty. Shippers supported the trade with orders that called for fully 26 per cent of the supply, and lively movement was at least partly due to better competition from this quarter. Packers purchases approximated 3.200 head.

Popular price for good butcher weights was \$6.55 some little headsupply. Stock in Sight. Total receipts...... 950 25,700 6,300 OMAHA WHOLESALE MARKETS.

mated 3,200 head.

Popular price for good butcher weights was 26.36, some little business being done at nickel margins on both sides of this figure. Heavies ranged at 26.30 and less, while lights sold at high levels, tops reaching 26.50. Tone to demand at the extreme close was rather weak and prices late showed no appreciable improvement over those of yesterday. Market changes ever) As viewed by bulk and top, today's values are just about steady with trade a week ago. Range is practically unchanged and usual preference for bacon animals is still evident. Receipts during the week have been heavy.
