Daily Practice is Being Held with Morningside College-Will Make a Tour of Small Towns-Ready to Raise the Fing.

SIOUX CITY, In., April 1 .- (Special.) That the Sloux City team is going to make another grand battle for the much-coveted rag this season is evidenced by the way the youngsters are going after the ball during the daily practices. Ever since March 21, when the first handful of last year's team went out for the first practice of the season, Manager Babe Town has kept the boys going for all there was

Many recruits are among the bunch this year and President Tom Fairweather has onstrated the fact that he knows a good player when be sees him, by the way they are going after a place on the regular team. Most promising of all, however, seems to be "Shorty" Steene, who rightly deserves his nickname, as he only stands about 5 feet 2 in his stockings. However, the way he hits and his lightninglike ability on his feet makes up for his shortness. Steene will be remembered as the fellow who told Tom Fairweather that he could make first base in three and a half seconds or he would work all summer for no pay. The chances are he will get his pay all right.

The floux are probably getting the best practice of any team in the league, as they are daily lining up against the fast Mornngside bunch. The first game they took by the score of 9 to 1, and the second game, with Vyskochil, another recruit in the box, they romped away with by a 12 to 0 score. Sunday games with the various teams in the City league offer the Sloux City boys a little variation from the daily grind, but as yet they have not met defeat. Games with several independent teams have resulted in getting the long end of the score.

Will Make a Tour.
Beginning the latter part of next week the Sloux City team will make a tour of South Dakota and Iowa and end up by the regular team going to St. Joseph, where they will open the season. The second team, however, will continue on the jaunt through the two states and end up by meeting the regulars when they play

SIOUX FALLS, S. D., April 1-(Special.) Sloux Falls and a number of other cities and towns have been asked to send representatives to a meeting to be held at Redfield on Tuesday of this week at which it is planned to organize a state base ball league. The call for the meeting was issued by A. M. Randolph of Redfield, who was president of last year's state base ball league. It is certain that Redfield, Brookings. Huron, Aberdeen and Watertown will represented at the meeting, and Sloux Falls and Mitchell are being urged to become members of the league. The league last year was a success. The plan is to have rules governing all games, with a splary limit and paid umpfres.

Magle City League,

Sunday's Exhibition Proves Local Team Worthy of Its Name.

SPLENDID WORK UNDER BIG ODDS

Chicago, Represented by Veterans, Gets All the Work, but Omaha Looks Good in Comparison with Visitors.

Pa Rourks surely has occasion for pride in the work of his team as exhibited on Sunday. When it is recalled that the men have had very little chance for practice. while the Chicago team is but just returned from a long and carefully managed preparation, the comparison between the two is all in favor of Omaha. And to call the White Sox "Yannigans" isn't quite fair, for the team that played in Omaha had on the field several of the veteran members of Comiskey's great base ball machine. Meloan, who scored first, was the darling of the Chicago fans last season; Jimmy Scott was one of the White Sox crack pitchers last season, and according to Doc White, is in as good form now as he ever was. At any rate he showed it in his work on Sunday. Jimmy Parent was the shortstop who figured in the sensa tional work of his team both in Boston and Chicago, and is one of the time-tried veterans of the game. So is Lee Tannehill at third. So the team against which Omaha was opposed is not a makeshift aggregation, by any means. If the outcome is to be taken as an earnest, it means that Pa has a bunch of ball players who will furnish real thrills during the summer to

Omaha in Good Form. The Omaha players showed up in fin-Durbin's pitching was of the glitedged kind; Schipke showed why he was rated as a first class fielder when he was in the American league; Kneaves and Kane suffered nothing by comparison with Parent and Collins, and the outfield surely does look good. The rest of the team is of the same high grade, and the fans may seet it down as settled that Pa Rourke has redeamed his premise.

ROXBURY BOY RETURNS AFTER STAY IN OMAHA

Joseph H. Grady, Employed in Union Pacific Roundhouse, Goes Back to Boston.

BOSTON, April &-(Special Telegram.)-Joseph H. Grady, a Roxbury lad in his in Roxbury today after an absence months. When last seen Grady was sent on an errand by his employer, a broker in State street. Efforts on the part of his family and fellow employes to trace him produced no results. He says that he worked his way to Omaha and has ever since been employed there in the Union Pacific roundhouse.

Grady's disappearance attracted considerable attention. His picture and descrip tion were widely printed. It was said then that he had often expressed a desire to see the world, and it was eventually decided the lad had succumbed to a bad attack of wanderlust. Grady said he became home sick and decided to come back, and reached Boston last night.

Scrofula belongs to the type of diseases known as blood poison, and is a trouble usually manifested in childhood. The ordinary symptoms of Scrofula are swollen glands about the neck, sores and ulcers on the body, scalp diseases, skin affections, weak eyes, poor physical development, etc. The trouble being deeply rooted in the blood, often attacks the bones if the poison is not removed from the circulation, and this should be seriously considered in the circulation. in the case of any child who shows symptoms of having scrofulous blood. Some persons who inherit Scrofula reach maturity before the trouble develops, but being bred in the circulation, the disease is bound to show itself in some form. Frequently a debilitating spell of sickness offers a favorable opportunity for the disease to manifest itself. S. S. S. is the greatest of all blood purifiers, and by going down into the circulation, and ridding it of the scrofulous germs, and enriching the blood with healthful corpuscles, S. S.
