

SOX MASSACRE, ROURKE BAND

Feintress, Hall and Patton Swept Mercilessly from Mound.

PLAY IN STIFF NOR'EAST BREEZE

In Only Two Innings Did Omaha Have More Than Three Men Up—Thirty Men Face White Sox Twifler.

Hooping to see the Colts even up with the White Sox No. 2 for the defeat of Saturday, a bunch of the faithful fans traveled out to Rourke park yesterday afternoon only to see their favorites walloped to the tune of 5 to 0. And to make things worse Farthing allowed Omaha but three hits, two of which were merely scratches.

Three pitchers were sent into the game for Omaha, but they could not cope with the heavy hitters of the Chicago team. Feintress pitched three innings and was then substituted by Hall, who was up in the air before he went on the mound, and never came down. The first two men to face him were given free transportation to the fifth inning, a hit that added to the hit and another pass, getting a run. An error on the part of Kane gave the Sox three more tallies. Another hit, however, did no damage.

In the fifth inning Hall struck out the first two men up, and the third man was retired by a fly to center field. Patton went in for the rest of the game and pitched good ball, allowing but one hit, which gave the White Sox their sixth and last run. The Omaha outfield played in good form and ranged up no chances. Schoonover handled four hard flies while Pickering took care of three.

In only two innings did Omaha have more than three men up to bat, and during the entire game not a man reached the second plate. But thirty men faced Farthing and six of these went down by the strike out route. The White Sox were in better condition than the Colts, who showed the effects of a two day lay off.

A cold northeast wind blew throughout the game, making the handling of grounders a hard task. Twice Schoonover beat out bunts which were fumbled by Farthing. In the sixth inning Bodie drew applause from the bench by hitting onto a Texas leaguer after running for it. Schoonover distinguished himself in the ninth inning when he made a perfect throw from deep center. However, the distance was such that Agnew could not get his man until he touched the plate, and who was declared safe. The score:

Table with columns: AB, R, H, PO, A, E. Rows for Chicago players: Gilmore, Johnson, Perant, Collins, Bodie, Melson, Tannehill, Block, Farthing, Patton.

Table with columns: AB, R, H, PO, A, E. Rows for Omaha players: Anderson, Pickering, Schoonover, Kane, Schlipke, Graham, Kneaves, Agnew, Feintress, Hall, Patton.

Struck out by Farthing, 6; by Feintress, 1; by Hall, 2. Hit by pitched ball: Feintress, 1. Errors on balls: Cf. Feintress, 2; off Hall, 2. Umpires: Clark and Haskell.

QUINLAN GOES TO THE EAST

Topeka Shortstop is Traded for Lancaster, Pa., Club.

Larry Quinlan, the speedy shortstop of the Topeka club will be among the missing in the Kaw lineup this season. Quinlan has been traded for Frank Hatford, shortstop last year with the Lancaster, Pa., club in the Tri-State organization.

Hatford is as good a man as Quinlan and some consider him better. He was dissatisfied with the cut in salaries made by the Tri-State and asked to be traded. Manager Fred Moore is making more than a bit with the Topeka fans. He has snap and ginger and the Kaws are rounding into fine shape under his tutelage. Moore and President Woodward are at present boosting the job of installing 200 more box seats at the Kansas capital ball grounds.

Practice has begun at Des Moines to whip a team into shape to open the 1911 season with Omaha, April 12. The Des Moines lineup is in general a very much unknown quantity and the opening series of the league here—three games, will be practically the first test of how good the Boosters' hunch is going to be in 1911. The Omahans have a two week start in the training on the Des Moines and Pa. and Captain Schlipke are straining every nerve and wearing out uniforms getting a squad into shape that will take the opener for Omaha.

NO WASEDA GAME IN OMAHA

Japanese Team Will Pass Through Without Stopping for Proposed Match with Creighton.

Creighton college and the Waseda base ball team from Tokio, Japan, will not meet in Omaha on May 1, as the Japanese squad is unable to make Omaha by that time. The Waseda team is playing on the Pacific coast and will merely pass through Omaha on its way to the east. Practice is held every night at a Creighton diamond and the prospect for a speedy base ball team looks fairly bright. The cold, wet weather prevalent in Omaha puts the Creighton lads back, but as the first game is not until April 19, there is still time left for training.

BERT KING HAS 'COME BACK'

Lively Outfield of the Rourke Family Decides to Report and Play Ball Here.

Bert King, hold out society all by himself, gave up the fight and appeared in the Smokehouse Wednesday morning ready to sign a contract and don his suit. Bert donned the suit in the afternoon and did a little warming up work, but as Pa Rourke was not in Omaha Wednesday, the date of signing the contract has been postponed until Thursday.

Niehoff to Indianapolis. Third Baseman Niehoff, bought by the Pittsburg Pirates in 1910 from Des Moines, has just been sold by Manager Fred Clarke to Indianapolis. Niehoff is not one of those who did not make good in the big leagues, but the youngster found that there were so many speedy infielders with older heads already after that third sack he was willing to take Indianapolis a year or two to get some experience.

Garments Completely Rejuvenated for "Easter Wear"--then delivered "creaseless" IN BAGS

"If we can do away with boxes, we can do away with wrinkles," thought we--then we invented the "Bag" system of delivery. When a garment has passed our many "inspections," it is hung on a neat hanger--then suspended in a bag big enough to hold it without wrinkling it--then the bag itself is suspended from the top of a delivery wagon tall enough to permit of such suspension.

Better Cleaning, Too!

When the "Bag" is delivered to your home you remove the garment--keep the hanger--give the bag to the delivery man--and there you are with a piece of apparel like new--without a fold in its entire surface.

The cleaning, pressing, renovating, and restoring of clothes done here, is SO perfect, that we couldn't think of having the pleasing effect spoiled upon delivery--that's why we invented the "Bag" System of Delivery.
