

SAINTS VOICE THEIR PROTEST

Session at Lamoni Condemns Russian Atrocities Toward Jews.

MONEY REPORT SHOWS PROGRESS

Finances of Denominational Have Grown in Remarkable Manner— Order of Enoch Cause of Discussion.

LAMONI, Ia., April 8.—(Special Telegram.)—The Reorganized Church of Jesus Christ of Latter Day Saints in Friday's business session of their annual conference in this city adopted by almost unanimous vote resolutions of protest against the Russian atrocities practiced upon the Jews.

These resolutions and precedents reached the conference in the reported action of a joint council of the first president and quorum of the high council, the two leading quorums of the church. The preamble recites that the inhuman treatment of the Jews in Russia outrages the modern conception of the rights and privileges due all mankind, and that the failure of Christian civilization to protest against such an inhumanity is a stain upon its honor.

Decide to Voice Protest. Therefore the conference resolved to voice its earnest protest against such atrocities and to send a copy of the resolutions to the president of the United States and the senate and house of representatives, and that this matter be dealt with diplomatically, having in view the amelioration of these conditions.

The president of the church, its chief financial officer, submitted his report which indicated a steady growth in money receipts and expenditures in church work. He assumed his present responsibility twenty years ago, when the church was spending about \$4,000 per year for its poor and \$2,000 for support of the families of its missionaries. This last year \$25,000 was spent in aiding poor and \$111,000 in support of the families, while the tithing receipts have grown from \$40,000 in 1891 to \$175,000 the last year.

By vote today the conference decided to hold the 1912 conference in Independence, Mo.

New Order of Enoch.

A feeling of some tension was thrown into the conference today by the reading of a report from the United Order of Enoch, a society recently organized under the laws of Missouri which avowed purpose is to aid the worthy poor and needy. The conference seemed to experience some difficulty deciding just the form of disposing of this report and placing it on the minutes. Little debate was had on it, but a few remarks made indicated that the exact legal relation of the new society to the church was far from settled in the minds of some of the delegates, who seemed to fear some legal complications might follow any attempt to assume control of the new fraternity. The report was perfunctory in character and was received and voted on the minutes without action.

The evening meeting was under the auspices of the Daughters of Zion, the mothers' organization of the church, at which a program of religious exercises with discussion of the questions usual to such mothers' meetings. Mrs. B. C. Smith of Independence, Mo., is the president of the society and Mrs. D. J. Krant of the same place is secretary.

BOGUS COINS IN KANSAS CITY

Plot to Flood City with Counterfeit Eagles and Double Eagles Uncarried.

WASHINGTON, April 8.—What secret service men believe was an extended plan to flood the middle west with counterfeit gold coins has been discovered in Kansas City. M. R. Little and Charles De Noyl have been arrested charged with passing counterfeit eagles and double eagles. Reports to Acting Chief Moran of the secret service bureau say that fifty-nine eagles and thirty-two double eagles, probably gross metal plated with gold, were found on the two men.

Sailor Man Just Cannot Keep Away from the Sea

Once a sailor, always a sailor. This is the opinion of John J. Briery, chief electrician, first class, who has just been appointed assistant to the recruiting officer at the navy recruiting station.

JOHN J. BRIERY.

Mr. Briery has been off a battleship but a few days and has not got over his "sea legs," as he calls them, and is hankering for splicing of the waves and the smell of the briny deep.

Although in the service but six years, Mr. Briery has received remarkably fast promotion. Starting in as an ordinary seaman he left the ship not two weeks ago with the above title. After two years' service in the recruiting station he will return to the navy to receive promotion to the petty officer of chief electrician.

Twenty months between the first and second enlistment, Briery worked in railroad shops, but the call of the waters was too much for him to endure and he returned. "It only proves," said Mr. Briery, "that no matter what you go into, the obedience of orders and hard work will win success for you."

Mann Makes Protest Against Unfairness of House Democrats

Arbitrary Action Scored in First Formal Conference of Republican Leaders Including Insurgents.

WASHINGTON, April 8.—The first formal conference of republican house leaders, including representatives of the insurgent portion of the party, was held here this afternoon. It followed a refusal of the democrats to give their more committee places to the republicans or to restore the proportion that has heretofore existed between the two parties in the committee assignments.

Mr. Mann submitted the situation to the conference and asked if he should not refuse to name committees entirely on the limited basis of representation given by the democrats. It was determined to go ahead with the selection of republican members. Mr. Mann said absolute fairness will be shown the insurgents in the arrangements. Mr. Mann declared that the democratic had adopted the policy of making a majority of seven on the principal committees, whereas a dominant party never before claimed more than six majority.

Cudahy Ranch Raided and Managers Chased by Guerilla Fighters

Automobile Beats Horses in Race with Rebels—Marauding Expedition Led by Williams.

CALERNICO, Cal., April 8.—With bullets flying about them, managers of the Cudahy ranch, in an automobile, won a race with rebel cavalry to the international boundary tonight. The incident was the climax of a marauding expedition started by Williams, the rebel leader, who has been operating independently of the insurrection forces at Mexicali. The chase followed the looting of the Cudahy ranch by Williams' men. The Americans on the ranch learned of Williams' design and started for the American line. The rebel cavalry, in hot pursuit, tried various ways to make short cuts, and twice the rebels were close to the fugitives.

The raiding band numbered eighty-seven men and after the episode they straggled into Mexicali. After the arrival of Williams in Mexicali, Captain J. H. Griffiths, commanding the United States troops here, summoned Salinas to the boundary and made a formal demand for the return of all property taken by Williams. Salinas promised that the property would be turned over to the American authorities. The ranch is controlled by "Jack" Cudahy of Chicago.

Hart Lowest Bidder on High School Job

Proposals of Five Contractors Are Read After Some Discussion and Quibbling.

Five contracting firms submitted bids to build the north and west wings of the high school under the revised plans, as drawn by Architect John Latenser. The bids were opened yesterday afternoon. Joseph H. Hart of Omaha submitted the lowest bid with an estimate of \$72,000. The other bids were: F. P. Gould & Sons, \$78,500; C. Mardo, \$84,000; Bridges & Howe, \$85,000; and the Noel Construction company of Chicago, \$100,000.

Though the bids were scheduled to have been opened at 2 p. m., an adjournment was taken until 4 o'clock on a request of E. O. Hamilton, an Omaha contractor, who stated that he had been unable to get his statements in shape by 2 o'clock. After a lengthy discussion the board agreed to give him two hours additional time, despite protests by other contractors.

Train Robber Holds Up Diner Employees

Armed and Masked Man Secures Forty Dollars in Few Minutes and Makes Escape.

ST. LOUIS, April 8.—From Mountain passenger train No. 4 was boarded tonight within the city limits by an armed and masked robber, who held up the white steward and a negro chef. The robber, as far as has been disclosed in reports to the police of the occurrence, did not get more than \$40. The train is the same one on which a Pacific Express company messenger was held up and robbed a month ago by two masked and armed men.

1,720 RESCUED FROM STEAMER

Big Crowd of Passengers Taken Off Princess Irene Without Accident.

CABIN YIELDS TO STERAGE

Ocean Liner Still Heed and Fast in Grip of Sands and Will Be Prisoner for Another Week.

LONG HILL LIFE SAVING STATION, N. Y., April 8.—In five hours and ten minutes, this afternoon the 1,720 cabin and stowage passengers on the stranded North German Lloyd liner Princess Irene were transferred to the deck of the Prinz Frederic Wilhelm and one hour after night-fall they were on their way to New York. The feat is unparalleled in the history of marine disasters and probably will remain so for years to come.

Not a life was lost, not a case of panic was reported. The first passenger off was a woman and the second a baby. The cabin passengers generally gave precedence to the more timorous ones of the stowage. As for the liner on the bar, nightfall showed it hard and fast in the grip of the sands and Captain Goddard, of the Lone Hill Saving station estimates it will be a prisoner at least a week, perhaps fortnight. In the thirty-eight hours since it struck, it has been favored with comparatively light weather, but a stiff blow from the southwest might open its plates, crush in its bulkheads and wrench apart its stout steel frame.

RESCUE WORK PROCEEDS

Ten small boats, two tugs and the relief snip took part in the rescue while a revenue cutter and a derelict-destroyer stood by. The stowage passengers were led down by the forward companionway, thence clambered down a rope ladder into small boats. From these they were transferred to the tug John J. Timmins and John Nichols, which lay safe in the lee of the liner.

BOY-CARRIED FROM EL PASO TO KANSAS CITY IN A BOX

Youth Locked up for Twenty-Nine Hours When He Tried to Steal Hide.

KANSAS CITY, April 8.—When the Golden State Limited train in Chicago on the Rock Island railroad arrived here from the west Friday a knocking was heard. One of the storage boxes underneath a Pullman car. The box was opened and Carl Ruhno, 16 years old, was found inside. The boy said he had climbed into the box at El Paso, Tex., and had intended to remain there for a ride of fifty miles. A train inspector locked the box at a station a few miles away, and the boy remained a prisoner twenty-nine hours the time the train takes to travel from El Paso to Kansas City.

MacVeagh Advocates Civil Service Pension

Secretary of Treasury Attacks Big Payments on Account of Civil War in Speech.

PHILADELPHIA, April 8.—The civil war pension list was attacked by Franklin MacVeagh, secretary of the treasury, in an address at the opening session of the fifteenth annual meeting of the American Academy of Political and Social Science here today, when he advocated a civil service pension for government employees. "We have a perfectly enormous civil war pension list which is not a credit to us. It never had a scientific or a just basis, although a worthy motive gave it origin. It has lost its patriotic aspects and has become a political list, costing the government about \$100,000,000 per year," said Secretary MacVeagh in his opening remarks, as presiding officer at this afternoon's session when the subject of industrial insurance and retiring allowances was discussed by experts from all sections of the country.

Central Labor Union Asks Fire Inspectors

Would Have Governor Appoint Men to Investigate Protection Afforded in Omaha.

Unanimously the members of the Central Labor union voted Friday night to petition the governor to appoint inspectors to investigate the fire protection afforded employees of the factories in Omaha. The resolution was offered by the delegates from lodge 675, International Association of Machinists. A protest against American intervention in Mexico was received from the Ohio Valley Trades and Labor assembly. The communication deplored the idea of war as an unjust imposition on the laboring man by the capitalists whose property is threatened by the Mexican revolution. The resolution was read and approved by the local meeting. After the pattern of the socialist of South Omaha a committee was appointed to gather information on the feasibility of a co-operative store for laboring men in Omaha. It was stated that the store run by the socialist in South Omaha was paying a dividend of 6 per cent. The committee will report at the next meeting.

Kidney and Bladder Trouble Mrs. Jackson Hadley, Esopus, N. Y., writes: "It is with the greatest pleasure I write this. For years I have suffered terribly with kidney and bladder trouble. The pain in my back by spells was so great I could scarcely stand on my feet, and such terrible headaches and pain around my heart, and was so nervous all the time that life seemed a burden to me. "I paid out a great many dollars, both for doctors and patent medicines, and no benefit only for the time. "One day, looking through a Peruna almanac, I saw how many had been benefited by using Peruna. I followed directions, and after taking four bottles of Peruna can stand on my feet and work all day with comfort. The pain in my back and head has entirely left me, and I am not so nervous, and can say I am completely cured from all kidney trouble."
