### Injured Brought to Tulsa.

OKLAHOMA, Okl., April 12.—Forty people, seriously injured, were brought from Big Heart to Tulsa in stock cars tonight. The Midland Valley officials here report four dead and over a hundred injured at Big Heart. Many of the injured, it is believed, will die and many more are dangerously hurt.

The tornado struck Big Heart from the southwest. Scores of persons, surprised at the town being suddenly thrown into a state of semi-darkness, rushed from their homes and business places only to be struck down by flying debris.

At the edge of the village a hundred Indians were camped. Their tents were scattered up like bits of paper and carried away. Several Indians were hurt and many ponies that were grazing in the vicinity of the tents were killed.

Among the buildings that were wrecked was the Midland Valley railroad station. The agent and telegraph operator is reported to have been killed. As a result of this condition, communication with the outside world was cut off. The tornado had passed an hour before a message was sent to Tulsa for assistance.

When the rescuers arrived from Avant and Tulsa they found 600 people homeless. Aided by the use of lanterns, which were frequently blown out in the drizzling rain and swift wind, the searchers experienced much difficulty in locating the dead and injured. Several bodies were carried outside the village limits and were found in farmers' fields.

### Two Killed at Lawrence.

LAWRENCE, Kan., April 12.—Two people were killed, scores of houses destroyed and the streets piled high with debris by a tornado, which struck Lawrence at 9 o'clock tonight. Only a rough estimate of the damage can be made tonight, but the loss is estimated at \$150,000. The known dead are Mrs. Joe Sullivan, 55 years old, and a colored woman employed on the farm of Claude Doubleday, two miles west of this place. Four more deaths have been reported, but the rumors cannot be confirmed. A dozen persons were more or less seriously injured.

While the storm was at its height thirty prisoners in the county jail attempted to escape and, after forcing their way to the corridor, were forced to return to their cells at the points of the revolvers held by deputy sheriffs.

The Chicago fast mail train on the Atchafalpa, Topeka & Santa Fe railroad missed the tornado by only a few seconds. Before reaching Lawrence the engineer saw the funnel-shaped cloud and started a race to get out of its track. At the train pulled into the depot here the storm passed a few hundred yards to the rear of the train.

## MANY BOASTS BY HINES

### Lumberman Tells H. H. Hemler That He Put Lorimer Over.

#### FIVE AFFIDAVITS ARE READ

Men Who Say Hines Told Them It Cost a Lot of Money, But He Is Worth It to All of Us.

SPRINGFIELD, Ill., April 13.—James Forrester of Duquoin, Ill., manager of the Duquoin Lumber company, was the first witness called before a senate bribery investigating committee at the hearing this afternoon.

Herman H. Hemler of Chicago, president of the Herman H. Hemler Lumber company, testified that he met Edward Hines of Chicago in the Union League club in Chicago on May 20, 1909.

"This meeting," said Mr. Hemler, "occurred by accident at the cigar stand in the club."

"I, when the day Senator Lorimer was elected," Mr. Hemler said.

"Mr. Hines was apparently elated. He said 'I have just had a telephone call from Springfield and I have decided our next senator.' Mr. Hines was emphatic in his statement that he personally had effected the election of Mr. Lorimer," said Hemler.

Mr. Hemler declared under cross-examination that Mr. Hines had said nothing in regard to money or the use of improper methods in the election of Lorimer.

#### Five Affidavits Read.

N. B. Coan, special investigator for the senate bribery committee related his experience on a recent trip to Macoupin, Mich., told of seeing and talking with Frank J. Russell, Roberts C. Low, E. D. Houder, Rush Culver and Shelby B. Jones. Coan said that he obtained affidavits from the first three of these five men. The investigator stated that these men said they had met Hines in the Marquette hotel in the summer of 1909 and that Hines boasted of "putting over" William Lorimer as senator from Illinois.

Attorney Healy then read affidavits from Frank J. Russell. This affidavit stated that Hines had declared: "We put Lorimer over and it cost us a lot of money, but it is well worth all of it to us."

The affidavit further stated that this conversation resulted from a discussion of the tariff on lumber.

Lowe's affidavit, which was next read, stated that Hines had declared the reason for raising the \$100,000 fund to elect Lorimer was to assure a high tariff on lumber.

#### Postmaster on Stand.

William Checkley, postmaster of Mattoon, Ill., was the next witness. Mr. Checkley, a large grower of broom corn, said he discussed Lorimer's election with various members of the legislature.

He was asked if former Representative Carl Burgett, a friend of Checkley's, had ever spoken of receiving money for voting for Lorimer.

"He did not," replied Checkley.

Former State Senator Cyril B. Jandus of Chicago testified that he was a democrat and had voted for Lorimer for senator.

Jandus was interrogated by Attorney Healy as to his personal bank account and was asked if he had a safety deposit box. Jandus said he had an account with the State bank on the south side. He stated he carried this account during the year 1909.

Jandus said that aside from his check book he kept no record of his financial transactions. He said he had taken a four per cent share in the purchase of \$50,000 worth of Montana land from the Three Forks Land company.

"This transaction," said Jandus, "took place or was concluded in July, 1909."

Jandus stated that in his own office in the Chicago Opera House block he kept a considerable sum of money in a vault.

The witness said there was \$5,000 in currency in an iron strong box in the vault April 12 and 13, 1909.

Jandus was asked if he would permit the members of the committee to see his cancelled checks from the Casper State bank for the months of May, June and July, 1909.

"I have no objection to the committee seeing the checks," he replied.

## Lippincott Estate Goes to the Widow

### Magazine Publisher Leaves All His Property in Trust After Making Few Minor Bequests.

PHILADELPHIA, April 12.—With the exception of a few bequests to his two daughters, a grandson and two employees, the estate of Charles Lippincott, head of the J. B. Lippincott Publishing company, who committed suicide last week, is given in trust to his widow, Mrs. Sallie E. Lippincott. The will was filed today for probate.

The value of the personal estate is given by the executor at "nearly \$100,000" and the real estate at \$200,000.

The will provides that if Mrs. Lippincott should remarry she forfeits her interest in the estate and will then receive \$10,000 a year for life, the estate going to her children and grandchildren. No bequest is made to Herbert Lippincott, the publisher's son, who is made the executor of the estate.

## Taft Objects to Recall of Judges

### President Briefly Outlines His Position in a Letter to Congressman Flood.

WASHINGTON, April 12.—President Taft has outlined briefly his opposition to the recall of judges proposed in the constitution of Arizona, in a letter to Congressman Flood of the house committee on territories. His letter to Chairman Flood was in answer to a verbal proposal made by the latter several days ago, that legislation be enacted relieving the president of the necessity of passing Arizona's constitution and putting the responsibility for its approval or disapproval up to congress alone.

The president explained to Mr. Flood, it was said at the White House today, that if such a resolution were passed and sent to him his approval would practically mean an approval of the Arizona constitution and the recall of judges. The president explained, however, that at present he did not know what position he might take if such a resolution were submitted.

## John N. Baldwin, Jr., Named by McPherson O'Connell Receiver

### Judge Sends Appointment of Young Man Who at Once Is Placed in Charge.

Judge Smith McPherson yesterday surprised the old-timers by quickly settling the question who shall be receiver for the M. J. O'Connell department store by appointing John N. Baldwin, Jr., of Omaha, son of the deceased general solicitor of the Union Pacific railroad.

The appointment was forwarded from Keokuk, where Judge McPherson was holding court, and was received by Deputy Clerk John M. Matthews during the afternoon. The appointment required a bond of \$5,000 to be approved by Clerk Matthews. This was quickly furnished and the young man was placed in charge of the big store at once.

Mr. Baldwin is barely 21 years of age, just within the legal age limit where the law permits him to assume such responsibilities. "Jack" Baldwin, as he is familiarly called, was born and reared in Council Bluffs, accompanying his mother to Omaha when she moved last year. He has had no experience in mercantile pursuits, but has been admitted to the bar.

The present purpose of the receivership, however, is not to carry on the store, but simply to hold the stock intact for the benefit of the creditors. Deputy United States Marshal Groneweg accompanied the new receiver to the store and took possession of it under the court's orders.

The instructions of Judge McPherson are for Baldwin to retain possession until further orders of the court. He is directed to take out insurance to whatever amount he deems necessary and to take any other action adequately to protect the store.

There is still another application for receiver made by the creditors, who began involuntary bankruptcy proceedings against Charles S. Vorhies, who undertook to swing the big store by assuming responsibility for \$55,000 of its debts. The receiver was appointed yesterday upon petition of the first set of creditors instituting bankruptcy proceedings against M. J. O'Connell. They are: B. Krahn, J. A. Lusk, Lukone Tailoring company, Lang, Owens & Co., Omaha Rubber company, S. A. Maxwell & Co. and S. A. Rider.

## Senator Kenyon Will Not Qualify Now

### He Will Remain with Department of Justice Until Trust Prosecution Program Can Be Arranged.

WASHINGTON, April 12.—W. S. Kenyon, Attorney General Wickersham's assistant, and senator-elect from Iowa, will not qualify as a senator until the anti-trust prosecutions which he is now conducting, can be arranged without injury to the work.

Attorney General Wickersham today authorized the statement that Mr. Kenyon would withhold his resignation until this could be arranged and said:

"I regard Mr. Kenyon as one of the ablest lawyers and one of the most high-minded men of my acquaintance. His election to the senate will mean a great loss to the Department of Justice, but the administration will gain in the senate a man who is in the fullest sympathy with the president's aims and policies."

Mr. Kenyon, while the election was in

## Hastings Girl Quits Domestic Science Work for Matrimony

### Gladys Newkirk Leaves School to Elope With Charles Newell Following Precedent.

HASTINGS, Neb., April 12.—(Special.)—Suddenly dropping her domestic science studies at the high school to enter upon actual domestic practice, Miss Gladys Newkirk, aged 17, left her class and eloped with Charles Newell, aged 20, to Denver, where it is believed the nuptial knot was tied yesterday.

Miss Newkirk was reeling with the class in breadmaking when Newell called for her at the high school. She had with her privately a few minutes and then informed her teacher that as her mother was seriously ill she would have to hurry home. On being excused, she climbed into Newell's big gray automobile, which carried the lovers to Keosauqua. There they boarded a train for Denver.

The young bride is the daughter of Mr. and Mrs. William Newkirk of this city, while her hero is the son of Mr. and Mrs. Chappel Newell, who live on a farm between here and Juniata.

Three weeks ago the bride's brother, Ivan Newkirk, eloped with Miss Bessie Jandus of this city. Her parents, went to Grand Island, where they were quickly married. Some years ago Gladys Newkirk's sister married Charles Newell's brother.

### Nebraska City Prisoners Escape.

NEBRASKA CITY, April 12.—(Special.)—Two men sawed their way to liberty from the county jail last evening, while the sheriff and his deputy were at home having supper, being furnished saws by parties on the outside. The men were Robert Walker, a colored man, who was serving a jail sentence for attempting to assault a young colored girl, and the other was Benjamin Goldsberry, who was given a year's sentence for assaulting Charles Hinesley with a knife. Once before steel saws were found on the men and were taken away from them. They were passed into the cell in bottles of black coffee. The men had made their escape and crossed the bridge into Iowa before Sheriff Fischer learned they were gone. The officers went over there and scoured the country all night, without finding any trace of the men. Another prisoner in the jail, Berger, a German who is to be deported, refused to go with the two men who made their escape.
