misusing its employes against the

versy. What do you think about that? W. B. J. The Bee has given attention to the report of the engineering expert because it seems to be a real contribu-

tion toward the solution of our water problem. It passed the Water board's letter up because it does not appear on its face to be seriously intended. The Water board has been beating the drums about the absolute necessity of immediate relief for water users who the plant and proposing a big bond issue to furnish the money. To expedite the work the water company, through its president, renewed its standing offer to build the second main to Florence for the city on agreement to reimburse and pay accrued hydrant rentals so that the money thus tied up could be used for that

purpose. Instead of trying to reach a working basis the Water board seeks to complicate things by a counter condition that the water company deliver over its plant on part payment of the game, coming along a new line for judgment and litigate afterward as to what more is due. With reference to this plan President Woodbury, when last in Omaha, made a public state-

Were borning up ahead, He saw a time when blood would flow, And anarchy be rife; But that was when his funds were low. He had the luck a year ago To get a wealthy wife

He used to say the millionaires Were blinded by their greed; He thought the world and its affairs Were managed wrong, indeed; He saw the time when class and mass Would wage a bloody strife, When chaos would prevail. Alas: Since then a change has come to pass-He has a wealthy wife.

He cannot understand today He cannot understand today Why those who toll complain; The lifs he feared are cleared away, No signs of strife remain. Content to let things drift along. He lives an easy life, Forgeiting, if sometimes the strong Oppress the weak, that it is wrong-He has a wealthy wife.

Hot Water

Don't toil over a hot fire in order to get the hot water you need.

A Gas Water Heater will provide it, and the only labor necessary is to light

the burner. In a short time the water is heated in your kitchen boiler and may be drawn from any hot water faucet in the house.

The house is not kept at fever heat to enable you to obtain hot water at any time. The heat from the gas burner goes into the water-not into the house.

Price, connected, \$10.00.

Send for our representative who will explain our terms for

A Gas Water Heater OMAHA GAS CO.
