

# DR. PRICE'S CREAM BAKING POWDER

Makes Home Baking Easy. Gives nicer, better food than baker's. There is no baking powder like it for hot biscuit, hot breads and cake. Made from Pure Grape Cream of Tartar.

## BRIEF CITY NEWS

**Have Root Print It.** Gas, Electric Fixtures, Burgess-Graden, Times, Printing.

**Two Divorces Granted.**—The following divorces were granted Monday in district court: Anna Craig from Pearl Craig; Grace L. Dunton from Edward J. Dunton.

**Sues for Death of Husband.**—Mrs. Anna Lindemann, whose husband, Anton, was caught between a coal bin and a street car and crushed to death last November in the Pierce street car barn, brought suit against the street railway company Tuesday for \$4,000.

**Muskogee Commercial Club Coming.**—Muskogee, Okl. Commercial club, represented by seventy members making a trade trip over the middle west will be in Omaha May 15. The Oklahomans are covering a wide territory on their trip, and May 15 they will "do" all the towns on the Rock Island, from Des Moines here, May 15 they leave over the Burlington for the south.

**Another Florence Injunction.**—John Lubold acting for himself and other citizens of Florence was granted a temporary restraining order by Judge Day Tuesday preventing the newly elected city officials of Florence from tearing up any of the main street paving or from passing any ordinances annulling the pavement tax levied on April 1 by the old city council.

**Crops in Need of Rain.**—Cold weather that retards the growth of newly planted seed and the winter wheat, and a general dryness of the soil are the only two things which any of the farmers along the Northwestern lines in Nebraska have any complaints. Wheat is in good shape, and oats are planted over a part of the state, but rain will be needed inside of ten days. The light showers of April have kept the top of the ground moist, but as the soil was dry last fall when winter closed under a depth of three inches it is still in need of rain.

**Safe Medicine for Children.**—Foley's Honey and Tar Compound is a safe and effective medicine for children as it does not contain opiates or harmful drugs. The genuine Foley's Honey and Tar Compound is in a yellow package. For sale by all druggists.

**Dakota School House Burns.**—STURGIS, S. D., April 17.—(Special Telegram.)—The school house in school district No. 23, six miles from Sturgis, was destroyed by fire last night. Loss \$2,000. Insurance \$1,000. The cause was incendiary.

## Culls from the Wire.

Attorney General Major of Missouri filed his brief in the state's case against the International Harvester Company of America.

Governor Dix has accepted an invitation to preside at a meeting of the National Civic League in Albany on May 23, when William J. Bryan is expected to speak.

Senator Sutherland of Utah announced the White House his intention to propose an amendment to the resolution for the direct election of senators providing that the government may exercise control over such elections.

W. S. Gorton, secretary and general manager of the Standard Welding company, and his chauffeur, Moses Lee, were killed when a Lake Shore train struck Gorton's automobile at West Seventy-sixth street in Cleveland, O., Tuesday afternoon.

The bill which gives the Missouri railroad commissioner powers to fix the maximum passenger rates was signed by Governor Hadley Monday. The new law will be put in operation in case the state loses the recent rate case now pending in the supreme court of the United States.

## New Novel by Vaughn Kester The Prodigal Judge

Mr. Paul Wiltash, the author of "Things" which has been a hit at the Critteron Theater, New York, says:

"If this is not the book for several years, send me the name of the other, for I want to read it."

Price \$1.25 net. For sale everywhere.

**The BOBBS-MERRILL CO.** Publishers.

## Daily Newspapers Best Advertising Mediums—Taylor

Man of Unlimited Experience Gives His Views at a Banquet in Chicago.

CHICAGO, April 18.—(Special Telegram.)—Daily newspapers as effective advertising mediums were given unlimited praise by President David L. Taylor of the Taylor-Critchfield Advertising company at a banquet given in his honor by the advertising men of Chicago at the Blackstone hotel last evening. These statements by one of the recognized advertising authorities of the country, after a discussion of magazines, weeklies, billboards and other advertising mediums were received with great applause by the advertising men present.

"I am for the daily newspapers strong, because I appreciate the wonderful vitality of their immense circulation," said President Taylor, who as head of perhaps the largest advertising agency in the country, places millions of dollars worth of advertising in the advertising men present of the United States and Canada.

"The daily newspaper is a great and quick influence on the public mind. Being the carrier of the every day news in which we are all interested, the advertising it contains naturally becomes part of that news. The metropolitan daily newspaper can no longer be considered an exclusive city proposition. It blankets a great big portion of the country within the radius of the city in which it is published. It is a quick action, rapid firing gun that gets immediate results."

"I recommend the daily newspaper not only to the general advertiser for publicity, but to the mail order and agricultural advertiser who wants to reach not only the small towns, but also the farming communities within the radius of each city."

Mr. Taylor's company is identified with a number of great advertising successes. Four years ago he resigned the vice presidency of the Lord & Thomas Advertising agency to become a member of the Long-Critchfield advertising corporation, the name of which has recently been changed to Taylor-Critchfield company.

The finest general advertising publishers, advertisers and advertising men in general, and guests came from all parts of the country. It was held in the banquet hall of the Blackstone hotel, Chicago, and the attendance numbered several hundred.

Among the prominent speakers were Robert H. Davis, editorial director of the Munsey publications; Hon. Lafayette Young, United States senator and publisher of the Des Moines, Ia., Capital; Prof. C. W. Burkett, editor of the American Agriculturist; R. H. Sammons, vice president of the Corn Exchange National bank; Hal S. Ray, assistant general passenger agent, Rock Island system.

Mr. Taylor is one of the men who has made history pretty rapidly in the last ten years and is identified in a big way with a large number of the greatest national accounts. He was a partner in the former Frank B. White company, which he left to become affiliate with Lord & Thomas. He resigned the vice presidency of that company four years ago to become a member of the Long-Critchfield corporation, the name of which has recently been changed to Taylor-Critchfield company. Mr. Taylor is president and general manager.

This change of name, as well as the recent removal of the company's offices to what are said to be the largest advertising agency quarters in the country, suggested to Mr. Taylor's many friends among the advertising men and publishers the idea of this testimonial dinner, which proved to be one of the most notable events of the kind in the history of advertising.

## EGG SHOWER FOR CARRIER

W. A. Mitchell of Iowa City Presented with Forty-Five Dozen by Patrons of Route.

IOWA FALLS, Ia., April 18.—(Special.)—An "egg shower" for a rural carrier was the unique experience of William A. Mitchell, rural carrier on Route No. 8 out of this city, Saturday. The patrons of the route evidently thought that it was only fitting, at Easter, to show their appreciation of the good service of their faithful mail carrier, and so it was passed along the line that when the carrier passed over the route he would find sundry collections of fresh eggs in each patron's mail box. The plan was successfully carried out and Carrier Mitchell found eggs coming his way good and plenty, but not in the manner usually bestowed on a bad actor. As he progressed along his route it soon became a question of how to handle the eggs, and patrons kindly loaned him egg cases to carry home the results of the "shower." When Mr. Mitchell arrived at the postoffice he found he had an accumulation of forty-five dozen nice fresh eggs.

## ELKHORN IMPLEMENT HOUSE IS DESTROYED

Fire Occurred Yesterday Near the Scene of the Blaze Which Burned Elevator.

ELKHORN, Neb., April 18.—(Special.)—Fire today destroyed the building and part of the contents of the H. A. Nolte implement house, entailing a loss of about \$1,000. No insurance was carried. The fire was eighty feet west of the scene of the recent fire which destroyed the elevator.

## "Died of Pneumonia"

is never written of those who cure coughs and colds with Dr. King's New Discovery. Guaranteed, 50c and \$1.00. For sale by Beaton Drug Co.

## SCHOOL MEDICAL INSPECTION

Matter Brought Up and Again Put Off by Board of Education.

DR. HOLOVITCHNER REVIVES PLAN

Dr. Williams Proposes to Report a Slamming Resolution with a Dental Attachment at the Next Meeting.

Efforts to introduce medical inspection in the public school of the city were revived last night at the meeting of the Board of Education. Dr. Holoitchner introduced a resolution resurrecting a previous one which he offered last October and which was then referred to the judiciary committee and has never been reported out. Dr. Holoitchner endeavored to get a special committee appointed to consider the project, but withdrew his resolution after opposition was raised by Members Williams and Courtney. Dr. Williams, who is chairman of the judiciary committee, to which the resolution was referred, explained the delay by saying the committee had not found time to consider the measure.

Dr. Holoitchner declared that the committee having the resolution intended to tack a rider on it, providing for dental inspection. Dr. Williams answered that he intended to combine the two propositions into one, neither to conflict with the other. He asked for further time to report and after Mr. Courtney suggested that the committee be given until the next meeting Dr. Holoitchner withdrew his resolution.

**About Sunday Work.**

A resolution, introduced by Mr. Bostwick censuring John Harte, the contractor who has the contract for constructing the new wings of the high school building and destroying the old building, for permitting work on Sunday, was sidetracked by the adoption of amendments which killed the effect of the measure. Mr. Bostwick's resolution disapproved of work on Sundays and directed that in the future the board would not approve of such proceedings. On advice from Attorney Eider for the board, Mr. Bostwick eliminated that portion of the resolution referring to future work. His resolution was then amended to eliminate Harte's name and "to deplore the necessity of working on the Sabbath." It passed in this form, 9 to 2, Bostwick and Richardson voting in the negative.

**Right of Eminent Domain.**

The board determined to test its right to acquire property for public purposes by condemnation proceedings by passing a resolution asking that the county judge or Douglas county appoint appraisers to assess damages on lot 8 in block 13 of Kountz' addition. The officials of the school board were directed to take the necessary steps to secure the property. The lot about the Comenius school building and is wanted for playground purposes.

Contractors who have school jobs were instructed to buy Omaha made goods when consistent with quality and price through a resolution introduced by Mr. Richardson.

Mr. Richardson also set another resolution through, which provides for the installing of sanitary drinking fountains in any one school to be selected, the trial to be in the nature of an experiment.

Plans for the addition to the Windsor school building were approved and the secretary ordered to advertise for bids. Superintendent of Buildings Fryer submitted an estimate of \$23,000 on the building and \$7,000 on the heating plant.

**Payment to Architects.**

A communication from Fred W. Clark, who drew the plans for the Edward Rosewater school, urging the board to settle with him, was met by a reply from Mr. Courtney, who, as chairman of the buildings and grounds committee, stated that his committee was unable to adjust differences with the architect over certain commissions. More time was granted.

The payment of \$11,100 to John Latenser as commission for drawing the plans for the annex to the high school was ordered.

A communication from Deputy Labor Commissioner Louis P. Goye, directing the board to equip the high school with fire escapes, was referred to the buildings and grounds committee. Commissioner Goye also instructed the board to institute fire drills in the schools. President Kennedy took exception to the demand, saying that such drills had already been installed.

A delegation from the Monmouth school district stated that it was satisfied with the plans for the annex to the school and withdrew its protest. Plans for the erection of four-room annexes on the north and south have been drawn. The delegation urged that the board buy additional grounds for playground purposes and submitted options on two lots, which aggregated \$3,300.

Miss Nellie McGaw was selected to fill the position of registrar at the high school, to succeed Mrs. Nettie Shiras, who resigned Saturday.

A vote of thanks was extended the Visiting Nurses' association for its offer, afterwards withdrawn, to put two nurses at the disposal of the board for trial inspection in the schools.

Applications for positions as census enumerators were received from Mrs. Grace Anderson and Misses Clara Hansen, Mary B. Horn, Bertha Henderson, Clara Sigelken and Beulah Hunter.

## VESTRY ELECTS OFFICERS

Henry W. Yates Senior Warden and E. Wakeley Junior Warden for Trinity.

At a meeting held last night at Trinity cathedral the following officers were elected: Senior warden, Henry W. Yates; junior warden, E. Wakeley; vestrymen, F. H. Davis, S. D. Barkalov, G. C. French, George H. Thummel, C. C. George and F. L. Walker.

## "CITY CAN FIX PRICE OF GAS"

Assistant City Attorney Hands Down Opinion to that Effect.

## LIGHTING CONTRACT DEFERRED

Lambert Advises Council that Regulation of Light Rates Could Be Made by Adopting an Ordinance.

That the city council can regulate the price of gas, both to consumers and the city, despite the franchise of the Omaha Gas company, was the substance of an opinion handed down by Assistant City Attorney W. C. Lambert yesterday afternoon at the meeting of the committee of the whole of the city council.

Following this opinion the council delayed action on the awarding of the contract for lighting the streets of Omaha with gas until the lighting committee can investigate the conclusion of the new assistant attorney.

Lambert advised the council that such regulation could be effected through an ordinance. He stated that supreme court decisions of the United States substantiated his statement. Councilman McGovern insisted that he draw the ordinance at once, as this was the most welcome news he had heard in years.

"And the council will pass the ordinance in a jiffy, too," interjected Councilman Sheldon.

Other members of the council, however, were skeptical of Lambert's statements. Councilman Funkhouser suggested that the resolution be withdrawn as far as private consumers and the city were concerned. Through a motion the lighting committee was told to bring in separate ordinances, one regulating the price to the city and the other to private consumers.

Lambert modified his opinion by stating that the city could regulate to reasonable rates. He stated that as to what he meant by reasonable rates, Lambert evaded a direct statement by saying that he had not considered this phase of the question.

The lighting committee, to which the bids of the Omaha Gas company, the Weisbach Street Lighting company and the American Street Lighting company of America were referred, reported in favor of the American Street Lighting company, which submitted a bid of \$3 a lamp per year on a three-year contract and \$25.50 on a five-year contract. Action on these bids was delayed one week.

An ordinance for the vacating of Chicago street from Eleventh to Twelfth street, introduced at the request of the Omaha Grain and Terminal company, was delayed for one week, pending a visit by the members of the council. Attorney John R. Webster requested that the ordinance be passed, stating that the evacuation of the street would effect no one save the company, which owns all the property on both sides of the street.

## To Regulate Pool Halls.

A committee from the Commercial club, of which W. F. Eider and Clement Chase were spokesmen, appeared before the council in behalf of an ordinance regulating pool halls. The Commercial club members pleaded for an ordinance licensing these halls and providing for closing hours and the elimination of minors.

Council members agreed with the representative of the club, and a resolution was necessary. A difference of opinion, however, existed as to the closing hour, some favoring 10:30 and others an hour later.

Councilmen Berka and Sheldon, who are having an ordinance drawn, explained their measure, which the club members stated satisfied them. The ordinance calls for a license fee of \$5 for the first table and \$1 for each additional table. It also names 11:30 as the closing hour. This section may be amended before the ordinance is passed.

The protest of property owners along Twenty-fourth street between Cumine and Burt streets was referred to street improvement committee, the paving committee and the city engineer after an informal discussion. City Engineer Craig advised ignoring the protest, but Councilman Hummel came to the front for the measure. The protest recited that the street car tracks are below the established grade and asks that they be raised.

A resolution ordering the contractors who are building the county court house to move the fences on Seventeenth, Eighteenth and Harney streets back to the curb lines, having not been complied with, Councilman Sheldon stated that he would bring in a new resolution tonight ordering the building commissioner to remove the fences.

Councilman McGovern told the members that the contractors had stated they would not move the fences until they had consulted with the city engineer. The chairman had said the fences would be moved until the contractors got ready and would remain where they are, despite the order of the council.

Plans of assessment for opening Fortieth street from Blondo to Lake and Lake to Bedford avenue were approved and the appraisers' report recommended for passage. Damages of \$1,500 are assessed.

The city engineer was instructed to formulate a plan of assessment for the opening of Second street from the south line of Smith's addition to Spring street. The appraisers' report names damages in the sum of \$1,500.

The chairman of the committee was ordered to bring in a resolution tonight directing the city clerk to advertise for bids for the removal of garbage, under the same conditions as maintained last year. Claude Boase, daily inspector, requested a salary raise of \$2 a month. He was told to confer with the health commissioner.

A request that the water hydrant on Thirty-fifth avenue between Poppleton and Woolworth avenues be moved twelve feet north was placed on file.

## Program Arranged for Memorial Day

Various Patriotic Societies of City Agree Upon Manner of Day's Observance.

The patriotic societies through their committees last night agreed upon a program for Memorial day substantially along the same lines as made the observance last year so successful.

In the Auditorium platform ceremonies will be held while the ritual services will be carried out at the cemeteries. As yet the speakers for the occasion have not been selected. The election of grand marshal was also deferred until the next meeting which will be held May 1. The following committees have been appointed to make the necessary preparation for Memorial day celebration on May 30:

Committee on Speakers—C. W. Allen, W. H. Green, H. H. Genau.

Committee on Finance—A. Lockner, E. Dunn, C. W. Allen, H. H. Genau.

Committee on Invitations—H. H. Green, T. B. Forgy, J. H. Berry, H. M. Class.

Committee on Transportation—E. Dunn, A. Lockner, W. A. Bell, H. M. Class.

Committee on School—W. W. Thompson, W. A. Bell, T. H. Forgy, W. T. Coates.

Committee on Ground and Decorations—C. M. Harpater, J. H. Berry, J. L. Hobbs, P. Miller.

Committee on Music—J. Edward, W. H. Green, C. W. Allen, W. T. Coates.

The women of the different auxiliaries will act as a committee on flowers.

The meeting adjourned until May 1.

## Program Arranged for Memorial Day

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

## A New Meaning for the Word Modern—

When we use the word "Modern" to tell you of this wonderful store it means far more than that we have a fine building and fine fixtures. It means that every part of our organization is conducted on business principles and methods that are the result of a quarter century's experience. It means that our merchandise is of a quality that proves its worth by comparison. It means that our values are the greatest that can be offered. It means that our patrons are considered first as our friends, then as customers. It means that your confidence means more to us than any amount of money.
