st SHEEP-Supply conditions in the lamb market favored traders on the buying side this morning, but steady prices were generally maintained in spite of a fairly large run. Right around thirty-five doubles of stock were received, the bulk consist ing of tambs, mostly wooled. Quality was seasonably good and high dressers included some toppy Mexicans.

All of the regular buyers were out in the alleys early, but their presence did not result in a very active trade. The better classes of offerings attracted attention and common grades were more or less neglected. Sends Message to Governor Carroll Asking Aid in Finding His Brothers and Sisters-Bills Yet Unsigned.

DES MOINES, April 19 .- (Special Telegram.)-Because the millwork used for building purposes by Des Motnes contractors does not bear the union label the union carpenters of the city are on the verge of declaring a strike. At a meeting of the Master Builders' association the demands of the union were presented and negotiations will be taken up to effect a compromise.

The state has recently opened a stone quarry near the state inebriate institution at Knoxville and the "patients" are being made to work. Some of them are being employed on the large state farm there, but others are sent to the stone quarry. The attractiveness of the place has therefore been destroyed for a large number of those who have been in the habit of coming as they pleased. The legislature passed a law which will give the authorities of the place the right and the power to enforce discipline and to keep the inmates there all the time until they are properly paroled. It is anticipated that the value of the institution, therefore, for the cure of inn.ng and a market of lower prices was surprising. One of the heaviest single runs of the season arrived about 15,000 bank stock has just gone into effect, the ebriacy will thereby be much enhanced. in all. Some time ago an epidemic broke out there which was diagnosed as smallpox, but which was at worst a very mild form. At one time sixty were in the little hospital. Today he reported that there are only thirteen in the hospital and no new case has developed for two
