HIGH SCHOOL ATHLETES WORK

Preparations for interschool field meet in progress—Sixty are entered.

Active practice for the class meet of the Omaha High school April 29 began Tuesday afternoon. A call for all candidates who intended to enter the meet was given by R. L. Carns, coach Monday afternoon, and those who study have expressed their determination to try out for a place in the meet. Friday afternoon Carns and Robert Wood, captain of the track squad, will choose the boys who are to enter the meet.

Interest is most keen over the meet, and as classes are about evenly matched in strength, it will be a close match between the juniors and seniors of the school. To the class winning the most points will be given for one year the silver loving cup, presented by the class in 1908.

In the last two years this cup has gone to the senior class, and will enter all the fast men in the class. The freshmen have not yet organized, but a few loyal students have been practicing with the other classes for several nights. Preparations for the Missouri Valley interschool meet at Lincoln May 13 have begun.

CREIGHTON WINS SOGGY GAME

Morningside Showed No Signs of Life in Nine Innings.

VICTORY COMES EASY AND EARLY

Wanting Team is on Tip-toe of Anxiety to Meet Pater Families Rourke's Squad of Professionals Today.

Creighton university easily romped around Morningside yesterday afternoon on Creighton field, winning with a 10 to 0 score. McKee started off with a neat single and took second and third on errors. Kyle gained first by a stray pitched ball. Both scored on Kelly's clean drive to center. Hronek was transported to first on the third strike and Kelly scored on a throw to catch Hronek stealing second, who scored on Mattson's long fly. Miller was presented with first on an error and tallied on Kelly's swat to right, who in turn gained third and repeated on a wild throw to the catcher. Kelly fanned and McKee flied, with Fletcher an occupant of the initial corner.

This ended the inning and the game was pocketed. The game lingered through several more innings, without threat on the part of Morningside to break up the monotony. Creighton, however, scored another run in the second, took a vacation for the next three innings and in the sixth deposited three more to its account with the score. The remainder of the game did not offer anything more. A fairly large crowd attended and were enthused to the point of anxiety to see Creighton line up against the Rourke, whom they play today at 3 o'clock. The score:

Fred Demar Wins Marathon Contest in Record Time

Dorchester Runner Finishes First in Annual Twenty-Five-Mile Run at Boston.

BOSTON, April 19.—Clarence Demar of Dorchester, who finished second last year, was the winner of today's Marathon race from Ashland, Mass., breaking the record of 2:34:24. His time was 2:23:29. The former record was made four years ago by Tom Longboat, the Canadian Indian.

Fred J. Madden of South Boston was a poor second by reason of an accident two miles from the finish. Then came Ed Fabore of Montreal, while Robert J. Fowler of Cambridge, another old-timer, was fourth. Demar ran a well-judged race, for he did not become a factor among the leaders until more than a third of the course had been run. As the field swung into the boulevard at Auburndale, he challenged Madden, who was leading at that time, and finally pushed out in front.

In spite of two big hills Demar not only drew steadily away, but hit up the pace so that he captured former records at minor points along the home stretch, notably that at Brookline, held for ten years by Coffey.

Madden was dashing past Coolidge corner, two miles from the finish, when an automobile in seeking to pass him nearly knocked him into the gutter. He recovered in time to save being passed by Fabore.

Demar received a great ovation as he staggered across the finish in a much exhausted condition. The times of the four principal prize winners were: Clarence Demar of North Dorchester, 2:23:29.

E. J. Madden of South Boston, 2:34:31. Ed Fabore of Montreal, 2:39:29. Robert J. Fowler of Cambridge, 2:52:31.

More than 10,000 people, constituting the largest group of spectators at any athletic event in the country, gathered today on the long road stretching out of the city to witness a hundred yards or so of the Boston Athletic association's fifteenth marathon, run from Ashland to this city, a distance of twenty-five miles. Unofficial time, 2:28:28.

The field got away in good order at noon. Ahlgren and Masterson managed to keep in front at the start, the former leading at Wellesley square, twelve miles from the start, by thirty yards. The time here was 1:15:38, compared with the record of 0:50:14 by Walton in 1906.

At the entrance to the boulevard at Auburndale, sixteen miles from the start Madden of South Boston pushed into the lead, making the turn at 1:37:00 from the start compared with the record of 1:23:35.

GARNS TO SELECT TRACK MEN

Tryout Monday Afternoon at Omaha Driving Park.

PREPARE FOR LINCOLN MEET

More Interest Than Ever Before is Being Shown in the Athletic Affairs of the Omaha High School.

Track men who will constitute the team of the Omaha High school for the interschool meet to be held May 13 at Lincoln will be chosen Monday afternoon at the Omaha Driving park. The local high school is allowed ten members to compete in the meet. Probable members of the team are Robert Wood, Benson Rowley, Andrew Dow, Lee Ellsworth, Ralph Ludwig, Hugh Millard, John Drexel, Vergil Rector and Halleck Rouse.

No qualifications are necessary for entrance in the class meet which occurs at the driving park on April 29, except that the student be eligible in his studies. This decision was agreed upon by Coach R. L. Carns and also by the athletic board. The class meet which is the first outdoor meet of the season is important as it determines the speedy men on the field, and also gives the coach a line on members who will form the track team for the season.

The seniors are probable winners of the loving cup which will be given to the class making the most number of points. Nearly all of the senior lads who will enter the meet are either former track men or have showed wonderful progress so far this season. Andrew Dow is practically the only one for the weights, and will enter the dashes. Benson Rowley holds the school record for the low hurdles and also runs the dashes in splendid time. Robert Wood, captain of the track squad this year, is considered by his classmates as being the individual who will win the gold medal for individual work. There is no doubt but what Wood who holds the school record for the 100-yard dash and also for the 200-yard dash will win both of these events. Wood will also figure in the sophomore relay team, and will be the main support for the sophomores. Dow, Rowley and Wood are all members of last year's track team and entered in the indoor meet in Omaha on April 1.

Record Holders Compete. Besides Dow and Rowley who will enter for the seniors there will also be several other stars who have lowered the school records in several events this season. Ralph Ludwig, who won the 800-yard race at the indoor meet, will enter for the half-mile run. Albert Cahm, who succeeded in securing second place in the quarter-mile run in the same meet, will enter in the quarter-mile run and also take part in the half-mile run. Lee Ellsworth, the captain of the cross-country squad last fall, will enter in the mile run. Ellsworth is the only lad in the school who runs the mile in less than five minutes. Ellsworth will probably lower his record in the class meet and has a splendid chance of securing a place in the Missouri Valley meet.

Hugh Millard, Charles Robel, Clarence Munnick and Vergil Rector are the primary support of the Juniors. Millard will enter the 100-yard and the 200-yard dashes. Munnick will enter in the pole vault and Rector will also. Rector is slated to win the pole vault as he has the school record for this event. In the indoor meet he succeeded in making ten feet eight inches, which is considerably more than his record last year. Robel will enter in the mile race, his time being 5:10.

The hope of the sophomores lies in the fact that the class has the strongest relay team of the school, three of whom constitute the school relay team. Robert Wood, Halleck Rouse, Warren Tiley and John Drexel compose the relay team.

Beryl Crocker is Captain of the H. S. Basketball Team. Beryl Crocker, forward on the Omaha High school basketball team, was elected captain of the squad for next year at meeting of the basketball players, held Wednesday. Crocker began playing basketball when a freshman in Cedar Rapids, Ia. High school. He came to Omaha in 1910 and played on the scrub team in his sophomore year here. Last season, the year of 1910-11, he was made forward on the "regular" five. He will be a senior in the school next year.
