HERPICIDE

IS A MOST EXQUISITE AND DELIGHTFUL HAIRDRESSING

Hair that is neglected shows it and quickly. It is uneven, dull, brittle and the scalp usually infested with dandruff. Hair in this condition is unsightly and cannot be made to look neat, no matter how carefully arranged. The above simple suggestions relative to the care of the hair will, if followed, correct all of this.

The hair takes on an astonishing luxuriance, and beauty which are always associated with the use of this wonderful scalp prophylactic. With the removal of dandruff and the restoration of a healthy condition of the hair and scalp, the hair ceases to fall out and nature asserts herself in a manner which is almost at once noticeable. Try it and see.

Newbro's Herpicide destroys the invisible microbic growth which causes dandruff, and keeps the head clean.

Newbro's Herpicide was the first preparation made to kill the dandruff germ. It has for years been known as "The Original Dandruff Germ Destroyer."

Any preparation for which the same claims are made is trading upon the reputation of Newbro's Hernicide and is an imitation. Don't take something "just as good." having genuine Herpicide.
