

**PROGRESSIVES GETTING BUSY**

Will Meet Here in June to Talk Over Political Matters.

**WILL MAP OUT A CAMPAIGN**

L. Kennedy for Senator, Roosevelt or La Follette for President and Aldrich for Governor Being Considered by League.

To nominate ex-Congressman John L. Kennedy of Omaha for United States senator, Governor Aldrich for re-election, and either Theodore Roosevelt or Robert M. La Follette for President, the Progressive Republican League of Nebraska will begin its year's campaign within a few weeks. The long start which the progressive republicans are getting for the race which does not become an issue until the primaries a year from this month, is occasioned by the provisions of the Gustavus Evans primary law which was passed by the recent legislature. This law provides that at the primary in April, 1915, a preferential vote will be cast to discover the people's choice for the presidency. The progressives of this state are anxious to be early in the field and get their men before the voters as soon as possible.

To that end the executive committee of the Nebraska league will meet in Omaha on or before June 1 and draw up plans for the campaign. The members of this committee are Charles O. Whedon of Lincoln, A. W. Ladd of Alliance, John L. Kennedy of Omaha, Harry Sackett of Beatrice, Charles Skiffis of McCook and W. S. Mathey of Ansley. E. E. Correll of Hebron is president, D. C. Van Dusen of Blair is vice president and Franklin A. Shotwell of Omaha is secretary.

**Kennedy or Norris.**

"The progressive republicans," said Franklin A. Shotwell, secretary, "would probably be willing to stand for either Roosevelt or La Follette and if it seems like the Wisconsin senator can be elected he will get their support. For a senator from this state it is impossible for the progressives to support Norris Brown because he has lined himself up with the present administration. We want either John L. Kennedy of Omaha or as a possibility, George W. Norris of McCook." The progressive party here about June 1 follows the movement begun in New York several weeks ago when Gifford Pinchot, Rudolph Birkholz, Senator Cummins and Senator Jonathan Bourne started a country-wide campaign for a progressive president in 1915. It will be the purpose of the Nebraska progressives to begin within a few weeks a campaign which will put in congress six progressive republicans thoroughly in sympathy with this program, a republican senator, and to support a republican progressive president. To begin our work toward that end the executive committee will meet here about June 1. The candidacy of John L. Kennedy for the senatorial toga is a hitherto unknown possibility. He has so far signified no definite determination to make the race, but his friends say that he may be prevailed upon to accept the support of the league.

**Foster Says Storms Are Coming to Us Soon**

**Long-Distance Forecaster Predicts Violent Disturbances for This Week.**

W. F. Foster, the long distance weather forecaster, one time of Omaha and now of Washington, D. C., writes that during the next two weeks some violent disturbances will verify his theory of the effect of electro-magnetic currents passing between the planes of our solar system. His prognostications are:

"The storm forces from April 26 to May 6 will be of such great intensity that I submit for publication the following forecasts as a test of the important truth that our earth is subject to the electro-magnetic forces that pass from the sun to another, very much in accord with the laws of the electro-magnetic forces, causing all except our seasonal weather changes. I will not try to locate these disturbances except to suggest that tornadoes will probably not occur near St. Louis and other western points where the great storms occurred about April 22 to 24."

"Not far from April 27, great earthquakes will probably occur in some of the earthquake countries and continue at intervals till after May 6. From near April 27 or 28 to May 3 will occur notable electric storms, earthquakes, tornadoes and other severe weather events. Large sun-spots will organize on the central parts of the sun near April 30 and about that time tropical hurricanes will organize in the East Indies."

"Near May 4 and 5 another outbreak of storms, sunspots and earthquakes will occur somewhat similar to those above mentioned but, except the earthquakes, will probably not be in the same localities. Watch the newspapers near those dates and determine for yourself as to whether planetary meteorology is a myth."

**STRANGER STRICKEN WITH APOPLEXY DIES AT HOTEL**

Little is known here of J. H. Earnest of Minnatare, Neb.—Stricken in His Room.

J. H. Earnest of Minnatare, Neb., who was stricken with apoplexy early Sunday morning in his room at the Omaha hotel, died at 2:30 Monday morning at the Omaha General hospital without regaining consciousness.

Earnest was evidently a man 50 or 60 years of age and in good circumstances. Nothing is known of him or his family. Shortly after he registered for his room one of the bell boys, stopping at the room on an errand, found him lying on the floor with part of an orange in his hand.

**"SODOASIS" WINS THE PRIZE**

Name to Be Given the New Soft Drink Dispensary of Sherman & McConnell.

"Sodoasis" is to be the name of the new soft drink dispensary to be opened Saturday by Sherman & McConnell at their store at Sixteenth and Dodge streets. This is the name selected by the committee composed of J. D. Weaver, Mel Uhl and William Quinley, and was suggested by Mrs. H. G. Morphy, 627 Grant street, and who won against strong competition. "The Coolery," suggested by Maud McCall, 903 Hawthorne avenue, took the second prize.

**Saengerfest Soloist Will Have Baby Christened Here**

An atmosphere of delicately beautiful sentiment will mark the presence in Omaha this week of Mme. Herthold Hesse-Sprotte, who returns to sing at the musical festival. Her many friends anticipate that she will bring her youngest daughter, a little mite of pink humanity with a rosy mouth and ten squirming toes that are likened to clusters of peach tree blossoms. Hesse-Sprotte has expressed the desire to her Omaha friends, made during her appearance here last July, that the daughter, who came in March, be christened here.

Her wish has been conveyed to a German minister, and in a joking manner which is marked by sincerity, she has asked that the Saengerfest association accept the honor of sponsorship at the christening. Indeed it will! In fact, there is some rivalry among the officers as to who shall become the little girl's godfather, but all are willing, after all, to share the honor among them, share and share alike. In fact, the association has made up a purse of \$20 gold to be presented to the Hesse-Sprotte address.

**Swain Gets Hunting Permit Instead of Marriage License**

After Standing in Line with Hunters and Fisherman He Draws Wrong Card.

Heading the line of applicants for licenses to fish and hunt who stood in front of the counter in the county clerk's office Monday morning, was a young man dressed in a dark suit and wearing a white lawn tie. He also wore an expression of mingled sheepishness, expectancy and impudence, as if the world was watching him.

"Give me a license," he said to the clerk. "Your name and residence?" queried Frank Clark, the clerk, who had the license pad.

"John T. McAuley, South Omaha," was the answer.

"Your weight, height, color of the eyes and hair?" were the questions that followed in quick succession, and McAuley was accordingly tabulated as weighing 145 pounds, standing five feet and eight inches and an individual blue of eye and dark of hair.

"Is that all?" he asked with a puzzled expression, as he took the card. Glancing at it as he stuck the card in his pocket he saw the great commonwealth of Nebraska had granted him the right to fish and hunt for the year of 1915.

"Why, I wanted a marriage license!" he gasped out after the sad truth had penetrated, for McAuley was a prospective bridegroom who had strayed into the wrong office.

**DOUBLE TRACK WORK BEGINS**

Kilpatrick Bros. Put Large Force of Men on Union Pacific Work in Western Nebraska.

Kilpatrick Bros., the contractors, who has charge of the double track work to be done in Nebraska by the Union Pacific this summer, started work Monday with more than 1,000 men. The contractors promise that trains may be run over the double track line September 1.

Grading has been going on for a short time on the job and surveys have been working for the last month. Now, however, the real work of the contract will begin, as the spring has really come. The track to be laid is 100 miles long, from North Platte, Neb., to the Wyoming line.

Forget your prejudice for just one baking

Lay aside your favorite baking powder for just once. Forget for a day that it is "the kind mother used." Dispense with the idea that there is "nothing else just as good." It may have served you admirably for years. But just remember, other things have improved since grandmother's time. So why not baking powder?

Get from your grocer today a can of Calumet Baking Powder. Bake a batch of biscuits, a cake or your favorite pastry. If the baking does not come out just as good, or better, than usual. — If it is not as light, sweet and delicious. If it does not prove up to your high standard in every respect, providing of course you have in every other way exercised your usual methods, take the can of Calumet back to the grocer and get your money. This is our first step in making friends for Calumet. The continued good results, the purity, the economy in both cost and use will hold them.

**LOAN SHARKS WITH NEW PLAN**

Instead of Having Warrants Assigned They Secure Orders for Them.

**TWO ARE PRESENTED MONDAY**

City Treasurer and Comptroller Say They Think They Can Circumvent This Move by Adopting New Plan.

Money lenders, who have been scalping city warrants, adopted new tactics Monday morning. Instead of filing assignments of warrants of city employees, they resorted to the presentation of orders, which directs the city comptroller to deliver assigned warrants to the holder of the order.

Two such instruments were presented to Comptroller Cosgrove and the warrants turned over to the money lenders. Hereafter the comptroller has been delivering the warrants under assignment orders, which permitted the money lenders to take the warrant to the city treasurer and get it cashed.

City Treasurer Furry states that the money lenders will have their troubles in getting these warrants cashed, however. "I will not honor any warrant unless I know that the signature is genuine. If a warrant is presented for payment at this office, I will have to be satisfied that it has been endorsed by the person to whom it was issued. A notary's seal or a witness to the signature will be all right, or else the warrant can be signed in my presence."

"I have directed that warrants presented for payment by others than the ones to whom they are issued be referred to me," City Comptroller Cosgrove has formulated a scheme to prevent the necessity of issuing orders. He says he will request the council to pass the payroll ordinance on Monday afternoon. In this way it will be possible to pay day laborers on the job, instead of requiring them to come to the office and get their warrants.

Often orders are given for convenience sake, says Cosgrove. Employees do not like to take the time to come to the office. To prevent such steps, he proposes to pay the men while on the work.

**Mrs. L. Freeman Has Recovered from Her Nervous Collapse**

Woman Who Became Unconscious at the Inquest of Her Husband is Better.

Mrs. Lizzie Freeman was reported to have recovered Monday morning from the nervous collapse suffered Saturday evening at the inquest on the death of her husband, Earl Freeman. Mrs. Freeman became unconscious during the inquest and was removed to the station where physicians attended her.

As yet no complaint has been filed against the woman. It is expected that a charge of murder will be lodged against Mrs. Maggie Hirsch, held as state witness in the case, was fixed at \$2,000. It is understood that two brothers of Freeman will furnish the bond for the woman's release.

Spring brings to each its little dream Of love and riches of field and stream But sweeter than any dream I see. Is the LAMPHER HAT spring brings to me.

**Sunlight grows the Hops But will ruin the Brew**

Many Americans prefer beer in a light bottle. Most brewers follow the course of least resistance. Light starts decay even in pure beer. Dark glass gives protection against light.

Schlitz is sold in brown bottles, to protect its purity from the brewery to your glass. The first Schlitz was brewed in a hut over 60 years ago.

Now our agencies dot the earth. Our output exceeds a million barrels a year.

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."
