

ODD FELLOWS TO CELEBRATE

Ninety-Second Anniversary of the Founding of the Order.

MEETING AT COUNCIL BLUFFS

Omaha, South Omaha and several Iowa towns to join with Council Bluffs Wednesday—Big Parade.

The ninety-second anniversary of the Independent Order of Odd Fellows will be celebrated in Council Bluffs Wednesday by Pottawattamie county district, No. 78, and lodges from Omaha, South Omaha, Neola, Avoca, Hancock, Minden, Walnut and Weston will take part in the ceremonies. The ceremonies will begin with a grand parade, starting from Odd Fellows' hall at 2 o'clock. E. J. Abbott will be grand marshal and will be assisted by Painter Knox and C. E. Taylor, address Omaha members who are to participate in the march will assemble first at their hall at Fourteenth and Dodge and go to Council Bluffs in special cars. Green's band will head the Omaha section. Omaha and South Omaha will be represented by nine lodges.

After the parade the members and the women of the Five Rebekah lodges will meet at the Bohany theater, where the following program will be given:

Major General Grenville M. Dodge, master of ceremonies.
Opening prayer, the Rev. Edgar Price, introductory, S. S. Keller, district president.
Music, Elks' quartet.
Address, State President Helen Prescott.
Music, Elks' quartet.
Address, Grand Master H. C. Chapin.
Music, Elks' quartet.
Address, Grand Master H. C. Ring.
Music, Elks' quartet.

A reception to the officers of the grand lodge of Iowa will be given in the evening at the Masonic temple, followed by a ball.

Five-Year-Old Baby is Fatally Burned

Anita Foreman Stands Too Close to Fire and Her Clothing Becomes Ignited—She May Die.

While playing around a bonfire near her home, 3235 North Fortieth street, Anita Foreman, aged 5 years, was fatally burned. The child was attended by Dr. P. T. Ellis, who had her removed to the Swedish Mission hospital, where her condition is said to be hopeless.

The child with several of her companions had been playing near the fire and a gust of wind blew the flames against her clothing, which ignited and burned the child severely before assistance arrived.

MORE MONEY NEEDED TO RUN EMERGENCY HOSPITAL

Funds Are Exhausted—Forty Smallpox Patients Now Confined There.

With forty smallpox patients enjoying the hospitality of the city at the Hotel de Emergency hospital and eating three times a day, the health department faces a shortage in funds to provide the necessary salaries.

Some provisions will have to be made for more funds, as the present appropriation is almost exhausted. Health Commissioner Connell is considering ways and means to get more money. He will ask the city council to add to the funds set aside early in the year.

At present forty are at the Emergency hospital. As high as forty-three have been confined at one time. For the last two months the hospital has been taxed to the limit. Two thousand dollars was set aside by the council for the maintenance of the Emergency hospital, but the fund is about exhausted. Connell wants more money.

SMITH DRAWS FIVE YEARS IN A WHITE SLAVE CASE

Judge T. C. Munger Imposes the Limit on Man Who Brings Young Girl to Omaha.

Frank Smith, convicted in the federal court in a white slave case for bringing a young girl, Eva Latham, to Omaha for immoral purposes, was sentenced Tuesday morning by Judge T. C. Munger to serve five years in the federal prison at Leavenworth.

F. S. Howell, United States attorney, asked the court to impose the limit on Smith, which was done. In sentencing the man Judge Munger said the evidence plainly showed that Smith violated the white slave traffic law. He also said had the government proved that the defendant knew the girl to be under 18 years of age, an additional ten years would have been imposed on Smith.

Woman Who Gives Up Stage When Dan Cupid Gets Busy

It's easy for a woman to give up a man for a career, but not so easy to give up a career for a man—which by the way indicates the relative value of the masculine person—but Mme. Rothwell-Wolff did it. But, aside from her duties as a faithful "hausfrau," she finds time now and then to entertain the public with her magnificent voice, and she comes here this week for a special engagement of the Saengerfest.

MME. ROTHWELL-WOLFF.

Bees Break Loose and Raise Havoc at the Union Station

Employees and Travelers Are Given a Scare as the Bees Make a Friendly Call.

All was quiet at the Union station at 8 a. m. Tuesday, when suddenly an express handler felt a sudden twinge behind his ear. Soon a small panic was well started among the Union station employees and a few stray passengers near, when it was discovered that several thousands of bees, being shipped in crates, had broken loose.

The card on the crate said they were honey bees and several combs of the swarms inside testified that there were such things in this world, but they will never sell for that if the station people have to guarantee them. They stung! Not only once, but several times.

Only two of the ten cases being shipped had broken open, and after half an hour the bees returned to the honey in the cases, which they evidently regarded as home and "swarmed" on the outside of the cases. Leather goods and a well over his head, one of the men coaxed them back in the cases.

The bees were being shipped by C. B. Bankston of Buffalo, Kan., to W. V. Hannay of Lander, Wyo. Hannay, it is reported, is to try to increase the growth of timothy and alfalfa in his fields by the bee method, the insects carrying the pollen and promoting the growth. The scheme has worked well in other states.

ROYAL NEIGHBORS WILL VISIT IN OMAHA SATURDAY

Omaha Members of the Order Will Entertain Visitors Enroute to Denver.

Omaha will be host for a day to several hundred women Saturday, coming here from various parts of the east on their way to Denver, Colo., to attend the triennial convention of the Royal Neighbors of America, to open there May 1. Mrs. Kate Remington, 2307 Hamilton street, and Mrs. Laura Shrum, 3614 Charles street, are the Omaha delegates to the convention, and they are in charge of the entertainment to be accorded to the delegates who will stop here for the day.

CAR BRAWLER GETS ROCK PILE

Pulls Off the Trolley When Disputing with Conductor and Gets Ten Days.

With the remark that he would make an example of people who make disturbances on street cars and on the streets, Judge Cockerell, acting police judge, this morning sentenced Bert Broderick to ten days on the rock pile in spite of the fact that he said he had a wife and children dependent upon him for support. Broderick got in a row with a conductor on the Harney street car last night and ended by pulling the trolley from the wire. Officer Woodbridge arrested him.

Cannon to Talk Here on Religious Topic

New York Banker Here on Sunday, May 14, Which May Necessitate Change in Plans.

Omaha financiers and credit men will not have the opportunity they expected to hear a business address by James Graham Cannon, president of the Fourth National bank of New York, as that distinguished gentleman will be here on Sunday, according to advice just received by E. G. Jones of the Omaha Credit association.

The letter bearing the information has been referred to H. C. Judson of the Midland Glass and Paint company, and he has informed local members of the men and religious movement. Mr. Cannon's plans in order that they will be prepared to receive him. Mr. Cannon is one of the prominent men at the head of this movement in North America.

The credit men had appointed a committee, headed by Luther Drake, to entertain the visitor, who comes on Sunday, May 14, in his special car, but the fact that he comes on Sunday will not balk their plans altogether. Mr. Drake is an old friend of Mr. Cannon's, according to the letter received, and he is more than pleased to head a committee to entertain the visitor.

Mr. Cannon will arrive in the city at 2:45 o'clock Sunday afternoon and will depart the next morning at 10:45 o'clock.

Dickeson to Run a Railroad in Alaska

Former Omaha Man with the Hill Lines Has Some Hard Transportation Problems.

C. L. Dickeson, formerly superintendent of traffic of the Burlington lines west of the Missouri and later assistant to the president in Chicago, has just been appointed vice president of the White Pass & Yukon route with jurisdiction over all departments. Mr. Dickeson's headquarters will be at Vancouver, B. C. The Yukon line runs a service over 65 miles through Canada and Alaska, 139 miles rail, 499 river and eighty-two miles lake travel, and the new manager of the road will find himself compelled to solve a varied assortment of transportation problems.

CONFERENCE ON MARBLE FOR THE COURT HOUSE

Commissioners Consult with Executive Committee of the Commercial Club.

All members of the Board of County Commissioners took lunch Tuesday with the executive committee of the Commercial club and expressed their views on the question of marble for the new county court house. Pete Eisasser and John C. Lynch argued against a change of specifications, while Jeff W. Bedford, Thomas Connor and Oscar J. Pickard expressed their willingness to substitute the Colorado for the Italian marble.

The opposing members said they were reluctant to order a change because of the possible effect it might have on the contract, holding that there is nothing to show that the entire contract would not become void by reason of a change. The Colorado adherents desire a change because of the saving of time, declaring at the same time that the Colorado product is just as good as the Italian marble.

PLAN TO BUILD MAIL CHUTE

Government Mail Service Official Consults with Burlington Men to Facilitate Business.

Captain E. L. West, superintendent of mail delivery of the United States mail service, arrived in Omaha to confer with the local postal officials and with the Burlington railroad officials in regard to the building of a mail elevator and chute at the Burlington passenger station, Tenth and Mason streets. Captain West and Superintendents E. Flynn and Smart inspected the depot and the present manner of handling the mail and some decision on the building of the proposed elevator will probably be reached Wednesday.

The situation of the lift as proposed by the present plans is at the west side of the south end of the viaduct. There is a street car switch here and the cars could be run up on this and the mail unloaded into the elevator, as it is now unloaded into wagons. Then instead of the wagons driving to the mail entrance of the station the elevator takes the sacks to within thirty feet of the door, where trucks could take them into the room.

The cost of the erection of the chute will be nearly \$10,000. A small building will be necessary on the street level of Tenth and Mason.

Foley's Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Foley's Kidney Pills are antiseptic, tonic and restorative. Refuse substitutes. For sale by all druggists.

Executive Council of Woodmen Takes Up Building Plans

Is Considering the Matter of Building Tower and Some Changes in the Plans.

Plans for the Woodmen of the World building to be erected at Fourteenth and Parnass streets were submitted Tuesday by Hofabird & Roche to the executive council. Practically the entire day was spent by the members in a discussion of the plans, and especially the proposition to build a tower, which the present plans do not include. J. M. Walsene, who has been employed to take charge of the rentals of the building, was present and offered a number of suggestions. It is not likely that the work of approving the plans and making the necessary changes, if any, will be completed for two or three days.

The executive council went into session Tuesday morning and it is likely that they will be kept busy for ten days. As soon as the building proposition is out of the way other matters pertaining to the order will be taken up.

THE WAY TO OBTAIN A REAL PIANO BARGAIN

IS TO GO TO A RESPONSIBLE PIANO DEALER, PAY A FAIR PRICE FOR A PIANO AND GET ONE THAT HAS A REPUTATION BACK OF IT. THAT IS THE ONLY WAY.

Pianos are purchased possibly only once in a lifetime. Why take a chance of paying out good money and getting a piano of some cheap, inferior quality, simply because some dealer offers you, after you have puzzled your brains over some conundrum, or solved some puzzle, or joined some club, a certificate said to be worth anywhere from \$150 to \$250 on the purchase price of a piano? Think seriously, is not this absurd.

In Omaha today there are about 2,500 Piano Certificates floating around that have been issued by different piano dealers. If you presented everyone of them to anyone of the piano houses that are issuing them, the whole 2,500 would not procure for you the cheapest piano in their store. **THEIR REAL WORTH IS NIL.**

MAKE A CAREFUL INVESTIGATION

That is all we ask or have a right to expect. Acquaint yourself with the actual value of the pianos offered by others. Then come to us, and we will easily convince you that regardless of how large the certificate or rebate offered by others may be, **WE WILL SELL YOU A PIANO OF BETTER QUALITY AT A SUBSTANTIAL SAVING IN PRICE.**

As to terms, we gladly make terms to suit your convenience. Write us, if you live out-of-town for catalogue, prices and any other information that you may desire.

THE FOLLOWING BARGAINS WILL BE OFFERED THIS WEEK

KRANICH & BACH.....	\$287	JACOB DOLL.....	\$115
BRADFORD.....	187	KOHLER & CHASE.....	85

Arbor Day Crowd After Trees

Brandeis stores assisted in the "City Beautiful" movement in a substantial manner Saturday when they gave away 30,000 young catalpa trees to the people of Omaha and vicinity to plant on Arbor Day. An immense crowd came to Brandeis stores early in the day and continued without a break until 3 o'clock when the last tree was given out. This giving away of trees will be made an annual event and Brandeis catalpa trees will shade thousands of homes.
