# The Well-Furnished Office A Business Asset

A Sanitary Desk in your office is testimony of your discriminating taste and judgment.

Our desks are above the common place. They are standardized and satisfy the desire for harmony.

Convenient, roomy compartments give them the largest measure of beauty and utility.

Because of their thorough construction they offer greatest resistance to wear and atmospheric changes.

Our roll-top desks, flat-top desks, accountant desks, typewriter desks and office tables are the highest and most distinctive types-clean, strong, carefully matched and highly finished.

Remember: Good furniture may be cheap, but "cheap" furniture cannot be good.

State Board of Health Completes Plans for Its Manufacture. HARRY KELLY TO FACE COURT

onnell Bluffs Ductor Who Killed Two Men Indicted in Des Moines Murder Charges-Depot Project.

IOWA TO SELL ANTI-TOXIN

(From a Staff Correspondent.) DES MOINES. April 28 - (Special Teleram .- At a meeting of the State Board of Health today arrangements were made for extending the work of the state antitoxin department. The legislature made an appropriation for carrying on the department so that the diphtheria remedy will be kept in supply stations in every part of the state to be sold at cost. The salary of the secretary will be raised to \$3,000 a year and he was authorized to go to San Francisco to attend a national meeting of health officers.

Kelly Indicted for Murder. The grand jury today indicted for murder on two counts Harry D. Kelly, the Council Bluffs doctor, who killed Deputy Sheriff Woolman and Edward Sterzing, a saloon man, in March. The grand jury also found indictments against O'Callaghan, Rhoades, Hatch and Juhl in connection with the attempt to blow the safe of the treasurer's office at the court

V. V. Grant's birthday anniversary was celebrated tonight by the Grant club with a dinner and an address by Charles A. Alden, secretary of the Chicago Citizen-

V. V. Hubbell, principal owner of the Union depot, today announced his plan for enlargement of the depot, making it more than two blocks long, widening it and taking in a part of a street and arranging it so that all interurbans shall enter the station instead of following the street cars. He expects to effect the enargement this year.

Spends Over Two Million Dollars. The clerks at the state house have been trying to figure out the past two weeks just how much was spent by the last legislature. As near as they can come to it the amount appropriated, over and above the ordinary running expenses of the state, was a little over \$2,000,000. There is some difficulty in figuring it because a great many of the sums appropriated are indefinite and some of the appropriations will not be entirely used. There was a little over a million and a half appropriated on two bills alone, those providing for the state institutions. It is probable that in the next two years the expenses of the state government, with the appropriations for special purposes will make a very much larger expenditure than ever before in the history of the state. Academy of Science to Meet.

A meeting of the Iowa Academy of Science is scheduled for tomorrow and Saturday at Cedar Rapids, when officers will be elected. This is important, because the president of the academy is a member of the board which will select a state geologist and the meeting of the geological board was put off until the meeting of the academy. Prof. J. L. Houser ,of Iowa City is now president of the Academy

Among the thousands present will delegates to the National Educational association, which closes its convention in San Francisco July 14.

### MONTANA FAIRS ARE BOOMING

Movement for Local Expositions o Land Products is Receiving Good Encouragement.

GREAT FALLS, Mont., April 28.-Interest in agricultural fairs has never been so keen, under the direction of the Franciscans and it is this year and purses and attractions in the west in favor of a more liberal which will surpass anything in the state's policy toward the homeseeker who is willhistory. The people are waking up to the ing to live upon his land five years it Throughout the celebration the carnival belief that the county fair is the best sort spirit will prevail and each day will be a of advertising possible for the country and sestion in the cities and somewhat dethey are seeing to it that everything pos- crease the high cost of living. sible is done to insure great fairs this year.

The Great Palls fair will nearly double of this govrnment to allow two or more the purses in the competitions of its persons to form an association for the former fairs. The racing, too, will be given OF THE KING ROAD DRAG an added attraction for horsemen by a cir method the man who has money and the cuit and better purses. The big effort will be made in the effort

> to bring out the best products of the farm, The Northern Montana association which conducts the fair will give \$5,500 in prem-\$1,500 from the county funds to stimulate interest in competition among the farmers. The Board of Commerce will give \$250 in in prizes for showings of Cascade county nishing the work to do the improvements The special interest will be centered in wheat and oats. The farmers have come and they are proving the fact by producing from 35 to 50 bushels an acre of the very best grade of wheat. The fairs are drawing wider attention each year and this season the outlook is for an unprecedented attendance and lots of exhibits.

### URGES GRUBSTAKE ON FARMS | their land all in one great tract.

Governmental Aid.

DEMANDS MORE LIBERAL LAWS

Says Attention to Interests of Home seeker Would Help to Relieve Congestion in Cities and Boost Development.

BY D. CLEM DEAVER. During the last year I have attended sev meetings. During the last few years I have come in contact with many thouing people in the cities of the central west farm, but who cannot give up their post-

means to establish themselves upon farm homes. We need more liberal land laws in the west. We have free lands, free water and free money to build irrigation systems. I use the term "free money" advisedly, for the reason that the reclamation law provides that 95 per cent of the money received from the sale of public lands shall be turned into the reclamation fund, and our government has been selling from \$7,000,000 to \$9,000,000 worth of public lands yearly during the last several years, and will no doubt continue to sell this much during the next several years, and if a before in this section of the country as healthy public sentiment could be created would have the effect of relieving the con

cess because of a lack of the necessary

For many years it has been the policy exploitation of mineral lands. By this man who has energy can combine their money and energy and by complying with the requirements of the law acquire title to the land under the mineral land laws There is no good reason why this princiums and the county of Cascade will add ple should not apply to homestead lands, whereby two persons might jointly take a homestead, one furnishing the money for necessary improvements and the other furand raise the crops, and when title passes each one get title to half of the home

party, including Ole Lundby, Leonard Rude and Jacob Behrens. Practically all these are young men and have come here to become growers of wheat. Indian Lands for

Whites in Colorado Great Tract of 145,000 Acres Will Soon Be Opened for Set-

tlement.

WASHINGTON, April 28.-About one year from next fall it is expected the survevs of the Colorado Indian reservation will have been made and the Indians will have been awarded their allotments, which will permit the remainder of the irrigable lands to be opened to the general settle-

This reservation contains 250,000 acres of

and of which 150,000 acres are irrigable.

It has been determined that each of the 480 Indians shall receive an aliotment of ten acres. After this 4,800 acres has been alloted the remainder of the irrigable area, approximately 145,600 acres, will be available for general settlement under such regulations as the government may make. While the survey of the land has been ordered the Indian office is as yet not able to tell when the work will be done. supervision of the work. It is declared, however, that it will be at least eighteen months before the land can be opened.

The general land office will have direct With regard to the non-irrigable land in the reservation, special action must be taken by congress for its disposal. The people interested in the Parker townsite have been urging expedition in opening these lands, but the Indian office contends that while it desires to see the lands opened it is concerned first to serve the pest interests of the Indians.
