# **Starts Tomorrow!**

We had set our mark at FIFTY Player Pianos during April; we SOLD 59; that compelled the immediate formation of "CLUB" No. 6, which grows into being tomorrow.

"CLUB" No. 6 affords the SAME privileges; the SAME exceptionally LOW prices; the SAME admittedly easy payment plan as "Club" 5.

We've awakened a REMARKABLE demand for PLAYER PIANOS. Those who possess "hand-played" instruments, but no ABILITY to PLAY them, are rapidly making "trade deals" with us, and in this manner enjoy the WORLD'S BEST MUSIC without any actual knowledge of notes or tedious "hand playing."

All this accounts for the most remarkable distribution of Player pianos ever recorded in Omaha during a period of one month.

We still have remaining, and are receiving daily, choice "hand-played" pianos, which are being "traded in" for Players, and these are offered at figures low enough to be deemed "SENSATIONABLY PRICED." Many of these instruments are in a condition bordering on NEW; most of them came from PARTICULAR people, and that means EXCELLENT pianos If interested see what we have-now-while the array is great.
